

**BOARD MEETING:** Regular Meeting  
**DATE:** Wednesday, October 6, 2021  
**TIME:** 6:00 p.m.  
**PLACE:** Naples High School Cafeteria

I. Meeting Called to Order

II. Roll Call

III. Adopt the Agenda of the Regular Meeting of October 6, 2021 (Board Action)

IV. Executive Session (Board Action)

V. Pledge of Allegiance

VI. Public Comments: The Board of Education invites you, the residents of our school community, to feel comfortable in sharing matters of interest or concern that you might have with us. The Board President will be happy to recognize those of you who wish to speak. We would ask that you come forward and please identify yourself before presenting your thoughts.

Those items brought to the attention of the Board during this time may be taken under consideration for future response or action. (*Individual comments will be limited to three minutes.*)

As a matter of courtesy, we ask that issues related to specific School District personnel or students be brought to the attention of the Superintendent of Schools privately. Thank you for this consideration.

Board Reponse: The Board of Education is committed to keeping communication open and transparent. The Board of Education President will be working with the Board and the Superintendent to make every effort to respond to public comments directed to the Board of Education at previous meetings, during the next scheduled meeting.

VII. Points of Interest

**Motion:**

**2nd:**

**WHEREAS**, the Board of Education of the Naples Central School District (the "Board") has considered the effect upon the environment of proposed work in connection with its Capital Improvement Project, including, but not limited to the following:

Interior and exterior renovations, improvements and upgrades at the District's Elementary School building and Junior / Senior High School building, as well as site improvements, upgrades and renovations to the existing athletic fields and playgrounds at both locations.

**WHEREAS**, the Board has reviewed the scope of the project and has further received and considered the advice of its architects with respect to the potential for environmental impacts resulting from the proposed action; and

**WHEREAS**, the Board has reviewed the Proposed Action with respect to the Type II criteria set forth in 6 NYCRR Part 617.5(c), now therefore;

**BE IT RESOLVED**, by the Board of Education as follows:

1. The Proposed Action does not exceed thresholds established under 6 NYCRR Part 617 of the State Environmental Quality Review Act, (SEQRA).
2. The Board hereby determines the Proposed Action as a Type II action in accordance with the SEQRA regulations.
3. No further review of the Proposed Action is required under SEQRA.
4. This resolution shall be effective immediately.

**Voting Yes:**

**Motion Carried**

**Voting No:**

**Motion Denied**

**Motion:**

**2<sup>nd</sup>:**

**Be it resolved by the board of education as follows:**

1. A special meeting of the qualified voters of the Naples Central School District shall be held at the Naples High School Library in said District, on Tuesday, December 7, 2021, between the hours of 7:00 AM and 8:00 PM, for the purpose of voting on the proposition described in the notice of special meeting hereinafter set forth.
2. Said special meeting shall be called by giving the following notice thereof:

**NOTICE OF SPECIAL MEETING OF THE QUALIFIED VOTERS OF  
NAPLES CENTRAL SCHOOL DISTRICT**

NOTICE IS HEREBY GIVEN that a special meeting of the qualified voters of the Naples Central School District shall be held at the Naples High School Library in said District, on Tuesday, December 7, 2021, between the hours of 7:00 AM and 8:00 P.M. The following propositions will be submitted for voter approval at said meeting:

**PROPOSITION**

Shall the following resolution be adopted to wit:

Resolved that the Board of Education of the Naples Central School District is hereby authorized to undertake certain capital improvements consisting of construction and reconstruction of existing school buildings and facilities, site, athletic field and playground improvements and the acquisition of certain original furnishings, equipment, and apparatus and other incidental improvements required in connection therewith for such construction and school use, all at an estimated maximum aggregate cost of \$16,320,000; and to appropriate and expend from the existing capital reserve fund \$4,092,135 for such costs, and to expend up to \$370,000 of available current funds for such project costs, and that the balance of such cost, or so much thereof as may be necessary, shall be raised by the levy of a tax to be collected in annual installments, with such tax to be offset by state aid available therefor; and, in anticipation of such tax, debt obligations of the school district as may be necessary not to exceed \$11,857,865 shall be issued.

NOTICE IS HEREBY FURTHER GIVEN that the text of the aforesaid proposition may appear on the ballot labels in the following abbreviated form:

**PROPOSITION**

Shall the proposition set forth in the legal notice of this special voter meeting, authorizing construction, reconstruction and equipping of existing school buildings and facilities, site, athletic field, playground and other incidental improvements, all at an estimated maximum aggregate cost of \$16,320,000; with the expenditure of \$4,092,135 from the existing capital reserve fund and the expenditure of \$370,000 of available current funds for such costs, and the issuance of not to exceed \$11,857,865 of debt obligations of the School District therefor, and the levy of a tax in annual installments therefor, with such tax to be offset by state aid available therefor, all as more fully described in said notice, be approved?

The School District, acting as lead agency to the extent necessary, if any, for this purpose under the State Environmental Quality Review Act and the applicable regulations promulgated thereunder ("SEQRA"), has completed its environmental review and, on October 6, 2021, has duly determined and found the purpose to be a type II action under SEQRA which will not have a significant impact on the environment and is not subject to any further environmental review under SEQRA.

AND NOTICE IS ALSO GIVEN that applications for absentee ballots to vote on the proposition may be applied for at the office of the School District Clerk. Any such application must be received by the District Clerk at least seven days before the date of the aforesaid special district meeting if the ballot is to be mailed to the voter, or the day before such special district meeting if the ballot is to be delivered personally to the voter. A list of all persons to whom absentee ballots shall have been issued shall be available for public inspection in the office of the District Clerk during regular office hours on each of the five days prior to the day of the vote (excluding Saturday and Sunday). An absentee ballot must reach the office of the District Clerk not later than 5:00 p.m. on the day of such special district meeting.

3. At such meeting taxes to be levied by installments will be proposed providing for payment of such capital costs and providing for the financing costs therefor. Such taxes shall be levied upon all the taxable property of the District, shall be levied in annual installments and shall be of such amounts and levied in such years as may be determined by the Board of Education.
4. The District Clerk or the Clerk's designee is hereby directed to publish a copy of said notice of special meeting in two newspapers having general circulation within the School District, or one newspaper of general circulation, if there is only one, in the manner prescribed by law for publication of notice of a special meeting of the School District.
5. This resolution shall take effect immediately upon its adoption.

**Duly put to a vote as follows:****Ayes:****Motion Carried****Nays:****Motion Denied****Abstentions:****Motion:****2<sup>nd</sup>:**

Resolved, that upon the recommendation of the Superintendent, the Board of Education approves 2022-2023 Naples Central School District Budget Timeline as presented.

## Naples Central School District

Financial Statement Audit Presentation | For the year ended June 30, 2021

Presented by:  
Kristie Beach, CPA, Director

# Financial Results

- We issued an unmodified “clean” opinion on the financial statements.
- Difference between Fund Financial Statements and District-Wide Financial Statements
  - The first part of the financial statements is the district-wide financial statements that provide both short-term and long-term information about the District’s overall financial status, which include property, plant and equipment and long-term debt. The second part of the statements is the fund financial statements that focus on individual parts of the District, reporting the District’s operations in more traditional fund detail than the district-wide statements.

# Financial Results

- Highlights – District-wide statements

- District-wide Statement of Net Position

- Overall there was an increase in assets and deferred outflows of resources of approximately \$622,000. Significant changes included an overall increase in cash of \$1.6M due to an increase in the state and federal funds as a result of the CARES act funding, offset by a decrease of \$714,000 in capital assets related to additions of \$692,000 and offset by current year depreciation expense of \$1.4M. Other changes for this year include fluctuations in actuary assumptions related to GASB 68 (pensions) and GASB 75 (OPEB), in addition to the TRS net pension asset was changed to a net pension liability.
    - Overall increase in liabilities and deferred inflows of resources of approximately \$267,000. Of the total \$52.7M liability balance and \$8M deferred inflows of resources balance, \$50.7M is made up of long-term liabilities which major items include serial bonds of \$18.4M, other post-employment health benefits liability of \$28M, compensated absences of \$3.4M and the net pension liability for TRS of \$990,000 and for ERS of \$5,600.
    - Increase in the net position balance of \$355,000 to a deficit of \$4.3M at year end. The net position balance includes \$16.5M in net investment in capital assets, \$8.2M in restricted net position and a negative \$29M. The net position deficit balance continues to be caused by GASB 68 for pensions and GASB 75 for OPEB which require certain liabilities recorded on the district-wide financial statements.

# Financial Results

- Highlights – District-wide statements
  - District-wide Statement of Activities
    - Total revenues increased over the prior year approximately \$497,000. The increase is mainly a result of the increase in real property taxes, increases in basic formula aid as well as the CARES act funding received.
    - Total expenditures have decreased over the prior year approximately \$367,000. This is mostly related to the change in actuarial assumptions related to the OPEB and pension plans. In general, the largest expenses to the District continue to be general support, instructional & transportation.

# Financial Results

- Highlights – Fund Financial Statements
  - General Fund
    - Statement of revenues, expenditures and changes in fund balances
      - Total revenues = \$21M & Total expenditures = \$19.4M
      - Increase in fund balance of \$1.6M
    - Balance Sheet
      - Assets = \$12.6M & Liabilities = \$2.2M
      - Fund Balance = \$10.4M
        - Restricted = \$7.8M – general fund reserves
        - Assigned = \$371K (includes \$356K appropriated next year)
        - Unassigned = \$2.2M

# Financial Results

- Highlights – Fund Financial Statements
  - School Lunch Fund
    - Statement of revenues, expenditures and changes in fund balances
      - Total revenues = \$426,000 & Total expenditures = \$374,000
      - Increase in fund balance of \$52,000
    - Balance Sheet
      - Assets = \$217,000 & Liabilities = \$156,000
      - Fund Balance = \$61,000
  - Special Aid Fund
    - Flow thru of state and federal grant funds

# Financial Results

- Highlights – Fund Financial Statements
  - Capital Project Fund
    - Statement of revenues, expenditures and changes in fund balances
      - Total revenues = \$122,000 & Total expenditures = \$365,000
      - Decrease in fund balance of \$243,000
    - Balance Sheet
      - Assets = \$133 and no fund balance now that the project is completed.
  - Debt Service Fund
    - Statement of revenues, expenditures and changes in fund balances
      - Total revenues = \$4.2M & Total expenditures = \$4.3M
      - Decrease in fund balance of \$96,000
    - Balance Sheet
      - Assets and Fund Balance = \$398,000

# Financial Results

- Highlights – Fund Financial Statements
  - Miscellaneous Special Revenue Fund (New This Year)
    - Fund added as a result of GASB 84.
    - Holds funds for the scholarship and extraclassroom activities of the District.
    - Statement of revenues, expenditures and changes in fund balances
      - Total revenues = \$76,000 & Total expenditures = \$67,000
      - Increase in fund balance of \$9,000
    - Balance Sheet
      - Assets and Fund Balance = \$304,000

# Federal Single Audit

- The District required a Federal Single Audit this year. This is required when federal funds are in excess of \$750,000.
- Total federal funds in 2020 – 2021 of \$1,034,436.
- Major programs tested:
  - Education Stabilization Fund – CARES Act Funding
  - Child Nutrition Cluster
- The District does not qualify as a low risk auditee because single audits have not been performed in the past two years.

# SAS 115 Letter – Management Letter

- Compliance finding – The District exceeded the NYS required 4% fund balance regulation. Unrestricted general fund balance is 10.17%.
- Other comment – Accounting for Leases – GASB 87.

# Extraclassroom Financial Statements

- Unmodified opinion issued on the extraclassroom financial statements.
- Total extraclassroom funds of \$119,000.
- No findings to report.

# Conclusion

Questions?

New York State  
School Boards  
Association

# 2021 PROPOSED *Resolutions*

## **Please Note:**

The proposals contained within this booklet are not the official positions of the New York State School Boards Association (NYSSBA). Rather, these proposals represent items introduced by individual NYSSBA member boards or the NYSSBA Board of Directors for consideration at the 2021 Annual Business Meeting.

Moreover, proposals advanced by the NYSSBA Board of Directors are not the positions of the Board, nor should their advancement be considered endorsement by the NYSSBA Board. Proposals advanced by the Board of Directors are done so because the Board of Directors has identified an issue, by way of a resolutions survey sent to all members, on which they seek the membership's input.

**No individual board, including the NYSSBA Board of Directors, can adopt a formal position statement or change to the Association bylaws. Only a vote of the delegates at the Annual Business Meeting can adopt a formal position statement or change to the bylaws of the Association.**

To view NYSSBA's current bylaws and position statements, please see the links below.

[NYSSBA Bylaws](#)

[NYSSBA 2021 Position Statements](#)

TO: School Board Members and Chief School Administrators

FROM: Anne Savage, Resolutions Committee Chair

DATE: August 30, 2021

On Monday, August 9, the Resolutions Committee met to discuss the resolutions you will find in this book. The Resolutions Committee voted to recommend or not recommend the resolutions proposed by member school districts and the NYSSBA Board of Directors. On **Monday, October 18, 2021 at 4:00pm**, district delegates will meet for the New York State School Boards Association's virtual Annual Business Meeting, and consider these resolutions.

Within this booklet you will find the following information:

- NYSSBA Board of Directors
- Resolutions Committee Members
- Listing of Proposed Resolutions
- Proposed Resolutions Recommended for Adoption
- Proposed Resolutions Not Recommended for Adoption
- Information on Amendments, Rebuttals, Statements of Support and Late Resolutions
- Information for the Voting Delegates

All districts will have the opportunity to suggest amendments to the submitted resolutions and rebuttals to not recommended resolutions for inclusion in the Voting Delegates' Guide by **September 17, 2021**. Amendments cannot be submitted "from the floor", and need to be submitted by **Thursday, October 14, 2021 at 5pm** for inclusion in the Business Meeting.

# PROPOSED RESOLUTIONS

## RECOMMENDED BY THE RESOLUTIONS COMMITTEE FOR ADOPTION

### PROPOSED RESOLUTION 1 - SUNSETTING

Submitted by: The NYSSBA Board of Directors (6/7/21)

**RESOLVED**, that the New York State School Boards Association calls upon the state Legislature and the Governor to reform New York State education funding in accordance with the following tenets to ensure adequate resources to public schools in the State of New York by providing for:

- Adequacy that provides sufficient resources to assure the opportunity for a sound basic education for all students; and
- Equity to distribute a foundation level of state aid for every student that is based on the actual cost of providing a sound basic education that fairly compensates for differences in community costs, needs and resources while precluding municipalities from using state aid to replace local education resources; and
- Flexibility to increase the percentage of operating aid so that boards of education retain the discretion to determine what educational programs best address local needs while local communities should not be restrained from determining the level of funding they will expend to support educational programs; and
- Predictability based on timely passage of the state budget and stable funding distributed through a consistent, uniformly applied formula that would not require annual manipulation by the Legislature and that would facilitate long-term planning by school districts; and
- Clarity by establishing a funding formula that is easily explained and understood.

### RATIONALE

Education funding is one of the most critical components of a successful educational system. Because financial support for schools is a significant part of the state budget, such funding should be clearly thought out and rooted in sound policy.

The provision of a sound basic education understandably comes with many costs. Funding should be provided in a way that allows school districts to adequately and equitably educate their students and operate their schools.

