## **BOE Budget Update February 3, 2020**

### **20% Withholding Scheduled for Release and State Education Budget for 2020-2021**

- The State Office of Budget is releasing the 20% withholdings from 2019-2020 aid. Naples will receive about \$29,500 in previously withheld aid.
- There has been no significant additional news regarding budget deliberations at the state level. NYSSBA and NYSCOSS continue to advocate for schools. They are pressing the governor and legislature to restore the expense-based aid categories to the budget, and to ensure that transportation costs for personnel during Covid layoffs are aided as previously indicated.

### **Capital Debt Refinancing**

- We are inching closer to the date of our refinancing our debt from our 2008 project. We expect to save a minimum of \$270,000 in interest costs. We expect to close on the refinancing on February 25. The annual savings starts small for the first few years and then accelerates between 2025 and 2029. This savings fits well with the onset of the next capital project.

### **NCS Budget Process – Working with the Governor’s Numbers**

- We are working with department chairs, administrators, and Chris Brautigam to initiate the annual requisition process. Department chairs are being briefed currently and other faculty and staff will be retrained on Ed Data during the week that we return from February Break. We anticipate that the process will be completed by Monday, April 5 to be ready to review requests with the budget committee.
- We are also working with each building to review budget recommendations for 2021-2022. We are starting off with the basis that we will look more like 2019 than 2020 when we return in the fall, and we will adjust to economic and pandemic influences as required.

### **Stimulus Package Update**

- The federal government is working toward a third stimulus package with the goal of finishing it by the third week of March. What is in the package is bound to change over this time is unlikely to have a significant impact on planning for 2021-2022. One option that is being considered is to pass a “skinny bill” soon for unemployment and direct checks and address the heavier lifts in a second bill. The Executive branch is said to be backing one unified package.
- NYS Senator Gillibrand is working to include a rider to any Covid relief package to target additional assistance for heating and ventilation upgrades in school districts. We have a significant amount of this type of work planned soon so additional aid would be welcomed.

# ELECTION SERVICES AGREEMENT

**THIS ELECTION SERVICES AGREEMENT** (this “Agreement”) is made the 18th day of May 2021 by and between between **THE COUNTY OF ONTARIO**, for and on behalf of its Board of Elections, with offices at 74 Ontario Street, Canandaigua, NY 14424 (hereinafter referred to as the “Board of Elections”) and the **NAPLES CENTRAL SCHOOL**, with offices at 136 MAIN STREET NAPLES, NY 14512 (hereinafter referred to as the “School Board”).

However, the Board of Election’s obligation to provide such Voting Machines shall be subject to their availability. Only Election Inspectors approved by the Board of Elections shall be used by the School District in the Election. After such approval is given, no subsequent changes or substitutions may be made to the list of Election Inspectors without prior approval by the Board of Elections.
3. The School District shall provide the Board of Elections, to the contact designated in Exhibit A to this Agreement, with the proposed ballot template as prepared by Phoenix Graphics in Rochester, NY no later than forty (40) calendar days prior to the Election. The School District shall be responsible for all printing and formatting costs as invoiced by Phoenix Graphics to the School District. All notifications under this paragraph, except for invoicing and payment, shall be made by both email and facsimile to the contacts designated in Exhibit A.