Communities have different resources and students have different needs. Funding should be provided in a way that meets those needs, while allowing local school district leadership the flexibility to allocate those resources in the most appropriate way.

These funds must also be delivered with predictability, to allow school districts to develop their budgets and help prevent volatility that can then be transferred to taxpayers. Informed discussions are the best way to improve our education funding system, so clarity is necessary to permit all parties involved to play an effective role in that conversation.

These principles serve as a guide and framework for what and how NYSSBA should advocate for, and react to, proposals that affect state aid and school funding for years to come.

---

## **PROPOSED RESOLUTION 2 - SUNSETTING**

Submitted by: The NYSSBA Board of Directors (6/7/21)

**RESOLVED**, that the New York State School Boards Association supports state proposals affecting public education that:

- Provide access to programs that prepare students to be college-and-career-ready;
- Achieve equity and adequacy in funding;
- Promote efficiency and cost-effectiveness;
- Advance high expectations for all students;
- Embrace innovative approaches and assessments;
- Foster community engagement and regional cooperation.

### **RATIONALE**

Several of NYSSBA's positions have been adopted over the years to provide principles intended to guide NYSSBA's advocacy efforts. This proposed resolution, up for renewed adoption, would instill in NYSSBA's advocacy compass values for the Governmental Relations department to uphold as they weigh in on dozens, or even hundreds, of state and federal proposals each year.

NYSSBA has a number of positions regarding adequate funding for certain vulnerable populations, services and programs, and other areas of local control to determine the most appropriate and efficient way to educate and support students. NYSSBA has a long track record of effectively advocating for and educating legislators on equitable and adequate funding.

Finally, NYSSBA is further guided by proposals to foster community engagement to address disproportionality and encourage respect for differences. NYSSBA recognizes that communication and outreach are key components to help bridge the equity divide and provide opportunities for all students to succeed.

---

## **PROPOSED RESOLUTION 3 - SUNSETTING**

Submitted by: The NYSSBA Board of Directors (6/7/21)

**RESOLVED**, that the New York State School Boards Association support proposals that would allow students with disabilities to be tested at their developmental age.

### **RATIONALE**

Differently-abled students should be allowed to take exams at their "developmental age" rather than their "chronological age." Schools should test children at their developmental age, which bases their capacity on their emotional, physical, cognitive, and social functions.

Under current law, students are required to be assessed for accountability purposes at grade level, closely tracking their chronological age. The New State York Alternate Assessment was developed to measure student achievement toward meeting the alternate performance indicators for each standard. This option is available for students with severe cognitive disabilities.

The Every Student Succeeds Act (reauthorization of the Elementary and Secondary Education Act) continues to allow 1% of the most severely disabled students to take alternative state assessments, as was the case under No Child Left Behind. However, the 1% safe harbor provision does not go far enough.

New York State Education Law § 305(48) directs the State Education Department (NYSED), as allowed by any federal waiver issued by U.S. Department of Education (USDE), to allow “students with disabilities who are not eligible for the New York state alternate assessment and whose cognitive and intellectual disabilities preclude their meaningful participation in chronological grade level instruction to be assessed based on instructional level rather than chronological age.”

NYSED applied for the federal waiver to assess children with disabilities who are enrolled in grades 4-8 using reading/language arts and mathematics assessments not more than two grade-levels below chronological grade level. However, in January 2018, USDE denied the waiver request.

Currently, students with significant cognitive disabilities who do not qualify for the NYS Alternate Assessment must take a grade level exam, even if those students are unable to correctly answer any of the questions on the exam. The use of below-grade-level assessments would better inform teachers about a student's level of understanding and performance. In order to help accomplish this goal, increased flexibility is needed. The federal government should authorize states to test students with disabilities at their developmental age rather than their chronological age.

---

#### **PROPOSED RESOLUTION 4 - SUNSETTING**

Submitted by: The NYSSBA Board of Directors (6/7/21)

***RESOLVED***, that the New York State School Boards Association support proposals that would increase state and federal reimbursements for school meals.

#### **RATIONALE**

During the COVID-19 pandemic, school districts continued to ensure students across the state had access to nutritious breakfasts, lunches, and sometimes even dinners during a time of transition from cafeteria service to grab-and-go meal pick-up and delivery models.

School food authorities experienced budget shortfalls for a number of reasons, including transportation costs of delivery services, increased costs due to packaging, provision of hazard pay for food service employees and loss of anticipated revenue from a la carte food items. NYSSBA should support increased investments in school nutrition programs at both the state and federal levels.

In 2018, the enacted state budget included a number of school meal related provisions; one such provision provided an increased state reimbursement per lunch for K-12 schools that spent at least 30% of their lunch budget on New York grown food. Since it began, the program grew from 7 to 57 schools, and with continued commitment it can contribute to the state's economic recovery while improving public health. Amendments to the program could open the door to more districts seeking higher state lunch reimbursements.

In order to continue to be able to deliver healthy meals in the most flexible manner and ensure students are well-fed and ready to learn, school meal reimbursements must increase to account for higher costs of delivery, packaging, and even the ability to source more food products locally.

---

## **PROPOSED RESOLUTION 5**

Submitted by: The NYSSBA Board of Directors (6/7/21)

***RESOLVED***, that the New York State School Boards Association support proposals that would generate new state revenues with the dedicated purpose of funding education.

### **RATIONALE**

State funding is one of the key backbones of delivering a quality education to students. State funding must not only be sufficient, it must be reliable. As the cost of education increases, school districts must have the ability to rely on a steady and sustainable flow of state funding to meet the needs of students. Revenue that is prescribed for use as dedicated education funding streams currently exist at the state level. Among these are the New York State Lottery and Video Lottery Terminal gaming education funds, which combined will direct more than \$3 billion in support of education under the 2021-22 enacted budget.

---

## **PROPOSED RESOLUTION 6**

Submitted by: The Nassau BOCES Board (6/25/21)

***RESOLVED***, that the New York State School Boards Association support legislation to amend the education law to permit voters to obtain absentee ballots for school district elections and budget votes when such elections and budget votes are scheduled on a day which coincides with a religious holiday for such voters and to continue to permit districts to utilize the already existing option to alter the date of the election and budget vote if the uniform budget date falls on a religious holiday.

### **RATIONALE**

NYS enacted legislation over 20 years ago requiring that the state-wide day for conducting school district budget votes and annual school board elections shall be the 3rd Tuesday in May. In 2020 the law was updated to add a provision allowing a local school board by resolution, accompanied by supporting documentation, to request that the NYS Commissioner of Education change the date for: their annual meeting and election to the 2nd Tuesday in May due to religious observances. Districts that have availed themselves of this-option have done so because they recognized that this conflict had the potential to disenfranchise a significant segment of their registered voters.

However, as demographics shift across-the-state, there are any number of districts where voters affected by this conflict may now represent a growing minority of the population. For those districts, while there is insufficient need to request a change of date from the commissioner, the impact on the affected residents can result in a choice between their ability to freely practice their religion and their ability to freely exercise their voting rights. Therefore, NYSSBA should support equal access to school district elections and budget votes by advocating for the use of absentee voting when the mandated date of such elections conflicts with a day of religious observance.

---

## **PROPOSED RESOLUTION 7**

Submitted by: The Newark School Board (7/1/21)

***RESOLVED***, that the New York State School Boards Association work with the Office of the State Comptroller and other necessary policymakers to ensure that Comptroller audits are based on statutory guidelines or provisions of state law, rather than subjective standards and preferences.

## RATIONALE

There are many times when findings of the Comptroller's Office are not supported by industry best practices or recommendations of Districts' auditors. The Comptroller's Office has been known to audit practices not outlined in any document or training available to districts. Districts employ attorneys, auditors and financial advisors who guide the district in best practices. Many audits by the Comptroller's Office are lengthy and costly to the district, in the time spent by the district staff with the auditors, without the benefit of their expertise. The Comptroller's auditors should assist districts with creating the corrective plan after the completion of the audit as well as inform district officials and boards of what will be audited before any district is audited.

---

### PROPOSED RESOLUTION 8

Submitted by: The Hendrick Hudson School Board (7/8/21)

**RESOLVED**, that the New York State School Boards Association supports updates to the Open Meetings Law to allow for School Board Trustees to attend meetings remotely via video conferencing without disclosing their location and without permitting public in-person access to an individual trustee's remote location.

## RATIONALE

Current Open Meetings Law requires a trustee to disclose and open their remote location to the public to observe a trustee participating in a public meeting. This seems completely unintuitive and archaic given current technology capabilities. Trustees should be able to participate remotely when issues preclude their attendance at an in-person meeting. Through the suspension of certain provisions of the Open Meetings Law during the pandemic, Trustees and the public have been able to attend Board meetings via remote audio and video attendance, resulting in much greater participation in our meetings. These revisions to the Open Meetings Law would provide flexibility for trustees to attend meetings when they cannot be at a meeting in person and would not compromise the public's ability to observe the meeting. The public would have the ability to listen to and view both remote and in-person participants via: the live stream, the main public meeting location, or the recording of the meeting.

---

### PROPOSED RESOLUTION 9

Submitted by: The Croton-Harmon School Board and Albany City School Board (7/13/21)

**RESOLVED**, that the New York State School Boards Association supports legislation to amend the Open Meetings Law (the "OML") to (a) provide enhanced opportunities for the conducting of business at a meeting of a public body through the use of remote meeting technology; (b) authorize committees of a public body to meet through the use of videoconferencing without a fixed location for the meeting, and (c) eliminate the requirement that a public body subject to the OML identify the location(s) from which a member of the public body will be attending the meeting remotely and eliminate the requirement that members of the public be accorded the right to attend such meetings at those remote locations.

## RATIONALE

School boards strongly support the purpose and intent of the OML (Article 7 of the Public Officers Law) because it is essential that the public have an opportunity to observe discussions and deliberations of school boards and other public bodies. Further, school boards desire to conduct their business meetings in person. However, as recognized by the OML, circumstances may arise in which a member of a public body is unable to attend a meeting in person. Current law states: "A public body that uses videoconferencing to conduct its

meetings shall provide an opportunity for the public to attend, listen and observe at any site at which a member participates." Public Officers Law, §103(c)] Current law also states: "If videoconferencing is used to conduct a meeting, the public notice for the meeting shall inform the public that videoconferencing will be used, identify the locations for the meeting, and state that the public has the right to attend the meeting at any of the locations." [Public Officers Law, §104(4)]

On March 7, 2020 because of the coronavirus pandemic, Governor Andrew Cuomo issued Executive Order 212, which among other emergency measures suspended the OML requirements that public bodies conduct in-person meetings and that they provide notice of the locations from which members of the public body were attending such meetings. For more than one year after the issuance of the Executive Order and its extension by successive orders of the Governor, until the Governor's order of June 25, 2021, cancelling the suspension of the OML requirements of in person meetings, public bodies conducted business remotely, with full opportunity for the public to attend, listen and observe, using videoconferencing technology such as Zoom, Google Meets, and Microsoft Teams. Public bodies, including school boards, have gained valuable knowledge and experience in utilizing videoconferencing technology to make meetings more accessible to the public and more efficient for members of those public bodies.

Upon the expiration of the suspension of these OML provisions, public bodies (including school boards) are no longer able to utilize videoconferencing technology as they did during the period of the pandemic emergency. The OML should be amended to enable public bodies to utilize this technology in the conduct of meetings in a manner that ensures that the public has appropriate opportunity to observe, attend, and participate. The use of videoconferencing technology was particularly useful to enable school boards committees and subcommittees to engage in their work. The OML defines "public body" to include a committee or subcommittee or other similar body of such public body." [Public Officers Law, §102(2)] Thus, board committees and subcommittees (other than advisory committees and task forces that include non-members) are subject to the OML's location and notice provisions. [See OML-AO-5331 (Committee on Open Government, Dec. 11, 2012) ("the legislative history of [the OML] clearly indicates that committee or subcommittee consisting solely of members of a governing body is itself a public body.")] During the suspension of the OML, school board committees functioned effectively through the use of videoconferencing technology, since board members were able to participate remotely without needing to travel to a designated meeting location and without disruption to work or family obligations. Similarly, school administrators were able to participate in committee discussions from their respective offices or other locations (including from home if the administrator was working remotely). Members of the public were accorded full opportunity to attend, listen to and observe committee meetings remotely through the use of videoconferencing technology. The OML should be amended to enable public bodies to conduct committee meetings entirely by videoconferencing, with appropriate opportunity for members of the public to attend the remote meetings in the manner that worked so effectively for school board committees and those of other municipalities for well over a year.

Additionally, during the suspension of the OML, members of public bodies participated in meetings from remote locations without identifying their location. Members of the public have attended numerous meetings remotely in the more than one year that the OML notice and location provisions were suspended-and with only a very few exceptions such meetings have been conducted efficiently and with full opportunity for the public to observe the conduct of public business. Almost all school districts and other public bodies have long provided live stream access to their meetings through videoconferencing and/or social media platforms, even as members of the public attend meetings in person at their noticed location. The past year and a half has demonstrated how remote participation in meetings of public bodies has enhanced the conducting of public business without limiting the access of members of the public to such meetings.

Revealing the location of members participating remotely is not necessary to ensure that the public can attend and observe a meeting. Since meetings of a public body are noticed and conducted at a designated location,

members of the public can attend the meeting at the designated location, in the same manner as they would if every member of the public body is present-and the member or members participating remotely will be seen by everyone attending at the meeting location (as well as those who are watching the proceedings through live streaming). Thus, requiring members of public bodies to open their homes, offices, or other remote location is unnecessary to ensure the public has full opportunity to attend. Further, and of major concern, revealing remote locations of participating members of a school board or other public body creates a safety or security risk to those members who are participating from their residences or other unprotected locations, and public notice of a member's participation from a location outside the community signals that their residence is likely unoccupied, thereby inviting unlawful entry of their homes. Members of public bodies should not be forced to place their (and their families') personal safety or property in jeopardy when they engage in their civic duty through videoconferencing. For this additional reason, the OML should be amended to remove the requirement that a participating member's remote location be publicized and that the public be permitted to attend the meeting at this remote location

---

## **PROPOSED RESOLUTION 10**

Submitted by: The Croton Harmon School Board (7/13/21)

***RESOLVED***, that the New York State School Boards Association supports revision of the Child Safety Zone statute [Education Law §3635-b] and implementing regulations of the State Education Department to establish a more flexible and meaningful set of criteria for the determination of a Child Safety Zone for which a school district may provide student transportation as an ordinary contingent expense.

## **RATIONALE**

The Education Law establishes statutory mileage limits for transportation of students (a distance of 2 miles from school for elementary school students, and 3 miles from school for middle and high school students), and authorizes school districts, upon voter approval in a referendum, to establish mileage limits that are lower than the statutory limits. These mileage limits are administered and interpreted solely by measuring the distance from the student's home to a designated place on the grounds of the school by the most direct vehicle route, without regard to the route a child would need to traverse as a pedestrian or bicyclist to travel to and from school. School district provided transportation that does not fall within the mileage limits is not eligible for State transportation aid unless a Child Safety Zone is created.

Education Law §3635-b(1) authorizes boards of education, as an exception to the stated mileage limits, to adopt a resolution establishing a Child Safety Zone-an area that would be too close to the school to be eligible for transportation but for which students' most direct walking route to school will traverse a hazardous zone. However, the State Education Department regulations implementing this statute [17 N.Y.C.R.R. Part 191], unchanged since 1993, mandate that a school district can only establish a Child Safety Zone using a complex and inflexible "point system" to determine whether student pedestrians are placed in sufficient danger that a Child Safety Zone can be established. Application of this "point system" requires school districts in each instance in which a district desires to establish a Child Safety Zone, to conduct an extensive traffic study, analyzing numerous variables and assigning points to them. Only if the number of points meet or exceed a numerical threshold may a school district choose to create a Child Safety Zone.

These inflexible statute and regulations fail to take into account the assessment by a school district of local conditions that are unsafe for its students, particularly at the earlier grades, and leads to the perverse result that school districts establish lower mileage limits than necessary or desired to ensure that those students who face significant danger in walking to school will be provided transportation. As one example, in the Croton-Harmon school district, a state route, used by commuters and commercial vehicles, is located 3/10 miles from

the K-4 elementary school. Traffic control measures that are referenced in the regulations are unavailable or would be inadequate to enable small children to cross the state route safely, particularly in the morning when commuters and operators of commercial vehicles are rushing to their destinations. Applying the "point system", the portion of the community across the state route from the elementary school would not accrue enough points to meet the criteria of a hazardous zone. To ensure student safety, the school district has established the mileage limit for transport of all elementary school students at 3/10 miles. Consequently, the school district incurs significant expenses for providing transportation to elementary students who do not require busing for safety reasons and discourages students from the healthy exercise of walking or biking to and from school each day.

Many school districts throughout the State face similar perverse consequences because of the inflexible "point system" set forth in SED regulations. In 2019, NYSSBA recognized the illogic of the current Child Safety Zone provisions when the delegates adopted a resolution supporting legislation to expand the definition of Child Safety Zones to include neighborhoods with high crime rates or with deteriorating vacant buildings that create safety hazards. (As of June 2021, the Legislature has approved such legislation [S.5719/A.7242] that, if signed by the Governor, would add violent crime rates and the density of vacant properties as conditions that can be used to justify the creation of a Child Safety Zone.)

Rather than a piecemeal approach to revision of availability of Child Safety Zones, NYSSBA should support a comprehensive review and revision of the Child Safety Zone statute and regulations to empower school districts to make their own reasonable determinations as to when deviations from mileage limits are necessary for safety of their students, without jeopardizing a district's State transportation aid.

---

## **PROPOSED RESOLUTION 11**

Submitted by: The Voorheesville School Board (7/13/21)

***RESOLVED***, that the New York State School Boards Association calls upon the state Legislature and the Governor to provide funding for assistance to school districts to allow them to make and implement decisions in the best interest of the global environment, including and especially in the areas of facilities improvements, transportation, and upkeep.

## **RATIONALE**

School districts regularly make decisions regarding facilities and management that may have significant environmental implications, an issue that is especially crucial in the face of climate change. Some options that are more environmentally protective and may reduce a district's greenhouse gas footprint are not always fiscally competitive. In order for districts to choose a practice or materials that may be better environmentally, they may need funding to alleviate the additional cost of that choice. Therefore, a directed source of funds for school districts choosing "green" facilities and management options would support districts' ability to make choices that reduce schools' greenhouse gas footprint and associated negative environmental implications. Some examples of funding use may be for the installation of solar panels, conversion to electric school busses, choosing a building design and building materials that are more efficient and have reduced greenhouse gas footprint, and in purchase and installation of more efficient mechanical systems, including HVAC and other equipment. School districts not only have a sizable footprint but also are often a model of behavior, driving possible change within their communities. By having the funding support to make choices that will drive the protection of local and global resources, school districts can demonstrate and participate in environmentally responsible behavior. NYSSBA can and should be a strong voice working toward the support of schools making a difference for our planet.

## **PROPOSED RESOLUTION 12**

Submitted By: The Washingtonville School Board (7/15/21)

**RESOLVED**, that the New York State School Boards Association support legislation at the state and federal levels for their appropriate governmental agencies to assume the fiscal responsibility for student nutrition, shifting that financial burden away from public schools and thereby increasing the allocation of resources to enable all districts to provide nutritious meals and snacks for all students without incurring negative impacts upon their annual budgets.

### **RATIONALE**

The increased incidence of food insecurity throughout our state and specifically among school aged children is an epidemic that is proven to have a detrimental effect upon every aspect of a child's education as well as their physical, emotional and psychological health.

The educational well-being of all students is the responsibility of each individual district and ultimately, the State of New York. Many districts have policies and/or practices in place intending to ensure that no student goes hungry. It is often an imperfect approach that has negative consequences, such as students falling between the bureaucratic cracks and going without meals and/or schools incurring additional unreimbursed expenses to provide meals for all regardless of ability to pay.

Whereas schools have long been seen as the solution for many societal issues, the entire financial burden of providing meals should be shifted to more appropriate agencies. Our primary function is the free and appropriate education of all students, and the funds needed to provide nutritional sustenance are diverted from budgets that are built and intended for meeting the instructional, social, emotional, transportation, security, and other mandated aspects of a traditional public education. The fiscal responsibility of meeting the nutritional needs of students would be more appropriately placed under the auspices of federal agencies such as the Department of Agriculture, Food and Nutrition Service, or the NYS Department of Health Division of Nutrition. While public schools should remain the primary source for meeting all the needs of each and every student, we must seek substantive change in the form of more creative fiscal allocations and equitable funding from state and federal agencies.

NYSSBA must advocate for the appropriate state and federal agencies to assume the fiscal responsibility of our students' nutritional health and shift the financial burden from our educational institutions.

---

## **PROPOSED RESOLUTION 13**

Submitted By: The Shenendehowa School Board (7/15/21)

**RESOLVED**, that the New York State School Boards Association supports state legislation that would evaluate the efficacy of, and require use of accurate, recent data in future implementation of Foundation Aid.

### **RATIONALE**

Strong consensus exists within our state as to why we apply Foundation Aid to ensure students in all districts receive funding that augments funding from local property taxes. This "cross-leveling" from state funds enables districts that carry a large number of disadvantaged students and/or low property tax capacity to provide educational programs that ensure equity for all students. Furthermore, use of yearly Foundation Aid support does not create a massive burden for local taxpayers. Without Foundation Aid, a student's level of educational

support is dependent on where they live, and less advantaged districts face a downward spiral as they attempt to meet the needs of all students with insufficient funding.

This state-wide effort to fairly re-allocate funding originated with a group of New York City parents who sued the state as they believed the prior formula was unconstitutional in 1993. In 2006, the New York State Court of Appeals ruled in their favor and required that states provide funding to provide all students with a “sound basic education”.

The Foundation Aid formula is now more than a decade and a half old. In the intervening decade and a half, our State has faced two major economic recessions, which have created significant structural changes to our State’s economy and demographics. The last decade and a half has also seen the implementation of the tax cap, which has fundamentally changed the way in which school districts consider their budgets and how to fund the programs.

During this last year’s budget agreement, New York state applied a \$1.4 billion increase which was the largest increase since enactment, enabling a total aid package of \$19.8 billion. This recent agreement also included a statutory plan to enable full funding by the 2023-2024 school year. The above actions demonstrate robust support for this program across all educational stakeholders and districts.

A failure to properly evaluate the sufficiency of the current formula and to ensure the recency of data to calculate the formula would not be fair to tomorrow’s students. A failure to not use our best formula and input data would also erode public confidence in a program that enjoys a high level of support today.

---

## **PROPOSED RESOLUTION 14**

Submitted by: The Ulster BOCES Board (7/22/21)

***RESOLVED***, that the New York State School Boards Association have as a legislative imperative, an addition to the current New York State Public Health Law, that all immunizations required of students under the provisions of New York State Public Health Law 2164 be required of all school staff where medically appropriate for adults.

## **RATIONALE**

New York State Public Health Laws are enacted to protect the health and welfare of the citizens of the state. These laws are designed to establish minimum standards of behavior in the many areas of public life. One of these areas clearly involves standards for our schools.

The COVID 19 pandemic has illustrated the importance of vaccinations as a strategy to minimize the disruption in our lives caused by preventable illnesses. The New York Department of Health and the New York State Education Department recognize the importance by mandating vaccination for students through the New York State Public Health Law 2164.

This law has prevented the disruption of every child's education which might have been caused by the illnesses that the vaccinations were designed to prevent. Schools are populated by more than just students. The absence of staff from schools would be disruptive and would potentially deprive students of the consistency that the routine of school provides for them. Therefore, it seems prudent to require the extension of the conditions provided in NYS Public Health Law 2164 to all school staff.

## **PROPOSED RESOLUTION 15**

Submitted By: The Shenendehowa School Board (7/16/21)

***RESOLVED***, that the New York State School Boards Association supports state legislation to establish guidelines for school districts for identifying and capturing data and creating metrics for initiatives that mitigate the damaging effects associated with climate change so as to more effectively communicate expectations and monitor outcomes when planning and implementing school budgets.

### **RATIONALE**

As our planet continues to warm because of climate change, we are already seeing the dire consequences of more wildfires, extreme storms, heatwaves, soil erosion, rising sea levels, and more. In July 2019, the New York State legislature passed the Climate Leadership and Community Protection Act. This ambitious law sets targets to establish climate resilience statewide through numerous initiatives, including reducing greenhouse gas emissions, improving infrastructure, and providing job training.

The New York State Energy Research and Development Authority (NYSERDA) determined that the public and private schools in New York State spend approximately \$1 billion on annual energy costs while producing about 5.6 million metric tons of carbon dioxide or other harmful greenhouse gases (<https://www.nyserdan.gov/All-Programs/Programs/P-12-Initiative>). NYSERDA subsequently initiated a benchmarking program for eligible schools to help identify, measure, and assess energy costs with the goal of establishing sustainable outcomes. NYSERDA has also proposed green and clean energy solutions and cost-sharing for energy studies.

As school districts move to implement initiatives to mitigate and slow climate change and reduce their carbon footprint, measurable criteria such as the results of NYSERDA's benchmarking program need to be identified so as to more effectively communicate expectations and monitor outcomes when planning school budgets. Examples of initiatives include efforts to reuse, recycle, and reduce the use of limited resources; use of alternative and cleaner energy sources, such as solar, wind, and geothermal energy; and energy-load reducing projects (e.g., lighting, cooling, and heating).

In order for stakeholders to better understand whether initiatives are working and adjustments are needed, criteria must be regularly measurable, reported and monitored. Having this information can further be used to take advantage of funding opportunities, such as incentive programs and grants.

To ensure outcomes to reduce the harmful effects of climate change are achieved, actions need to be economical, sustainable, and aligned to goals. When considering whether projects are economical and sustainable, which could incur higher costs in the short term, stakeholders can take into account projected benefits, such as to health and the environment from decreased air pollution and reduced greenhouse emissions.

---

## **PROPOSED RESOLUTION 16**

Submitted by: The Washingtonville School Board (7/16/21)

***RESOLVED***, that the New York State School Boards Association supports legislation that abolishes State School Level expenditure Reporting.

### **RATIONALE**

This extra requirement by the state was supposed to bring more transparency to the budgeting process. However it does just the opposite. It creates more work for our business officials and doesn't improve

transparency. As it doesn't take into account how long the staff has been with the district or what step level they are at, salary and benefits being a huge cost driver for any public school district, it can actually confuse matters further. Also making a cumbersome process more difficult.

---

## **PROPOSED RESOLUTION 17**

Submitted by: The Freeport School Board (7/16/21)

***RESOLVED***, that the New York State School Boards Association supports state aid eligibility for school districts that are obligated to pay tuition reimbursement for unilateral private placements.

### **RATIONALE**

The rising costs for special education services along with the increased number of lawsuits regarding special education services and the costs generated by these lawsuits have put undue financial burdens on many school districts. Districts are put in the position of paying the legal fees for the complainant as well as their own legal fees if the hearing officer finds for the complainant. In the case of unilateral parent placements in private schools, districts end up paying all the legal fees along with being burdened with the tuition reimbursement if the Impartial Hearing Officer (IHO) finds on the side of the parents/guardians. Since the private school placement is not a state approved school, there is no recourse for the districts to claim state aid. Similar to Charter School Aid, there should be a mechanism in place for districts to recoup money.

Under IDEA, districts are not obligated to pay the tuition for unilateral private school placements if they have made a fair offer of FAPE (free and appropriate public education). When a parent makes a unilateral private school placement, they may still try to get tuition reimbursement from districts and will request to impartial due process hearings if the districts do not agree to pay. If the district has made an offer of FAPE to the student, they will follow the impartial hearing protocols to prove their case. The burden of proof is on the district. The private school placement does not have to meet the state or federal standards of IDEA and may not necessarily meet the IEP needs of the student. Given the prohibitive cost, potentially it could be more cost effective to just pay the tuition, but that does not necessarily meet the needs of the students based on CSE recommendations. After all, these private placements are not State Education Department (SED) approved and therefore not aidable.

Only schools approved by the SED are eligible for state aid. Yet, an IHO or State Review Officer (SRO) making a determination in favor of the parents/ guardians regarding tuition reimbursement can deem the unilateral private placement appropriate. Districts are caught between the two systems resulting in payment of tuition without eligibility of state aid. There should be a means in these cases for the district to make a claim of state aid.

Based on the increased parent requests for impartial hearings, along with the prohibitive costs topped by the obligation of tuition reimbursement, it is recommended the New York State School Boards Association supports state aid eligibility for school districts that are obligated to pay tuition reimbursement for unilateral private placements.

# **PROPOSED BYLAWS AND RESOLUTIONS NOT RECOMMENDED BY THE RESOLUTIONS COMMITTEE FOR ADOPTION**

## **Proposed Bylaw Amendment**

Submitted by: The Nassau BOCES Board (6/25/21)

### Article 4

There shall be an Annual Meeting of the association to be held not earlier than September 1, nor later than November 30 of each year, at a time and place designated by the board of directors. The Board of Directors shall determine the time and place of each annual meeting and shall notify the membership at least six months prior to that Annual Meeting. The annual business meeting shall be held in person during the annual school board convention, unless the health and or welfare of the participants is in jeopardy. The membership shall be notified of the date, time and location of meeting, as determined by the Board of Directors, at least six (6) months in advance. Said meeting shall be held not earlier than September 1st, nor later than November 30th of each year. Two hundred delegates shall constitute a quorum.

Other meetings may be called by the President, with the concurrence of the Board of Directors, at such times and places as the President and said Board may designate; and shall be called when requested by at least eight (8) member boards from each of at least eight (8) areas of the Association. Written notice of a special meeting of the Association shall be mailed to each member board at least 14 days prior to the date of the meeting, together with a statement of the purpose or purposes of the meeting. Such special meeting shall act only with respect to the stated purpose or purposes of the meeting and 200 delegates shall constitute a quorum for doing business.

## **RATIONALE**

In-person, face-to-face dialogue among delegates across the State is vital to having a meaningful dialogue on the resolutions and an understanding of the possible concerns Of Other delegates. Many times, a consensus is built by having an amendment made on the convention floor. This is extremely difficult to do on a virtual meeting. This proposed By-law change should be revisited if and when technology Improves to the point at which hybrid meetings are smooth, seamless and efficient. As of now, it is not.

## **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee acknowledged a number of advantages and disadvantages for both in-person and virtual business meetings. The Committee also noted the challenge with accurately determining what might represent a risk to the health and welfare of participants, in order to remain compliant with the prospective bylaw requirement.