4. The Board of Elections shall utilize the ballot layout approved by the School District, created and defined by Phoenix Graphics and create the live ballot for programming the machines and test ballots to test and tabulate the results cast upon the ballot.
5. The Board of Elections shall provide the services of Board of Elections staff to conduct pre-election testing of the Voting Machines, deliver the Voting Machines and, any other associated equipment, supplies, and provide technical assistance as needed before and on Election Day. On Election Day, Board of Elections staff shall respond with reasonable promptness to any School District polling location should a situation arise where technical assistance is needed, or the School District's election inspectors are unable to address the situation. The Board of Elections will not conduct a post-election audit unless authorized or directed to do so in accordance with the provisions of the Education Law.
6. Board of Elections staff shall be reasonably available to respond to the School Board's polling site(s) should a Voting Machine problem arise on Election Day. Only Board of Elections staff may move, adjust, service, or repair Voting Machines.
7. The School District shall pay for all costs incurred by the Board of Elections for the services provided under this Agreement. This fee shall cover all costs associated with the equipment and services provided by the Board of Elections under this Agreement, including, but not limited to, costs associated with programming, testing, delivery, installation, servicing, repair, maintenance, retrieval, transportation and impoundment of the election machines; on-call technical staff available to immediately respond to polling locations in the event technical assistance is needed; and post-Election re-testing and auditing of Voting Machines, as well as billing for services provided under this Agreement. Such fee shall further include, but not be limited to, wages and benefits of Board of Elections staff or contractors providing the services, mileage, equipment, transportation costs, etc. contemplated under this Agreement. The fee for Voting Machine Technicians is \$20.00 per hour, per technician. The School District shall pay the actual amount invoiced by the Board of Elections to the County of Ontario within thirty (30) days of receipt of an invoice. 8. The School District shall be responsible and liable for the Voting Machines provided to it hereunder, including associated equipment and supplies, while the School District is in possession thereof. The School District shall take all steps reasonably necessary to ensure the security of Voting Machines, equipment and supplies. The School District further agrees that any and all Voting Machine mechanical problems/issues on Election Day will be resolved only by

individuals designated by the Board of Elections for such purpose, and not by Election Inspectors appointed by the School District. The School District further agrees to pay for the reasonable repair or replacement costs incurred as a result of damage to any Voting Machine(s), or associated equipment and/or supplies as a result of the negligence of the School District or its agents or employees.

9. The defense and indemnification obligations provided herein shall survive the expiration or termination of this Agreement, whether occasioned by this Agreement's expiration or earlier termination.
10. Prior to execution of this Agreement, the School District shall provide proof that it is carrying general liability insurance with coverage of at least \$1,000,000 per occurrence, \$50,000 Fire Damage, \$1,000,000 general aggregate, and shall name the Ontario County Board of Elections and Ontario County as additional insureds on said policies, and provide proof thereof. Such insurance shall remain in place through at least ninety (90) days after the Election.
12. This Agreement shall be subject to the approval of the School District as well as the Ontario County Board of Supervisors.
13. This Agreement constitutes the entire Agreement between the parties with respect to the subject matter hereof and shall supersede all previous negotiations, commitments and writings. It shall not be released, discharged, changed or modified except by an instrument in writing signed by a duly authorized representative of each of the parties.

## **Workers' Compensation Requirements under Workers' Compensation Law §57**

To comply with coverage provisions of the Workers' Compensation Law (WCL), businesses must:

- a) be legally exempt from obtaining workers' compensation insurance coverage; or
- b) obtain such coverage from insurance carriers; or
- c) be a Board-approved self-insured employer; or
- d) participate in an authorized group self-insurance plan.

To assist State and municipal entities in enforcing WCL Section 57, businesses requesting permits or seeking to enter into contracts **MUST provide ONE** of the following forms to the government entity issuing the permit or entering into a contract:

A) Form [CE-200](#), *Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage*;

Form CE-200 can be filled out electronically on the Board's website, [www.wcb.state.ny.us](http://www.wcb.state.ny.us). Click on the last button in the lower right hand corner {WC/DB Exemptions Form CE-200 (In bright yellow letters)} Applicants filing electronically are able to print a finished Form CE-200 immediately upon completion of the electronic application. Applicants without access to a computer may obtain a paper application for the CE-200 by writing or visiting the Customer Service Center at any district office of the Workers' Compensation Board. Applicants using the manual process may wait up to four weeks before receiving a CE-200. Once the applicant receives the CE-200, the applicant can then submit that CE-200 to the government agency from which he/she is getting the permit, license or contract; or

B) Form [C-105.2](#), *Certificate of Workers' Compensation Insurance* (the business's insurance carrier will send this form to the government entity upon request). **Please Note:** The State Insurance Fund provides its own version of this form, the U-26.3; or

C) Form [SI-12](#), *Certificate of Workers' Compensation Self-Insurance* (the business calls the Board's Self-Insurance Office at 518-402-0247), or GSI-105.2, *Certificate of Participation in Worker's Compensation Group Self-Insurance* (the business's Group Self-Insurance Administrator will send this form to the government entity upon request).