Ultimately, there was consensus that annual business meeting planning is best left to NYSSBA staff, reflective of the needs and interests of the association and its members.

## **PROPOSED RESOLUTION 18**

Submitted by: The Newark School Board (7/1/21)

**RESOLVED**, that the New York State School Boards Association shall support laws and procedures that ensure teachers and school employee background checks are thorough, cover out of state incidents, have the ability to continually report incidents throughout an employee's career and also include psychological testing.

### **RATIONALE**

The safety of our students, staff and community is the most important job of a school board. We need the assurance that the staff we employ are who they say they are and not hiding anything in their past that might make them a risk to our students or community. We need the background checks to be expansive enough to ensure that records from other states and government services are checked.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee raised significant concerns surrounding the proposed requirement to impose psychological testing on applicants. In addition, the Committee believes that the current background check process is sufficient and thorough. Finally, the Committee felt that this proposal goes beyond the scope of what a typical background currently entails.

---

## **PROPOSED RESOLUTION 19**

Submitted by: The Newark School Board (7/1/21)

**RESOLVED**, that the New York State School Boards Association seek legislative and/or policy changes to streamline the teacher certification process for teachers from out of state and those with previous teaching experience.

### **RATIONALE**

With the current and pending shortage of teachers now and in the future, it is imperative that districts be allowed to be creative to find and get teachers certified. The certification process is a barrier to some potential quality teachers. The need to make the teaching population more diverse may bring teachers from other states into New York and we need a certification process that allows them the time to get certified and give the time they need to fulfill the requirements.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee believed the current process for certifying out of state teachers is adequate and ensures that New York State maintains high standards for its educators. Meanwhile, the Committee also noted that processes currently exist to allow districts to hire teachers as they are still completing the appropriate teaching certification required of them.

---

## **PROPOSED RESOLUTION 20**

Submitted By: The Ontario School Board (7/13/21)

***RESOLVED***, that the New York State School Boards Association support the proposed New York Health Act and any legislation at the state or federal level that provides single payer health care for all New Yorkers.

### **RATIONALE**

The cost of health insurance has more than doubled since 2000, resulting in disproportionate budget increases for districts that take seriously the obligation to insure the healthcare needs of their employees. Likewise, it has been demonstrated that students with poor health have a higher probability of school failure, grade retention, and dropout. As New York State Department of Education seeks resources to improve educational outcomes, the impediment caused by inadequate access to healthcare, especially for our poorest students and students with special health care needs, adds additional financial burden to the cost of public education.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee recognized the importance of the proposed resolution, but ultimately decided this was a national issue more appropriately addressed at the national level. The Committee also noted that this same resolution was submitted last year and not approved by delegates at the 2020 Annual Business Meeting.

---

## **PROPOSED RESOLUTION 21**

Submitted By: The Ontario School Board (7/13/21)

***RESOLVED***, that the New York State School Boards Association support legislation that requires every child in New York State, aged 0-21, be covered for free under the Child Health Plus program.

### **RATIONALE**

Students with poor health have a higher probability of school failure, grade retention, and dropout. As New York State Department of Education seeks resources to improve educational outcomes, the impediment caused by inadequate access to healthcare, especially for our poorest students and students with special health care needs, adds additional financial burden to the cost of public education.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee recognized the importance of this proposed resolution, but ultimately decided that the issue is part of the broader issue of health care and would be more appropriately addressed at the national level. The Committee also noted that this same resolution was submitted last year and not approved by delegates at the 2020 Annual Business Meeting.

---

## **PROPOSED RESOLUTION 22**

Submitted By: The Ontario School Board (7/13/21)

**RESOLVED**, that the New York State School Boards Association support legislation which requires the State of New York to hold school districts harmless for employee and retiree health care increases that exceed the Consumer Price Index.

### **RATIONALE**

The cost of healthcare rose 5% in 2018, compared to a CPI of 1.9%, resulting in disproportionate budget increases for districts that take seriously the obligation to insure the health of their employees and retirees. Profit-motivated health insurance adds an undue burden on public institutions that exist for the common good.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee shares the concern of the sponsor about the rising costs associated with employee and retiree health care. However, the Committee has multiple concerns with the proposed resolution, including that the likelihood of passing legislation to hold school districts harmless of these costs is unlikely and fear that holding districts harmless would decrease funding in other necessary funding areas of public education. Further, the Committee questioned how such action would impact local health care benefit and cost agreements. The Committee also noted that this same resolution was submitted last year and not approved by delegates at the 2020 Annual Business Meeting.

---

## **PROPOSED RESOLUTION 23**

Submitted By: The Ontario School Board (7/13/21)

**RESOLVED**, that the New York State School Boards Association support legislation that creates a process for tenure review and renewal occurring every five years throughout the career of all tenured public school employees. This process will include student, parent and colleague feedback, will not be driven by test scores, and is intended to be instructive, not punitive.

### **RATIONALE**

Supporting teachers and administrators as lifelong learners who continue to refresh and reinvigorate themselves professionally can only lead to better student outcomes. Conducting tenure reviews at scheduled intervals will encourage growth and reward excellence.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee supports the idea of teacher and administrator accountability. However, the Committee believes that the current tenure process generally works well and already includes options to address educators that might require additional training or need to be removed. Ultimately, the Committee felt that creating a process for tenure review and renewal every 5 years would be unnecessary and administratively burdensome for school districts.

## **PROPOSED RESOLUTION 24**

Submitted By: The Ardsley School Board (7/15/21)

**RESOLVED**, that the Association should encourage laws, regulations and policies that promote alternatives for school districts when purchasing non-instructional services that do not give the BOCES an unfair competitive advantage.

### **RATIONALE**

Under current practice when a BOCES offers a non-instructional service, a component district is required to use that service or obtain a waiver from its BOCES before using the services of another BOCES. Component districts may also use non-BOCES (private providers) but can only do this by foregoing State aid. As a result of these rules, the component districts are, in effect, captive customers of their BOCES with no meaningful way to obtain the best price or service for the benefit of the instructional program or taxpayers. In practice, this has resulted in: (i) substantial delays in obtaining services; and (ii) in districts obtaining services that they view as less desirable at higher cost than available in the market. We could give examples, but there is no need as the collective memory of every school board can provide the examples. We have inquired as to the reason for this policy and been told “It is good for the BOCES and how it is always done.” For us that is not a good enough answer. We are compelled to ask the following questions: “Does spending more for a service or being required to use a service provider you do not want to use benefit students or taxpayers?” “Do delays in obtaining services while waiting for a waiver benefit students or districts generally?” We think the answers to those questions is obvious and that those are the relevant questions. What is “good for the BOCES” is not the question that should matter most. Rather the question should be “What is good for the students, the taxpayers and the school district?” We are not questioning the value that BOCES can bring to districts in instructional matters. However, where BOCES compete with private service providers for non-instructional services and are only competitive because their charges to their component districts are “state aidable”, a great deal of money is inevitably wasted and at the end of the day less educational service is provided to students. For example, if a private company or another BOCES would offer a service for \$100,000 and a district receives 50% State aid, the district would save money by using its own BOCES for the service at \$170,000 because its net costs, after aid, would be \$85,000. How does spending an extra \$70,000 for the same service benefit students? The funds come out of the same available funds for State aid to education.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee expressed the belief that BOCES should promote and enhance cooperation between and amongst school districts and other BOCES, instead of competition. The Committee also noted that a waiver process currently exists, and is commonly used, for school districts to purchase services from other BOCES, when appropriate. Further, school districts currently have the ability to purchase similar goods and services from private third party vendors, if they so choose. The Committee also noted that a nearly identical resolution was submitted last year and not approved by delegates at the 2020 Annual Business Meeting.

---

## **PROPOSED RESOLUTION 25**

Submitted by: The Washingtonville School Board (7/15/21)

***RESOLVED***, that NYSSBA oppose proposals to allow school district voters to use non-excuse absentee ballots upon request, for school board elections and budget votes.

### **RATIONALE**

It is very important that the people who vote on school budgets and school board elections are indeed residents of the school district. Non-excuse absentee ballots can leave open the possibility for ballot harvesting and perhaps even fraud, which is very detrimental to the students who are counting on school board and budget votes being fair. It is imperative that our students are assured that our election process is above reproach. Our students' academic success, indeed their very future depends on it.

### **EXPLANATION OF RESOLUTIONS COMMITTEE**

The Committee noted past, and potential, positives associated with no-excuse absentee ballots and school elections. First, voter turnout increased with the use of absentee ballots during the pandemic, particularly amongst traditionally underrepresented communities. No-excuse absentee ballots can also generally allow for greater accessibility and participation. The Committee also noted that, contrary to initial concern, the increased voter turnout during the pandemic had no negative impact on passage of school district budgets, and instead saw record passage rates. Ultimately, the Committee felt that this issue was of broader statewide relevance, and that action should not be limited to school district votes and elections.

## INFORMATION ON AMENDMENTS, REBUTTALS, STATEMENTS OF SUPPORT AND LATE RESOLUTIONS

Proposed resolutions and bylaw amendments were submitted to NYSSBA by July 17<sup>th</sup> (and reviewed by the Resolutions Committee on August 10<sup>th</sup>).

No additional bylaw amendments can be proposed at this time. However, a member school board may propose an amendment, rebuttal, or statement of support to any resolution printed in this report. A member school board may also propose a late resolution.

Amendments, rebuttals, and statements of support intended to be included in the *Voting Delegate's Guide – Proposed Resolutions*, must be received in NYSSBA's office by **5p.m. on Friday, September 17<sup>th</sup>** .

Members may also wish to advance resolutions that were not considered by the resolutions committee. These "late" resolutions may be considered at the business meeting under "Other Business." At that time, a motion to suspend the bylaws for the purpose of considering a particular resolution may be offered. A motion to suspend the bylaws is required to be moved, seconded, and adopted by a two-thirds vote for every resolution submitted from the floor. Once the motion to suspend the bylaws is adopted, the new resolution can be moved and seconded, and a simple majority of those present and voting is required to be approved. If the motion to suspend the bylaws fails, the resolution cannot be considered. All late resolutions must be submitted using the NYSSBA form:

· [Late Resolution Submission Form](#)

\*Amendments and rebuttal statements to not recommended proposed resolutions must reach NYSSBA's Governmental Relations Department before the 5pm on **September 17<sup>th</sup>**. Amendments and rebuttal statements must be sent via email to [advocacy@nyssba.org](mailto:advocacy@nyssba.org) using the forms found here:

[NYSSBA Resolutions Process forms](#)

## INFORMATION FOR THE VOTING DELEGATES

The voting delegates at the Annual Business Meeting vote on a slate of officers for the Association, including a President, a First Vice President, a Second Vice President, and a Treasurer. They debate and vote on changes to the Association's bylaws, and debate and vote on resolutions that will establish the Association's positions on various legislative and policy matters. Voting delegates are to be registered for the Annual Business meeting by their district clerk using only NYSSBA's voting delegate registration form. Prior to the meeting, the New York State School Boards Association will host a voting delegate orientation that all delegates are encouraged to attend. Below you will find details related to meeting procedures for all voting delegates during the Annual Business meeting.

### ORDER OF BUSINESS

The Order of Business for the Annual Business Meeting is the agenda for the meeting. It sets forth the items of business which are scheduled to be accomplished during the course of the meeting.

The meeting will begin promptly at 4:00 p.m. with several procedural items. First, the Association President, who presides throughout the meeting, announces the presence of a **quorum**. New York State School Boards Association bylaws require 200 members in attendance to achieve quorum.

Following the announcement of a quorum, the President calls for a **motion to adopt the Order of Business**. The President also calls for a **motion to adopt the Proposed Rules of Conduct** for the meeting. These rules are prepared to be consistent with the Association's bylaws. The rules describe how delegates must conduct themselves during the meeting, such as setting out the time allotted for discussion of certain items.

### THE BUSINESS MEETING

Next, the President will announce the winners of this year's Area Director Elections, which was conducted locally in each of the designated areas. According to NYSSBA's bylaws, Area Directors serve for two-year terms. Election of Area Directors in Areas 1, 3, 5, 7, 9 and 11 occur in odd-numbered years. Election of Area Directors in Areas 2, 4, 6, 8, 10 and 12 occur in even-numbered years. This year, election results will be announced for Areas 2, 4, 6, 8, 10 and 12.

### ELECTION OF THE NYSSBA OFFICERS

Next item on the Order of Business, each June the Board of Directors, which acts as the nominating committee for the delegates to the Annual Business Meeting, nominates a slate of officers who stand for election at the Annual Business Meeting. These individuals are automatically placed in nomination.

Once this occurs, the President, or his or her designee, calls for other nominations from the floor. If there are no such nominations, the vote is taken by hand at the time. If there is a nomination from the floor, the vote is also taken by ballot after such individual accepts the nomination. The President then announces the winner.

## ADOPTION OF RESOLUTIONS

The next item is the Report of the Resolutions Committee. The Resolutions Committee is a standing committee of the Association created by Article 9 of the Association's bylaws. The Committee chair reports directly to the delegates rather than the Board of Directors. The Resolutions Committee is appointed by the President upon recommendation of the Area Directors. The Committee has one member from each Association area, one representative from the Conference of Big 5 School Districts and one member from the Caucus of Black School Board Members.

The chair is designated by the President from among those appointed to the Committee. In accordance with Robert's Rules of Order, once the chair moves adoption of a bylaw amendment or resolution recommended for adoption by the Resolutions Committee, no second is required.

The Resolutions Committee chair first moves recommended bylaw amendments. Each recommended bylaw amendment will be debated and voted on separately. *Any amendment to the bylaws must have the approval of a two-thirds majority of those present and voting.* In accordance with Article 17 (2) of the bylaws, bylaw amendments may not be proposed or amended from the floor of the Business Meeting. Thus, all proposed bylaw amendments had to be submitted by **July 16, 2021** and all amendments to the bylaws must be sent to each member board by a date that will allow each member board time to review them in advance of the Annual Business Meeting.

The Resolutions Committee chair next moves those existing NYSSBA positions that have been recommended for adoption. This may be done under a consent agenda. These previously approved resolutions are established NYSSBA positions that are scheduled to sunset if they are not renewed. Because these resolutions have been previously approved by voting delegates, these resolutions can be moved on consent (where several resolutions may be voted on en masse). Delegates may remove any resolution from a consent agenda simply by making a request at the time the resolution is called for consideration. No second or vote is required. Resolutions removed from the consent agenda are considered under the "Resolutions Recommended for Adoption" portion of the meeting.

After the consent agenda has been considered and voted upon, delegates will next be asked to address newly recommended resolutions individually. The Resolutions Committee chair moves each resolution recommended for adoption by the Committee. Each recommended resolution is presented and voted upon separately. The Resolutions Committee chair will move those resolutions recommended by the Committee for adoption; a second is not needed. Resolutions require approval by a simple majority of those present and voting for passage.

Following consideration of the report of the Resolutions Committee consisting of those bylaw amendments and resolutions recommended for adoption, the President shall provide voting delegates the opportunity to move any of the "not recommended" bylaw amendments and resolutions. (Since the Resolutions Committee chair will not move items that were not recommended, each motion requires a second by a voting delegate).

## **OTHER BUSINESS**

At the end of the Annual Business Meeting, the President will open the floor to **Other Business**. **Other Business** may include a motion to suspend the rules for the purpose of considering a particular resolution that was submitted after the **July 16, 2021**, submission deadline. This motion requires a second and a two-thirds majority vote of the delegates before the resolution may be considered. A two-thirds majority is required because this type of motion calls for suspending the bylaws. A motion to suspend the bylaws is required to be moved, seconded, and adopted for each and every resolution submitted during **Other Business**. Once the motion to suspend the bylaws is adopted, the new resolution can be moved and seconded, and a simple majority of those present and voting is all that is required to adopt a resolution proposed under **Other Business**. If the motion to suspend the bylaws fails, the resolution cannot be considered. In order to be eligible for consideration during **Other Business**, such resolutions must be received by NYSSBA by **Thursday, October 14 at 5 p.m.**

**MEMORANDUM OF AGREEMENT  
BETWEEN  
CIVIL SERVICE EMPLOYEES ASSOCIATION, INC. (CSEA, INC.),  
LOCAL 1000, AFSCME, AFL-CIO,  
NAPLES CSD SUPPORT STAFF UNIT #7853  
ONTARIO COUNTY LOCAL 835,**

The Naples Central School District (hereinafter referred to as the “District”) and the CSEA, Inc. (hereinafter referred to as the “CSEA”), (collectively referred to as the “Parties”) are parties to a collective bargaining 2019-2023 Agreement (hereinafter referred to as the “CBA”) and recognize:

1. Article XXIX, Section 29.1 of the CBA provides wage increases each year of the CBA for returning unit members;
2. Appendix A of the CBA lists starting hourly rates for unit members;
3. The Parties wish to solve the compression issue for certain unit members due to an increase in minimum wage;
4. The Parties have met to discuss a change in salary increases in Article XXIX, Section 29.1 and Appendix A of the CBA, as well as an extension to the 2019-2023 CBA for 2 additional years; and
5. The Parties wish to resolve this matter amicably and in the best interest of the CSEA and the District.

Therefore, the Parties agree as follows:

1. The 2019-2023 CBA will be extended to be a 2019-2025 CBA based on the following parameters.
2. Article XXIX, Section 29.1 of the CBA will be updated and/or revised as follows:
  - a. **For those employees who were employed by the District on or before 12/31/2016 and who received less than a \$.70/hour increase on July 1, 2021:**
    - i. **Effective January 1, 2022, the District will verify each employee’s hourly rate on 12/31/16 and calculate the difference between their actual hourly rate and minimum wage on that same date (\$9.00). For example: if an employee earned \$9.80 per hour on 12/31/16, the employee would receive the difference (\$.80) added on to the expected minimum wage increase effective January 1, 2022 (\$13.20) for a new hourly rate of \$14.00.**

- ii. Effective July 1, 2022, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
  - iii. Effective July 1, 2023, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
  - iv. Effective July 1, 2024, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
- b. For those employees hired (1) on or after 1/1/2017 and received less than \$.70/hour increase on July 1, 2021:
  - i. Effective January 1, 2022, the District will provide an incremental increase based on years of service, as follows:
    - 1. 0-2 years of service: \$.20/hour
    - 2. 2-3 years of service: \$.40/hour
    - 3. 3+ years of service: \$.60/hour
  - ii. Effective July 1, 2022, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
  - iii. Effective July 1, 2023, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
  - iv. Effective July 1, 2024, each employee will either receive a \$.70/hour increase or 3.90%, whichever is greater.
- c. For those employees that do not meet the criteria in 2(a), 2(b), or 2(c), above (said employees received a raise greater than \$.70/hour on July 1, 2021), or were hired on or after January 1, 2022, the following will apply:
  - i. Effective July 1, 2022, each employee will receive an increase of 3.90%.
  - ii. Effective July 1, 2023, each employee will receive an increase of 3.90%.
  - iii. Effective July 1, 2024, each employee will receive an increase of 3.90%.

3. Appendix A of the CBA will be revised as follows:

Starting Salary Ranges	July 1, 2019-December 31, 2021	January 1, 2022-June 30, 2025
Head Custodian	\$16.50 - \$23.00	\$17.20 - \$23.70

Building Maintenance Assistant	\$12.50 - \$15.50	\$13.20 - \$16.20
Groundskeeper /Mechanic	\$13.50 - \$17.00	\$14.20 - \$17.70
Building Maintenance Mechanic Custodian	\$12.50 - \$21.00	\$13.20 - \$21.70
Cleaner	\$11.10 - \$12.50	\$13.20 - \$15.00
Computer Services Assistant	\$15.00 - \$23.00	\$15.70 - \$23.70
Head Bus Driver	\$14.00 - \$17.00	\$14.70 - \$17.70
Head ( or Auto1 Mechanic/Bus Driver	\$12.50 - \$21.00	\$13.20 - \$21.70
Head Bus Driver /Mechanic	\$12.50 - \$21.00	\$13.20 - \$21.70
School Bus Driver (hourly)	\$20.69 - \$23.00	\$21.40 - \$23.70
Teacher Assistant	\$12.50 - \$14.50	\$14.70 - \$16.70
Typist	\$11.10 - \$15.00	\$13.20 - \$15.70
Teacher Aide Clerk Library Clerk Cook	\$11.10 - \$13.00	\$13.20 - \$15.00
Food Service Helper Bus Monitor School Monitor	\$11.10 - \$12.50	\$13.20 - \$15.00
Cook/Manager	\$11.10 - \$14.50	\$13.20 - \$15.20
Senior Computer Services Assistant	\$15.00 - \$23.00	\$15.70 - \$23.70
Nurse	\$25.00 - \$30.00	\$25.70 - \$30.70
Part-Time Laborer	\$11.10 - \$12.50	\$13.20 - \$15.00
Computer Services Technician 2		\$24.00 - \$29.93

4. Article X of the CBA will include a new Section 10.1 (D):
  - a. **Unit members that previously worked for and resigned from the District, but were subsequently rehired within 365 days from their resignation date shall receive any unused sick leave they had at the time of their resignation upon rehire. The Superintendent may, at his/her discretion, grant prior unused sick leave days if the unit member is rehired beyond 365 days from their resignation date. This is in addition to any pro-rated sick leave days they would receive per the CBA as a new hire.**
5. Article VII, Section 7.3 will include a new Section 7.3(A)(a)(iii)(7):

- a. **Unit members that previously worked for and resigned from the District, but were subsequently rehired within the same fiscal year (7/1-6/30) as their resignation date shall not receive another HSA contribution until the next District disbursement date. For example, if an employee receives the HSA disbursement on July 1, 2021, resigns on September 1, 2021, and is rehired on February 1 2022, he/she would not get another HSA disbursement from the District until July 1, 2022.**
6. Article VII, Section 7.3(A)(iii)(3) will be amended to include:
  - a. **New Hires: The contribution will be pro-rated based on first date of work. Years are governed by the Finger Lakes Area School Health Plan (FLASHP). New hires will be eligible to receive his/her applicable installment of the HSA contribution after the first 8 weeks of his/her probationary period. If a new hire experiences a life threatening medical emergency that poses an immediate risk to a unit member's life or long-term health, the unit member may be eligible to receive 100% of the deductible immediately. After conversation with the unit, the District will make the final determination, which will not be precedent setting nor be subject to the grievance procedure.**
7. Article VIII, Section 8.1 and Section 8.2 will be amended to include Juneteenth as an additional paid holiday for 12-month and 10-month employees.
8. Article VIII, Section 8.3 will be updated to include:
  - a. **For days when Juneteenth falls on a Sunday (celebrated on following Monday) or a Weekday, it will be considered a paid holiday for 12-month and 10-month employees. It will not be a paid holiday if it falls on a Saturday.**
9. Article VII, Section 7.4 will be updated to include:
  - a. **If a current or future retired unit member has a balance in his/her HRA account pursuant to Article VII, sections 7.1, 7.3(A)(a)(iii)(6) and/or 7.4, he/she must make at least one qualifying use of his/her HRA on an annual basis if the account balance is between \$101-\$200. If there is not at least one (1) qualifying, annual use after the balance is between \$101-\$200, the remaining funds shall revert immediately back to the District.**
  - b. **If a current or future retired unit member has a balance in his/her HRA account pursuant to Article VII, sections 7.1, 7.3(A)(a)(iii)(6) and/or 7.4, he/she has until June 30 of the next fiscal year to spend down the account when it has a balance of \$100 or less. Any remaining funds after one year has passed shall revert immediately back to the District. For example, if a unit member goes under \$100 on June 1, 2021, they would have until June 30, 2022, before the money reverts back to the District.**

10. Article XVIII will be updated to include:
  - a. **Teaching Assistants who retire with at least ten years of service with the District and participate in full, regular retirement benefits in the NYSTRS may exchange each unused accumulated sick leave day to his/her credit at the time of retirement for \$20 up to a maximum of 175 such days.**
  - b. **This payment shall be made to the unit member in a separate check, subject to any applicable deductions like federal and/or state taxes, within two weeks after the effective date of retirement.**
11. Article XXIII will be updated to include a new Section 23.6:
  - a. **Effective July 1, 2021, the District will reimburse no more than \$75 to each head bus driver, bus driver and/or mechanic required to hold a CDL license upon successful completion of his/her license renewal. In order to receive reimbursement, the head bus driver, bus drivers and mechanics must submit proof of their renewal to the business office.**
12. Article XXIX, Section 29.4 will be updated for day cleaners or custodians working beyond 3:30 P.M. as follows:
  - a. **Any day cleaner or day custodian assigned by the District to regularly work a majority of their hours before 3:30 P.M. shall receive differential pay of forty-five (45) cents per hour for any hours worked after 3:30 P.M. when assigned to work the night shift.**
13. Article XXIII, Section 23.2(3) will be updated as follows:
  - a. **Special or outside bus trips shall be compensated at the per rate hour of: ~~\$16 the bus driver's hourly rate for time spent driving of at least one hour. For time spent not driving, the bus driver shall be paid a layover rate of \$16/hour.~~**
14. Unless set forth herein, the terms of the 2019-2023 CBA will continue in a revised 2019-2025 CBA.
15. The Parties will jointly draft a 2019-2025 CBA following full ratification of this Agreement.
16. The parties agree to recommend to their respective groups that the agreed upon changes be formally ratified/approved and incorporated into the 2019-2025 CBA, that this is the best agreement that can be reached at this time, and will inform the unit membership or Board that they will vote to approve this agreement.
17. The parties agree to make no public statements regarding this agreement until after ratification/approval. This prohibition shall not limit the parties from discussing the matter with the unit membership or the Board of Education.

18. The parties hereby acknowledge that they had the opportunity to be advised by counsel or a labor relations representative, and/or CSEA Unit Officer regarding this Agreement, that they have read this Agreement, that they fully understand its contents, and that they have executed the same and made the agreement provided for herein voluntarily and of their own free will.
19. By their signature below, the parties acknowledge the above understanding is being made based on the particular circumstances involved and that this agreement shall not serve as a precedent in any future application or interpretation of the collectively bargained agreement between the parties, except as stated therein.

## INDEPENDENT AUDITORS' REPORT

To the Board of Education  
Naples Central School District  
Naples, New York

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Naples Central School District (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Naples Central School District, as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Change in Accounting Principle*

As discussed in Note 1 and Note 16 to the financial statements, the District adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, during the year ended June 30, 2021. Our opinions are not modified with respect to this matter.

### *Required Supplementary Information.*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 11 and budgetary comparison schedule - general fund on page 42, and schedule of changes in the District's total OPEB liability and related ratios on page 43, schedule of District's proportionate share of the net pension assets/liabilities on page 44 - 45, schedule of employers contribution for pensions on page 46 - 47 and and notes to required supplementary information on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Naples Central School District basic financial statements. The other supplementary information listed on the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2021, on our consideration of the Naples Central School District's internal control over financial reporting and on our tests of its compliance with certain provisions of law, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Naples Central School District's internal controls over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Naples Central School District's internal control over financial reporting and compliance.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Year Ended June 30, 2021**

---

The following is a discussion and analysis of the Naples Central School District's (the "District") financial performance for the fiscal year ended June 30, 2021. This section is a summary of the District's financial activities based on currently known facts, decisions or conditions. It is also based on both the district-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the District's financial statements, which immediately follow this section.

**FINANCIAL HIGHLIGHTS**

- Total district-wide general revenues, excluding charges for service and operating grants for the 2020-2021 year were \$20,699,031, or 95% of all revenues. This amount represents an increase of \$641,358 in general revenues over the 2019-2020 year of \$20,057,673. The 2019-2020 general revenues as a percent of total revenues was 94%. Of the total general revenues, state sources accounted for \$8,153,880, real property tax and real property tax items accounted for \$12,159,261, and other sources accounted for \$385,890 for the 2020-2021 fiscal year ended.
- Total district-wide expenses for the 2020-2021 year were \$21,508,183. These expenses were offset by program revenues that included \$39,568 in charges for services and \$1,124,468 in operating grants and contributions. The net cost for governmental activities that was ultimately financed by general revenues was \$20,344,147, which represents an decrease of \$222,180 from the 2019-2020 year.
- During the current fiscal year, the District was able to fund the mandatory contribution to the New York State Employee's Retirement System and Teacher's Retirement System (the "Systems") without the need to finance the payments. The total current year contributions to the systems were \$824,483, which is an increase of \$43,444, or 5.6%, over the 2019-2020 amount of \$781,039. The District has recorded a net pension liability for ERS of \$5,660 and \$1,520,086 as of June 30, 2021 and 2020, respectively. The District has also recorded a net pension liability for TRS of \$990,746 and a net pension asset for TRS of \$924,278 as of June 30, 2021 and 2020, respectively.
- Total District capital assets - net of depreciation decreased by \$713,886 to \$34,763,965 in the 2020-2021 year as compared to \$35,477,851 in the 2019-2020 year. Total long-term liabilities decreased by \$5,340,716 to \$50,667,176 in the 2020-2021 year from \$56,007,892 in the 2019-2020 year.
- For the year ended June 30, 2021, the District implemented GASB No. 84, Fiduciary Activities. The objective of this statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how these activities should be reported.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of five parts: management's discussion and analysis (this section), the basic financial statements, required supplementary information, other supplementary information and single audit reports. The basic financial statements include two kinds of statements that present different views of the District:

The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.

The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements. The fund financial statements concentrate on the District's most significant funds with all other non-major funds listed in total in one column. For the fiscal year ended June 30, 2021, all of the District's governmental funds were considered major.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the District's budget for the year.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Management's Discussion and Analysis**  
**For the Year Ended June 30, 2021**

---

### **District-Wide Statements**

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

These two statements report the District's net position and changes in those assets. The change in net position provides the reader with a tool to assist in determining whether the District's financial health is improving or deteriorating. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the District's property tax base, student enrollment growth, required educational programs, and facility conditions in arriving at their conclusion regarding the overall health of the District.

In the statement of net position and the statement of activities, the District reports governmental activities. Governmental activities are the activities where most of the District's programs and services are reported including, but not limited to: general support, instruction, pupil transportation, employee benefits, debt interest and the school lunch program. The District does not have any business-type activities.

The government-wide financial statements can be found on pages 12 and 13 of this report.

### **Fund Financial Statements**

The fund financial statements are on pages 14 through 17 and provide more detailed information about the District's funds. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by State law and by bond covenants. The District establishes other funds to control and to manage money for particular purposes (such as repaying its long-term debts) or to show that it is properly using certain revenues (such as Federal grants). The emphasis of the fund financial statements is on the major funds. For the 2020-2021 year, the District reports six major funds; the general fund, the school lunch fund, the special aid fund, the miscellaneous special revenue fund, the capital projects fund and the debt service fund.