## **Disability Benefits Requirements under Workers' Compensation Law §220(8)**

To comply with coverage provisions of the WCL regarding disability benefits, businesses may:

- a) be legally exempt from obtaining disability benefits insurance coverage; or
- b) obtain such coverage from insurance carriers; or
- c) be a Board-approved self-insured employer.

Accordingly, to assist State and municipal entities in enforcing WCL Section 220(8), businesses requesting permits or seeking to enter into contracts **must** provide one of the following forms to the entity issuing the permit or entering into a contract:

A) [CE-200](#), *Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage* (see above);

B) [DB-120.1](#), *Certificate of Disability Benefits Insurance* (the business's insurance carrier will send this form to the government entity upon request); **or**

C) [DB-155](#), *Certificate of Disability Benefits Self-Insurance* (the business calls the Board's Self-Insurance Office at 518-402-0247).

**NYS Agencies Acceptable Proof:** Letter from the NYS Department of Civil Service indicating the applicant is a New York State government agency covered for workers' compensation under Section 88-c of the Workers' Compensation Law and exempt from NYS disability benefits.

**SUBJECT: SPORTS AND THE ATHLETIC PROGRAM****General Principles and Eligibility**

Athletics are an integral part of a well-balanced educational program. The District's interscholastic athletic program will conform with the Commissioner's regulations, as well as the established rules of the New York State Public High School Athletic Association (NYSPHSAA) and the State Education Department.

Athletic eligibility requires that the student:

- a) Provide written parental or guardian consent. The consent form must contain information regarding mild traumatic brain injuries (concussions) as specified in the Commissioner's regulations.
- b) Obtain medical clearance from the school physician or nurse practitioner or the student's personal physician. The school physician/nurse practitioner retains final approval on any physicals performed by a student's personal physician.
- c) Meet the requirements for interscholastic competition as set forth by the Commissioner's regulations and the NYSPHSAA.
- d) Comply with all District rules, codes, and standards applicable to athletic participation.

**Title IX Compliance**

The Board supports equal athletic opportunities for members of both sexes through interscholastic and intramural activities. To ensure equal athletic opportunities for its students, the District will consider:

- a) Its accommodation of athletic interests and abilities (the nature and extent of sports offered, including levels of competition, team competition, and team performance);
- b) Equipment and supplies;
- c) Scheduling of games and practice time;
- d) Travel costs and opportunities for travel;
- e) Assignment and compensation of coaches;
- f) Locker rooms, practice, and competitive facilities;
- g) Available medical and training facilities and services; and

(Continued)

**SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)**

- h) The nature and extent of support, publicity, and promotion.

The District may consider other pertinent factors as well. Each of the factors will be assessed by comparing availability, quality, type of benefits, kind of opportunities, and form of treatment. Identical benefits, opportunities, or treatment are not required.

The District's Title IX Coordinator(s) will coordinate the District's efforts to comply with its responsibilities under Title IX. This person will be appropriately trained and possess comprehensive knowledge about applicable federal and state laws, regulations, and policies. To the extent possible, the District will not designate an employee whose other job duties may create a conflict of interest, such as the athletic director.

**Booster Clubs**

The District has a responsibility under Title IX to ensure that boys' and girls' programs are provided with equivalent benefits, treatment, services and opportunities regardless of their source. When determining equivalency, therefore, benefits, services, and opportunities attained through private funds - including donations, fundraising, and booster clubs - must be considered in combination with all benefits, services and opportunities.

**Athletic Placement Process for Interscholastic Athletic Programs (APP)\***

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for students in grades no lower than seventh grade to compete on interscholastic athletic teams organized for senior high school students and for senior high school students to compete on interscholastic athletic teams organized for students in the seventh and eighth grades. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

**Student Athletic Injuries**

No injured student will be allowed to practice or play in an athletic contest. An appropriate medical professional should diagnosis and treat an athlete's injuries. The coach should ensure that any player injured while under his or her care receives prompt and appropriate medical attention, and that all of the medical professional's treatment instructions are followed. The injured student has an obligation to promptly inform his or her coach of all injuries. No student will be allowed to practice or compete if there is a question whether he/she is in adequate physical condition. A physician's certification may be required before an athlete is permitted to return to practice or competition.