In the fund financial statements, capital assets are reported as expenditures in the year of acquisition and therefore no capital assets are reported. The issuance of debt is recorded as a financial resource. The current year's payments of principal and interest on long-term obligations are recorded as expenditures. Future year's debt obligations are not recorded.

**Governmental Funds** - All of the District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or less financial resources available to spend in the near future to finance the District's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds are reconciled in the basic financial statements. Activities in these funds and reconciliations to district-wide financial statements are reported on pages 14 through 17.

**FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The statement of net position provides the perspective of the District as a whole.

Total expenses	<u>\$ 20,344,147</u>	<u>\$ 20,566,327</u>	(1.1)

- **General Support** - Includes expenses of the Board of Education, district offices, contracted professional services, buildings and grounds maintenance, insurance and BOCES administrative/building expenses.
- **Instructional** - Includes curriculum and staff development, school supervision, regular K-12 programs, special education, BOCES vocational education, summer schools, libraries, computer-assisted education, pupil personnel services (counseling, health, psychological, social work), co-curricular activities and interscholastic athletics.
- **Pupil Transportation** - Includes salaries for drivers, mechanics; expenses for the bus fleet, and garage.
- **Community Services** - Includes expenses connected with annual school district census.
- **School Lunch Program** - Includes the preparation, delivery, and servicing of lunches, snacks, and other incidental meals to students and the school staff.
- **Debt Service - Interest** - Includes the transactions associated with the payment of interest and other related charges to debt for improvements to the District.

**Management's Discussion and Analysis**  
**For the Year Ended June 30, 2021**

---

**THE SCHOOL DISTRICT'S FUNDS**

Fund financial statements are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$26,441,182 and \$27,342,047 and expenditures and other financing uses of \$25,076,109 and \$24,328,287 in 2021 and 2020, respectively. The fund balance in the general fund increased by \$1,643,107 and \$1,435,707 in 2021 and 2020, respectively. The school lunch fund balance increased by \$51,408 in 2021 and had no change in 2020. The special aid fund balance had no change in 2021 and 2020. The miscellaneous special revenue fund had an increase in fund balance of \$9,286 in 2021. The capital projects fund fund balance had an decrease in fund balance of \$243,057 in 2021 and a increase of \$1,725,719 in 2020. The debt service fund reported a decrease of \$95,671 and \$147,666 in 2021 and 2020, respectively. Total governmental fund balance increased by \$1,365,073 and by \$3,013,760 for the 2020-2021 fiscal year and 2019-2020 fiscal year, respectively.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

The 2020-2021 general fund's actual revenue was \$21,011,929. That amount is below the original and final budget estimates of \$21,404,453. The \$392,524 variance between the final amended budget and the June 30, 2021 actual results was due primarily to higher than budgeted state and federal sources, reducing the need to use appropriated fund balance. Revenue budget comparisons are shown on page 42.

The 2020-2021 actual expenditures of the general fund were \$19,216,194, which is below the original budget of \$21,033,960 and below the final budget estimate of \$20,348,453. The \$1,132,259 variance between the final amended budget and the June 30, 2021 actual results was due to a change in budgeted plans for the hiring of instructional staff including the related benefits. Expenditure budget comparisons are shown on page 42.

The general fund's fund balance increased by \$1,643,107 to \$10,404,743. The District's general fund balance is classified in five categories including nonspendable, restricted, committed, assigned and unassigned. For the fiscal year ended June 30, 2021, the District has \$7,823,546 classified as restricted, \$371,350 as assigned and \$2,209,847 as unassigned. More information regarding the District's specified reserves can be found on pages 24 - 27.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At the end of fiscal years 2021 and 2020, the District had \$49,267,317 and \$48,789,523 invested in land, buildings and renovations, buses, and furniture and equipment. Depreciation expense of \$1,406,609 and \$1,267,019 has been recorded in 2021 and 2020. The net book value at June 30, 2021 and 2020 was \$34,763,965 and \$35,477,851, respectively.

Table 6 shows the fiscal 2021 and 2020 balances for the major classes of assets:

**Table 6**

**Capital Assets (Net of Depreciation)**  
**At June 30, 2021 and 2020**

	<u>2021</u>	<u>2020</u>	<b>Total Percentage Change %</b>
Land	\$ 75,642	\$ 75,642	-
Buildings and improvements	33,359,215	34,131,856	(2.3)
Furniture and equipment	<u>1,329,108</u>	<u>1,270,353</u>	4.6
Total	<u>\$ 34,763,965</u>	<u>\$ 35,477,851</u>	(2.0)

Additional information on the District's capital assets can be found in Notes 1 and 4 on pages 21 and 28, respectively, of this report. In addition, a schedule of project expenditures can be found on page 51.

**NAPLES CENTRAL SCHOOL DISTRICT  
Management's Discussion and Analysis  
For the Year Ended June 30, 2021**

---

**Long-Term Debt**

At June 30, 2021 and 2020, the District had total long-term obligations of \$50,667,176 and \$56,007,892, respectively.

**Table 7**

**Outstanding Debt  
At June 30, 2021 and 2020**

	<u>2021</u>	<u>2020</u>	<u>Total Percentage Change %</u>
Bonds payable	\$17,685,000	\$ 19,790,000	(10.6)
Bond premiums	679,547	507,605	33.9
Compensated absences	3,333,475	3,314,013	0.6
Total OPEB liability	27,972,748	30,876,188	(9.4)
Net pension liability - TRS	990,746	-	100.0
Net pension liability - ERS	5,660	1,520,086	(99.6)
Total	<u>\$50,667,176</u>	<u>\$ 56,007,892</u>	(9.5)

The District's bond rating for 2021 and 2020 was AA-.

Additional information on the District's long-term debt can be found in Notes 1 and 5 beginning on pages 21 and 29 of this report.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

The general fund budget for the 2021-2022 school year was approved by the voters in the amount of \$21,734,527. This is an increase of 2.45% over the previous year's budget.

The 2021-2022 budget is impacted by certain trends impacting school districts. These include increases in retirement contributions and health insurance costs. COVID-19 has caused unexpected costs which are expected to continue into the 2021-2022 school year. The District is maintaining a cautious approach with spending to ensure financial security for this, and future years.

The New York State Legislature introduced and approved a property tax cap beginning in the 2012-2013 school year. This bill limits tax levy growth to the lesser of two percent or the annual increase in the CPI. Limited exemptions to exceed the levy cap are provided for taxes needed to pay for voter-approved capital expenditures, pension rate increases, court orders and torts over five percent of the prior year's levy. If the tax levy proposed to the voters is within the district's tax levy cap, then a majority vote would be required for approval. If the proposed tax levy exceeds the district's tax levy cap, the threshold required for approval would be 60% of the vote. A school district that does not levy an amount up to the cap in any one year would be allowed to carry over unused tax levy capacity into future years.

The United States is presently amid a national health emergency related to the COVID-19 virus. The overall consequences of COVID-19 on a national, regional, and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the District and its future results and financial position is not presently determinable.

While there are stimulus funds available to school district's, the funds can only be used to offset COVID related expenses such as addressing learning loss, health and safety items related to COVID, and social and emotional hardships caused by COVID. Stimulus funds will not be applicable to everyday expenses the District is responsible for and therefore, the District is budgeting with that in mind.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position**  
**June 30, 2021**

<b>Total Governmental Fund Balances</b>	\$ 11,167,918
---	---------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of the following:

Capital assets - not depreciated	75,642	
Capital assets - depreciable - net	<u>34,688,323</u>	
Total capital assets		34,763,965

Deferred charges on refunding bonds payable are not reported in the governmental funds but are reported in the statement of net position.	127,096
---	---------

Some pension and OPEB liabilities and deferred inflows and outflows are not reported in governmental funds. These consist of the following:

Total OPEB liability	(27,972,748)	
Net pension liability - teachers' retirement system	(990,746)	
Net pension liability - employees' retirement system	(5,660)	
Deferred outflows of resources - pensions	4,683,873	
Deferred inflows of resources - pensions	(2,225,844)	
Deferred outflows of resources - OPEB	3,651,177	
Deferred inflows of resources - OPEB	<u>(5,809,377)</u>	
Total liabilities		(28,669,325)

Long-term liabilities that are not due and payable in the current period are not reported in the funds. These consist of the following:

Accrued interest	(18,505)	
Bonds payable - net	(18,364,547)	
Compensated absences - net	<u>(3,333,475)</u>	
		<u>(21,716,527)</u>

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund**  
**Balances of Governmental Funds to the Statement of Activities**  
**For the Year Ended June 30, 2021**

<b>Net Change in Fund Balances - Total Governmental Funds</b>	<b>\$ 1,365,073</b>
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are the following:	
Capital outlay	\$ 692,723
Depreciation expense	<u>(1,406,609)</u>
Excess of depreciation over capital outlay	(713,886)
State aid in the governmental funds was deferred in the prior year as it was not available. In the current year this amount was considered earned and was reported in the statement of revenues, expenditures and changes in fund balances.	
	(95,523)
Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the statement of net position. In the current period, these amounts are the following:	
Bond repayments - principal	2,015,000
Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. In the current period, these amounts are the following:	
Compensated absences	(69,811)
Total OPEB liability	2,903,440
HRA medical liability	301,020
Deferred inflows of resources - pensions	(878,988)
Deferred outflows of resources - pensions	(46,903)
Deferred outflows of resources - OPEB	(703,971)
Deferred inflows of resources - OPEB	(4,034,808)
Bond proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the government-wide statements, however, issuing debt increases long-term liabilities in the statement of net position and does not affect the statement of activities.	
	(3,980,000)
Payments to refunded bond escrow agent is reported as an other financing use in governmental funds, but the payment reduces long-term liabilities in the statement of net position.	
	4,070,000
Changes in the proportionate share of net pension asset/liability reported in the statement of activities do not provide for or require the use of current financial resources and therefore are not reported as revenues or expenditures in the governmental funds:	
Teachers' retirement system	(1,915,024)
Employees' retirement system	1,514,426
Some items reported as expenditures in governmental funds are required to be deferred in the statements of net position. In the current period those amounts are:	
Accrued contributions to TRS	584,405
Accrued contributions to ERS	77,167
Other differences	
Accrued interest	8,113
Bond premium proceeds	(249,964)
Amortization of bond premium	78,022
Addition of deferred refunding proceeds	<u>127,096</u>
Total other differences	<u>(36,733)</u>
<b>Change in Net Position of Governmental Activities</b>	<b>\$ <u>354,884</u></b>

The accompanying notes are an integral part of these financial statements.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies**

The financial statements of Naples Central School District, (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units (hereinafter referred to as generally accepted accounting principals ("GAAP")). The Government Accounting Standards Board ("GASB") is the accepted standard setting body for establishing government accounting and financial reporting principles. The following is a summary of significant accounting policies and reporting practices of the District.

**A. Reporting Entity**

The reporting entity of the District is based upon criteria set forth by GASB Statement No. 14, *Defining The Financial Reporting Entity*, and Statement No. 61, *The Financial Reporting Entity: Omnibus*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the District and other organizational entities determined to be includable in the District's financial reporting entity. The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief description of certain entities included in the District's reporting entity.

**1. Extra Classroom Activity Funds**

The extra classroom activity funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The extra classroom activity funds are independent of the District with respect to its financial transactions and the designation of student management. Separate audited financial statements (cash basis) of the extra classroom activity funds can be found at the District's business office. The District accounts for assets held as an agent for various student organizations in a miscellaneous special revenue fund, in accordance with GASB Statement No. 84, *Fiduciary Activities*.

**B. Joint Venture**

The District is a component district in the Wayne County Finger Lakes Board of Cooperative Educational Services (BOCES). A BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n(a) of the New York State General Municipal Law.

A BOCES budget is comprised of separate budgets for administrative, program and capital costs. Each component district's share of administrative and capital cost is determined by resident public school district enrollment, as defined in the New York State Education Law, §1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**C. Basis of Presentation**

**1. District-Wide Statements**

The statement of net position and the statement of activities present information about the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients for goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expensed for those areas.

**2. Fund Financial Statements**

The fund statements provide information about the District's funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The District reports the following funds.

**a. Major Governmental**

- i. **General Fund** - This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund. The general fund is always reported as a major fund.
- ii. **School Lunch Fund** - This fund is a special revenue fund that accounts for transactions of the District's lunch, breakfast and milk programs.
- iii. **Special Aid Fund** - This fund is a special revenue fund that accounts for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes.
- iv. **Miscellaneous Special Revenue Fund** - This fund is used to account for funds utilized for extraclassroom and scholarship activities at the District.
- v. **Capital Projects Fund** - This fund is used to account for the financial resources used for acquisition, construction, or major repair of capital facilities.
- vi. **Debt Service Fund** - This fund accounts for the accumulation of resources and the payment of principal and interest on long-term obligations for governmental activities.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**D. Measurement Focus and Basis of Accounting**

**1. Accrual**

The District-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied or earned. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

**2. Modified Accrual**

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within 90 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**3. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities and useful lives of long-lived assets.

**4. Cash and Investments**

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. New York State law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Investments are stated at fair value.

**5. Accounts Receivable**

Accounts receivable are stated at net realizable value. No allowance for uncollectible accounts has been provided due to the fact that management believes that such allowance would not be material.

**6. Due To/From Federal, State and Other Governments**

The District reports amounts due from federal, state and other governments, which consisted of funds claimed but not received from various state, federal and other governmental agencies.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**7. Inventories and Prepaid Items**

Inventories of food in the school lunch fund are recorded at cost on a first-in, first-out basis, or in the case of surplus food, at stated value which approximates market. Purchases of inventoriable items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as assets on the statement of net position or balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

**8. Due To/From Other Funds**

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowings. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include transfers to provide financing or other services. A detailed description of the individual fund balances at year-end is provided subsequently in these Notes.

**9. Capital Assets**

Capital assets purchased or acquired are reported at historical cost or estimated historical cost. Donated assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following useful lives:

	<b><u>Capitalization Threshold</u></b>	<b><u>Estimated Useful Life</u></b>
Buildings and improvements	\$ 5,000	20-40 Years
Furniture and equipment	\$ 5,000	5-20 Years

**10. Accrued Liabilities and Long-Term Obligations**

Payables, accrued liabilities and long-term obligations are reported in the district-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, other postemployment benefits payable, and compensated absences that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due within one year or due within more than one year in the statement of net position.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**11. Accounting and Financial Reporting for Pensions**

The District complies with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – Amendment to GASB Statement No. 27* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The primary objective of the Statements is to improve accounting and financial reporting by state and local governments for pensions. The implementation of the Statements requires the District to report as an asset and/or liability its portion of the collective pension asset and/or liability in the New York State Teachers' and Employees' Retirement Systems. The implementation of the Statements also requires the District to report a deferred outflow and/or inflow for the effect of the net change in the District's proportion of the collective net pension asset and/or liability and difference during the measurement period between the District's contributions and its proportionate share of total contributions to the pension systems not included in pension expense. Included as a deferred outflow is the District contributions to the pension systems subsequent to the measurement date. See Note 8.

**12. Accounting and Financial Reporting for Post Employment Benefits**

The District complies with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). See note 9.

**13. Vested Employee Benefits**

The District employees are provided benefits as follows:

- a. **Vacation and Sick Leave** - The District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods. Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave. In the governmental fund financial statements only the amount of matured liabilities is accrued within the general fund based upon expendable and available financial resources. These amounts are expensed on a pay-as-you go basis.
- b. **Compensated Absences** - Consistent with GASB Statement 16, *Accounting for Compensated Absences*, the liability has been calculated using the vesting/termination method and an accrual for that liability is included in the District-wide financial statements. The compensated absences liability is calculated based on the pay rates in effect at year end. In the fund statements, only the amount of matured liabilities is accrued within the general fund based upon expendable and available financial resources. These amounts are expensed on a pay-as-you go basis.
- c. **Retirement** - The District provides retirement benefits for substantially all its regular full-time teachers and employees, and its part-time teachers and employees who elect to participate, through contributions to the New York State Teachers' Retirement System (TRS), and New York State and Local Retirement System (ERS), respectively. The systems provide various plans and options, some of which require employee contributions. The retirement systems compute the cost of retirement benefits based on their respective fiscal years: TRS - July 1st to June 30th, and ERS - April 1st to March 31st.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

- d. **Post Employment Benefits** - In addition to providing pension benefits, the District provides health insurance coverage and survivor benefits for retired employees and their survivors in accordance with the provision of the employment contracts negotiated between the school district and its employee groups. Substantially all of the District's employees may become eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post-retirement benefits is shared between the District and the retired employee. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure or operating transfer to other funds in the general fund, in the year paid. See Note 9 for additional information.

**14. Budgetary Procedures and Budgetary Accounting**

The District administration prepares a proposed budget for approval by the Board of Education for the general fund. The voters of the District approved the proposed appropriation budget for the general fund on June 9, 2020.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Supplemental appropriations may occur subject to legal restrictions, if the Board approves them because of a need that exists which was not determined at the time the budget was adopted.

Budgets are adopted annually on a basis consistent with generally accepted accounting principles. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year. The special revenue funds have not been included in the budget and actual comparison because they do not have legally authorized (appropriated) budgets.

**15. Unearned and Unavailable Revenues**

Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to the incidence of qualifying expenditures. In subsequent periods, when the District has legal claim to the resources, the liability for deferred revenues is removed and revenues are recorded.

The governmental fund financial statements report unavailable revenues when potential revenues do not meet both the measurable and available criteria for recognition in the current period. In subsequent periods, when both recognition criteria are met, the deferred inflow of resources is removed and revenues are recorded.

**16. Deferred Outflows and Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports a deferred charge on defeased debt resulting from the difference in the carrying value of refunded debt and its reacquisition price, which is amortized over the shorter of the life of the refunded or refunding debt. The District also reports deferred outflows of resources related to the pension plans and OPEB plan in the district-wide statement of net position. The types of deferred outflows of resources related to the pension plans and OPEB plan are described in Notes 8 and 9, respectively.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The District reports deferred inflows of resources related to cash received before the related revenue is earned and is reported as unearned revenue. The District reports deferred inflows of resources related to the pension plans and OPEB plan which are further described in Notes 8 and 9, respectively.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**17. Restricted Resources**

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these notes.

**18. Net Position and Fund Balance - Reservations and Designations**

**a. District-wide statements**

In the district-wide statements there are three classification of net position:

**Net Investment in Capital Assets** - This component of net position consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets as well as unspent bond proceeds.

**Restricted Net Position** - This component of net position is considered restricted if their use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws. Restricted net position is reduced by liabilities and deferred inflows of resources related to the restricted assets.

**Unrestricted Net Position** - This component of net position consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

The District will fund outlays for a particular purpose for both restricted and unrestricted resources. In order to calculate the amounts to report as restricted and unrestricted net position in the district-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When resources are available from multiple classifications, the District spends funds in the following order: restricted, unrestricted.

**b. Fund statements**

The District complies with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement improves the usefulness and clarity of fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints place on the purposes for which resources can be used:

- **Nonspendable Fund Balance** - amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact.
- **Restricted Fund Balance** - amounts with constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments.
- **Committed Fund Balance** - amounts constrained to specific purposes by a government itself, using its highest level of decision making authority. To be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level of action to remove or change the constraint. For the purposes of the District, the highest level of decision making authority resides with the Board of Education. The District has no committed fund balance.
- **Assigned Fund Balance** - amounts a government intends to use for a specific purpose. Intent can be expressed by the governing body or by an official or body to which the Board of Education delegates the authority.
- **Unassigned Fund Balance** - amounts that are available for any purpose.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

For the classification of governmental fund balances, the District considers an expenditure to be made from the budgetary appropriations first when more than one classification is available. The District establishes and modifies fund balance commitments by a passage of a resolution in meetings of the Board of Education. Assigned fund balance is established by the District through adoption or amendment of the budget as intended for specific purposes (such as the purchase of capital assets, construction, debt service or for other purposes). The District's Purchasing Agent is responsible for all the purchasing activities of the District and encumbrances at year end, which are considered assigned funds and therefore, the purchasing agent is designated as having the authority to assign amounts intended to be used for specific purposes. The Board of Education approves the adoption and amendment of the budget and has the authority of final review of all assignments of fund balance. When resources are available from multiple classifications, the District spends funds in the following order: restricted, committed, assigned, unassigned.

The District has implemented a policy in accordance with Real Property Tax Law §1318 which limits the amount of unexpended surplus funds a school district can retain to no more than 4% of next year's budgetary appropriations. Funds properly retained under other sections of law are excluded from the 4% limitation. Under GASB Statement No. 54 classifications, the 4% limitation is interpreted to be the total of committed, assigned, and unassigned classifications, minus the appropriated fund balance, amounts reserved for insurance recovery, amounts reserved for tax reduction and encumbrances included in committed and assigned fund balance. For the year ended June 30, 2021, the District was not in compliance with this policy.

The following is a summary of the District's fund balance classifications and categories within those classifications. Restricted and assigned fund balance categories are available to the District. Any capital gains or interest earned on restricted or assigned fund resources becomes part of the respective restricted or assigned fund balance category. While a separate bank account is not necessary for each restricted or assigned fund, a separate identity for each reserve fund must be maintained.

**A. Nonspendable**

**1. Reserve for Inventory** - Amounts classified as nonspendable for inventory related directly to the amounts reported in the balance sheet - governmental funds as inventory. These reserves are accounted for in the school lunch fund. The balance at June 30, 2021 is \$14,127.

**B. Restricted**

**1. Unemployment Insurance Reserve** - Unemployment Insurance Reserve (GML §6-m) is used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund. This reserve is accounted for in the general fund. The balance at June 30, 2021 is \$90,353.

**2. Retirement Contribution Reserve** - Retirement Contribution Reserve (GML §6-r) is used for the purpose of financing contributions to the New York State Local Employee's Retirement System (ERS). The reserve must be accounted for separate and apart from all other funds, and a detailed report of the operation and condition of the reserve must be provided to the Board. This reserve is accounted for in the general fund. The balance at June 30, 2021 is \$1,405,679.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**a. Reserve for Teacher Retirement System** - TRS reserve is used for the purpose of financing retirement contributions to the New York State Teacher's Retirement System. General Municipal Law (GML §6-r) permits school districts to finance retirement contributions to the TRS. The reserve must be accounted for separate and apart from all other funds, and a detailed report of the operation and condition of the reserve must be provided to the Board. The reserve is accounted for in the general fund as a subfund of the reserve for retirement contribution. The balance at June 30, 2021 is \$364,287.

**3. Property Loss Reserve and Liability Reserve** - Property Loss Reserve and Liability Reserve (Education Law §1709(8)(c)) are used to pay for property loss and liability claims incurred. Separate funds for property loss and liability claims are required, and these reserves may not in total exceed 3% of the annual budget or \$15,000, whichever is greater. This type of reserve fund may be utilized only by school districts, except city school districts with a population greater than 125,000. These reserves are accounted for in the general fund. The balance at June 30, 2021 is \$107,106.

**4. Insurance Reserve** - Insurance Reserve is used to pay liability, casualty and other types of losses, except losses incurred for which the following types of insurance may be purchased: life, accident, health, annuities, fidelity and surety, credit, title residual value and mortgage guarantee. In addition, this reserve may not be used for any purpose for which a special reserve may be established pursuant to law (for example, for unemployment compensation insurance). The reserve may be established by Board action, and funded by budgetary appropriations, or such other funds as may be legally appropriated. There is no limit on the amount that may be accumulated in the Insurance Reserve; however, the annual contribution to this reserve may not exceed the greater of \$33,000 or 5% of the budget. Settled or compromised claims up to \$25,000 may be paid from the reserve without judicial approval. This reserve is accounted for in the general fund. The balance at June 30, 2021 is \$114,560.

**5. Tax Certiorari Reserve** - Tax Certiorari Reserve (Education Law §3651.1-a) is used to establish a reserve fund for tax certiorari and to expend from the fund without voter approval. The monies held in the reserve shall not exceed the amount which might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceedings in the year such monies are deposited must be returned to the general fund on or before the first day of the fourth fiscal year after deposit of these monies. The reserve is accounted for in the general fund. The balance at June 30, 2021 is \$193,821.

**5. Employee Benefit Accrued Liability Reserve** - Employee Benefit Accrued Liability Reserve (GML §6-p) is used to reserve funds for the payment of accrued employee benefit due to an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated. The reserve is accounted for in the general fund. The balance at June 30, 2021 is \$1,161,598.

**6. Debt Reserve** - Mandatory Reserve for Debt Service (GML §6-l) is used to establish a reserve for the purpose of retiring the outstanding obligations upon the sale of District property or capital improvement that was financed by obligations which remain outstanding at the time of sale. The funding of the reserve is from the proceeds of the sale of District property or capital improvement. The reserve is accounted for in the debt service fund. The balance at June 30, 2021 is \$398,451.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**7. Capital Reserve** - Capital Reserve (Education Law §3651) is used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve; the ultimate amount, its probable term and the source of the funds. Expenditure may be made from the reserve only for a specific purpose further authorized by the voters. The form for the required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. These reserves are accounted for in the general fund. The balance at June 30, 2021 in the capital - acquisition of transportation vehicles is \$294,007 and in the capital - building is \$4,092,135.

**C. Assigned**

**1. Reserve for Encumbrances** - Reserve for encumbrances represents the amount of outstanding encumbrances at the end of the fiscal year. Encumbrance accounting, under which purchase orders, contracts or other commitments for the expenditures of monies are recorded for budgetary control purposes to reserve that portion of the applicable appropriations, is employed in the general, District-wide capital improvement project and non-major funds. Encumbrances are reported as reservations of fund balance since they do not constitute expenditures or liabilities. Expenditures for such commitments are recorded in the period in which the liability is incurred. The balance at June 30, 2021 is \$15,313.

**2. Reserve for School Lunch Fund** - Reserve for school lunch fund represents the remaining assigned portion of fund balance in the school lunch fund. The reserve is accounted for in the school lunch fund. The balance at June 30, 2021 is \$46,687.

**3. Reserve for Miscellaneous Special Revenue Fund** - Reserve for miscellaneous special revenue fund represents the remaining assigned portion of fund balance in the miscellaneous special revenue fund. The reserve is accounted for in the miscellaneous special revenue fund. The balance at June 30, 2021 is \$303,910.

**4. Reserve for Subsequent Year** - Reserve for subsequent year represents the estimated fund balance that is appropriated into the adopted budget. The balance at June 30, 2021 is \$356,037.

**E. Property Taxes**

Real property taxes are levied annually by the Board of Education no later than September 1, and became a lien on August 5, 2020. Taxes are collected during the period September 1 through October 31, 2020. Uncollected real property taxes are subsequently enforced by the Counties of Livingston, Ontario, Steuben and Yates. The Counties pay an amount representing uncollected real property taxes transmitted to the Counties for enforcement to the District no later than the following April 1st.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

**Note 2. Cash and Investments**

The District's investment policies are governed by State statutes. In addition, the District has its own written investment policy. The District monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The District Treasurer is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. Agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for time deposits and certificates of deposit not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts. Deposits and investments at year-end were entirely covered by Federal Deposit Insurance or by collateral held by the District's custodial bank in the District's name. These deposits consisted of:

	<u><b>Carrying Amount</b></u>	<u><b>Bank Balance</b></u>
Cash and cash equivalents	\$ <u>11,364,558</u>	\$ <u>11,610,217</u>
Collateralized amounts Covered by FDIC insurance		\$ 11,360,217 <u>250,000</u>
Total deposits		\$ <u>11,610,217</u>

**Note 3. Participation in BOCES**

During the year, the District was billed \$2,588,460 for BOCES administrative and program costs. The District's share of BOCES aid amounted to \$638,599. Financial statements for the Ontario, Seneca, Yates, Cayuga and Wayne County Finger Lakes BOCES are available from the BOCES administrative office at 131 Drumlin Court, Newark, New York 14513-1863.

**Note 4. Capital Assets**

Capital asset balances and activity for the year ended June 30, 2021 were as follows:

	<u><b>Beginning Balance</b></u>	<u><b>Additions</b></u>	<u><b>Reductions</b></u>	<u><b>Ending Balance</b></u>
<b>Governmental Activities</b>				
<b>Capital Assets Not Depreciated</b>				
Land	\$ <u>75,642</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>75,642</u>
<b>Capital Assets Depreciated</b>				
Buildings and improvements	45,778,198	343,058	-	46,121,256
Furniture and equipment	<u>2,935,683</u>	<u>349,665</u>	<u>(214,929)</u>	<u>3,070,419</u>
Total capital assets depreciated	<u>48,713,881</u>	<u>692,723</u>	<u>(214,929)</u>	<u>49,191,675</u>
<b>Less, Accumulated Depreciation</b>				
Buildings and improvements	11,646,342	1,115,699	-	12,762,041
Furniture and equipment	<u>1,665,330</u>	<u>290,910</u>	<u>(214,929)</u>	<u>1,741,311</u>
Total accumulated depreciation	<u>13,311,672</u>	<u>1,406,609</u>	<u>(214,929)</u>	<u>14,503,352</u>
Total capital assets depreciated - net	<u>35,402,209</u>	<u>(713,886)</u>	<u>-</u>	<u>34,688,323</u>
<b>Governmental Activities Capital Assets - Net</b>	<u>\$35,477,851</u>	<u>\$ (713,886)</u>	<u>\$ -</u>	<u>\$ 34,763,965</u>

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

Depreciation expense was charged to functions/programs of the primary government as follows:

<b>Governmental Activities</b>	
General government support	\$ 8,287
Instruction	1,131,818
Pupil transportation	263,662
School lunch	<u>2,842</u>
Total depreciation expense	<u>\$ 1,406,609</u>

**Note 5. Indebtedness**

**A. Long-Term Debt**

**Serial Bonds/Statutory Installment Bonds**

The District borrows money in order to acquire land, high cost equipment, construct buildings and perform improvements. This enables the cost of these capital assets to be borne by the present and future taxpayers receiving the benefit of the capital assets. These long-term liabilities, which are full faith and credit debt of the District, are recorded in the District-wide financial statements (statement of net position).

The District had the following serial bonds outstanding as of June 30, 2021:

<b>Purpose</b>	<b>Due Date</b>	<b>Interest Rate</b>	<b>Beginning Balance</b>	<b>Additions</b>	<b>Reductions</b>	<b>Ending Balance</b>
Serial Bonds, Series 2009	06/2024	2.50-4.00%	\$ 1,790,000	\$ -	\$ 1,790,000	\$ -
Serial Bonds, Series 2013	06/2029	2.00-3.50%	3,060,000	-	3,060,000	-
Serial Bonds, Series 2014	06/2029	2.00-3.00%	10,065,000	-	1,005,000	9,060,000
Statutory Installment Bonds, 2016	06/2021	1.75-1.88%	55,000	-	55,000	-
Serial Bonds, Series 2020	06/2050	3.05%	4,820,000	-	130,000	4,690,000
Refunding Bonds, Series 2021	06/2029	1.00-4.00%	-	3,980,000	45,000	3,935,000
Plus, premiums on serial bond			<u>507,605</u>	<u>249,964</u>	<u>78,022</u>	<u>679,547</u>
Total bonds			<u>\$20,297,605</u>	<u>\$ 4,229,964</u>	<u>\$ 6,163,022</u>	<u>\$ 18,364,547</u>

During the 2020-2021 fiscal year, the District issued \$3,980,000 in general obligation refunding notes with an interest rate between 1.00% and 4.00% to currently refund \$1,330,000 of an outstanding series 2009 serial bond with an interest rate between 2.50% and 4.00% and \$2,740,000 of an outstanding series 2013 serial bond with an interest rate between 2.00% and 3.50%. The difference between the cash flows required to service the old debt and the cash flows required to service the new debt and complete the refunding totaled approximately \$1,170,000. An economic gain (difference between the present value of the old debt and the new debt service payments) of approximately \$1,075,000 resulted from refunding.

The original issue premiums on bonds have been deferred and recorded as a liability on the district-wide financial statements. The premiums are being amortized using the effective interest rate method over the remaining time to maturity of the bonds. The current year amortization is recorded as a reduction to interest expense on the statement of activities.

Upon default of the payment of principal or interest on the serial bonds of the District, the bondholders have the right to litigate and the New York State Comptroller is required under the conditions and to the extent prescribed by Section 99-b of the New York State Finance Law, to withhold state aid and assistance to the District, and to apply the amount so withheld to the payment of defaulted principal and interest with respect to the serial bonds. The above serial bonds are direct obligations of the District for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the District.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

**Interest Expense**

Interest on long-term debt for the year amounted to:

Interest paid	\$ 658,225
Less: interest accrued in the prior year	(26,618)
Less: amortization of premium on serial bond	(78,022)
Add: interest payment to bond escrow agent	68,745
Add: interest accrued in the current year	18,505
Less: addition of deferred refunding proceeds	(127,096)
Total interest expense	<u>\$ 513,739</u>

**B. Changes in Long-Term Obligations**

The changes in the District's long-term obligations during the year ended June 30, 2021 are summarized as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Bonds payable	\$ 19,790,000	\$ 3,980,000	\$ 6,085,000	\$ 17,685,000	\$ 2,090,000
Bond premiums	507,605	249,964	78,022	679,547	-
Compensated absences	3,314,013	19,462	-	3,333,475	76,134
Total OPEB liability	30,876,188	-	2,903,440	27,972,748	-
Net pension liability - ERS	1,520,086	-	1,514,426	5,660	-
Net pension liability - TRS	-	990,746	-	990,746	-
Total	<u>\$ 56,007,892</u>	<u>\$ 5,240,172</u>	<u>\$ 10,580,888</u>	<u>\$ 50,667,176</u>	<u>\$ 2,166,134</u>

**C. Maturity**

The following is the amortization schedule for the long-term liability resulting from bonds:

	<u>Principal</u>	<u>Interest</u>	<u>Balance</u>
2022	\$ 2,090,000	\$ 539,000	\$ 15,595,000
2023	2,140,000	485,850	13,455,000
2024	2,050,000	423,575	11,405,000
2025	1,605,000	376,400	9,800,000
2026	1,655,000	331,250	8,145,000
2027 - 2031	5,135,000	916,900	3,010,000
2032 - 2036	850,000	464,750	2,160,000
2037 - 2041	850,000	274,950	1,310,000
2042 - 2046	730,000	151,950	580,000
2047 - 2050	580,000	43,650	-
Total	<u>\$ 17,685,000</u>	<u>\$ 4,008,275</u>	<u>-</u>

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Note 6. Interfund Balances and Activity**

Interfund receivables and payables at June 30, 2021 are as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General fund	\$ 676,399	\$ 136,340
School lunch fund	-	146,240
Special aid fund	724	398,283
Capital projects fund	-	133
Debt service fund	3,873	-
Total	<u>\$ 680,996</u>	<u>\$ 680,996</u>

Interfund receivables and payables are eliminated on the statement of net position. The District typically loans resources between funds for the purpose of mitigating the effects of transient cash flow issues. All interfund payables are expected to be repaid within one year.

**Note 7. Interfund Transfers**

Interfund transfers for the year ending June 30, 2021 consisted of the following:

	<u>Transfers In</u>	<u>Transfers Out</u>
General fund	\$ 100,000	\$ 152,628
School lunch fund	30,000	-
Special aid fund	724	-
Capital projects fund	121,904	-
Debt service fund	-	100,000
Total	<u>\$ 252,628</u>	<u>\$ 252,628</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move residual cash from closed projects to debt service to be used for debt payments at a later date.

**Note 8. Pension Plans**

**A. General Information**

The District participates in the New York State Employees' Retirement System (NYSERS) and the New York State Teachers' Retirement System (NYSTRS). These are cost-sharing multiple employer public employee retirement systems. The Systems offer a wide range of plans and benefits, which are related to years of service and final average salary, vesting of retirement benefits, death, and disability.

**B. Plan Descriptions**

**Teachers' Retirement System (TRS)**

The District participates in the New York State Teachers' Retirement System (TRS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits, as well as, death and disability benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. The System is governed by a 10-member Board of Trustees. System benefits are established under New York State Law. Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

BOCES who elected to participate in TRS. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a Statute. The New York State TRS issues a publicly available financial report that contains financial statements and required supplementary information for the System. The report and additional information may be obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12211-2395 or by referring to the NYSTRS Comprehensive Annual Financial report which can be found on the System's website at [www.nystrs.org](http://www.nystrs.org).

**Employees' Retirement System (ERS)**

The District participates in the New York State and Local Employees' Retirement System (ERS). This is a cost-sharing multiple-employer retirement system. The System provides retirement benefits, as well as, death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. System benefits are established under the provisions of the New York State Retirement and Social Security Law (NYSRSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. That report, including information with regard to benefits provided, may be found at [www.osc.state.ny.us/retire/publications/index.php](http://www.osc.state.ny.us/retire/publications/index.php) or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

**C. Funding Policies**

The Systems are noncontributory for the employee who joined prior to July 27, 1976. For employees who joined the Systems after July 27, 1976, and prior to January 1, 2010, employees contribute 3% to 3.5% of their salary. With the exception of ERS tier V and VI employees, employees in the system more than ten years are no longer required to contribute. In addition, employee contribution rates under ERS tier VI vary based on a sliding salary scale. For NYSERS, the Comptroller certifies the rates expressed as proportions of members' payroll annually, which are used in computing the contributions required to be made by employers to the pension accumulation fund. Pursuant to Article 11 of the Education Law, the New York State Teachers' Retirement Board establishes rates annually for NYSTRS.

The District contributions made to the Systems were equal to 100% of the contributions required for each year. The required contributions for the current year and two preceding years were:

	<u>ERS</u>	<u>TRS</u>	<u>Total</u>
2021	\$ 240,078	\$ 584,405	\$ 824,483
2020	\$ 241,857	\$ 539,182	\$ 781,039
2019	\$ 240,421	\$ 630,646	\$ 871,067

The total unpaid liability for NYSERS and NYSTRS contributions was \$693,543.

**Teachers' Retirement System (TRS)**

The District recognized its proportion of the TRS net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense as of June 30, 2021. The TRS total pension liability was determined by actuarial valuations as of June 30, 2019 and rolled forward to the measurement date of June 30, 2020. The proportion allocation method utilized by TRS was the percentage of each employers fiscal year 2020 contribution to the total contributions to the plan.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

The District's proportionate share of the pension asset of the TRS Plan represents 0.035854% of the total net pension liability, which was a increase of 0.000278 from its proportion as of June 30, 2020. The District has recorded a net pension liability of \$990,746 as of June 30, 2021. The District has recorded its proportionate share of pension plan expense of \$1,345,446 as of June 30, 2021.

*Actuarial Assumptions*

Significant actuarial assumptions used in the TRS valuation were as follows:

Rate of return on investments	7.10% compounded annually, net of pension investment expense, including inflation
Salary increases	Rates of increase differ based on age and gender and are projected between 1.90% - 4.72%
Inflation	2.20%
Decrement tables	Society of Actuaries Scale MP 2019 July 1, 2009 - June 30, 2014 System's Experience

*Expected rate of return on investments*

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, Selection of Economic Assumptions for Measuring Pension Obligations. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class as well as historical investment data and plan performance.

The long-term expected real rates of return are presented by asset allocation classification, which differs from the financial statement presentation. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of the measurement date of June 30, 2020 are summarized in the following table:

<u>Asset Type</u>	<u>Long Term Expected Real Rate*</u>	<u>Target Allocation</u>
Domestic equity	7.1 %	33.0 %
International equity	7.7	16.0
Real estate equity	6.8	11.0
Global equity	7.4	4.0
Private equity	10.4	8.0
Domestic fixed income	1.8	16.0
Global bonds	1.0	2.0
High-yield bonds	3.9	1.0
Real estate debt	3.6	7.0
Private debt	5.2	1.0
Cash equivalents	0.7	1.0
		<u>100.0 %</u>

\* Real rates of return are net of a long-term inflation assumption of 2.2%.

*Discount Rate*

The discount rate used to measure the TRS total pension liability as of June 30, 2021 was 7.10%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current and non-active plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

*Sensitivity of the proportionate share of the net pension liability to changes in the discount rate assumption*

The following presents the District's proportionate share of the net pension liability of the TRS plan, calculated as of the measurement date of June 30, 2020 using the discount rate of 7.10%, per annum (the "current rate"). The table shows what the net pension liability would be if it were calculated using a discount rate that is 1% point lower (6.10%), or 1% point higher (8.10%) than the current rate:

	<b>1% Decrease (6.10%)</b>	<b>Current Discount (7.10%)</b>	<b>1% Increase (8.10%)</b>
Naples Central School District's proportionate share of the TRS net pension asset (liability)	\$ (6,258,199)	\$ (990,746)	\$ 3,429,983

At June 30, 2021 the District reported deferred outflows of resources and deferred inflows of resources related to the TRS pension from the following sources:

	<b>TRS Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 868,091	\$ 50,774
Changes in assumptions	1,253,063	446,651
Net difference between projected and actual investment earnings on pension plan investments	647,044	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	88,814	70,808
Employer contributions subsequent to the measurement date	584,405	-
Total	<u>\$ 3,441,417</u>	<u>\$ 568,233</u>

The components of deferred outflows of resources and deferred inflows of resources, other than the difference between the projected and actual earnings on plan investments, are amortized into pension expense over a 5 year closed period, which reflects the weighted average remaining service life of all plan members, beginning the year in which the deferred amount occurs. The annual difference of the projected and actual earnings on plan investments is amortized over a five-year closed period beginning the year in which the difference occurs. The cumulative amounts of deferred outflows of resources and deferred inflows of resources reported will be recognized in pension expense as follows:

For the fiscal year ended:	<b>TRS</b>
2022	\$ 397,503
2023	790,656
2024	642,820
2025	403,561
2026	11,348
Thereafter	42,891
Total	<u>\$ 2,288,779</u>

*Pension Plan Fiduciary Net Position*

The components of the current year net pension liability of the employers as of June 30, 2020 were as follows:

	<b>TRS 6/30/2020</b>
Valuation date	
Employers' total pension liability	\$ 123,242,776,215
Plan net position	<u>(120,479,505,380)</u>
Employers' net pension asset (liability)	<u>\$ 2,763,270,835</u>

Ratio of plan net position to the employers' total pension liability 97.80 %

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Employees' Retirement System (ERS)**

The District recognized its proportion of the ERS net pension liability, deferred outflows of resources, and pension expense as of June 30, 2021. The ERS total pension liability was determined by actuarial valuations as of April 1, 2020 and rolled forward to the measurement date of March 31, 2021. The proportion allocation method utilized by ERS was the percentage of each employers fiscal year 2020 contribution to the total contributions to the plan.

The District's proportionate share of the pension liability of the ERS Plan represents 0.0056838% of the total net pension liability, which was a decrease of 0.0000566 from its proportion as of June 30, 2020. The District has recorded a net pension liability of \$5,660 as of June 30, 2021. The District has recorded its proportionate share of pension plan expenses of \$164,503 as of June 30, 2021.

**Actuarial Assumptions**

Significant actuarial assumptions used in the April 1, 2020 ERS valuation were as follows:

Rate of return on investments	5.9% compounded annually, net of investment expenses
Salary scale	4.4% average
Inflation	2.7%
Decrement table	Society of Actuaries Scale MP-2020 April 1, 2015 - March 31, 2020, System's Experience

**Expected rate of return on investments**

The long-term expected rate of return on the ERS investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class included in the Plan's target asset allocation as of the April 1, 2020 actuarial valuation are summarized in the following table:

<b>Asset Type</b>	<b>Long Term Expected Real Rate*</b>	<b>Target Allocation</b>
Domestic equity	4.1 %	32.0 %
International equity	6.3	15.0
Private equity	6.8	10.0
Real estate	5.0	9.0
Opportunistic/ ARS portfolio	4.5	3.0
Credit	3.6	4.0
Real assets	6.0	3.0
Fixed Income	-	23.0
Cash	0.5	1.0
		<u>100.0 %</u>

\* The real rate of return is net of the long-term inflation assumption of 2.00%.

**Discount Rate**

The discount rate used to measure the ERS total pension liability as of June 30, 2021 was 5.9%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

*Sensitivity of the proportionate share of the net pension liability to changes in the discount rate assumption*

The following presents the District's proportionate share of the net pension liability of the ERS plan, calculated as of the measurement date of March 31, 2021 using the discount rate of 5.9% per annum (the "current rate"). The table shows what the net pension liability would be if it were calculated using a discount rate that is 1% point lower (4.9%), or 1% point higher (6.9%) than the current rate.

	<b>1% Decrease (4.9%)</b>	<b>Current Discount (5.9%)</b>	<b>1% Increase (6.9%)</b>
Naples Central School District's proportionate share of the ERS net pension asset (liability)	\$ (1,570,882)	\$ (5,660)	\$ 1,437,842

At June 30, 2021 the District reported deferred outflows of resources and deferred inflows of resources related to the ERS pension from the following sources:

	<b>ERS Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 69,119	\$ -
Changes in assumptions	1,040,615	19,626
Net difference between projected and actual investment earnings on pension plan investments	-	1,625,766
Changes in proportion and differences between employer contributions and proportionate share of contributions	55,555	12,219
Employer contributions subsequent to the measurement date	77,167	-
Total	<u>\$ 1,242,456</u>	<u>\$ 1,657,611</u>

The components of deferred outflows of resources and deferred inflows of resources, other than the difference between the projected and actual earnings on plan investments, are amortized into pension expense over a 5 year closed period, which reflects the weighted average remaining service life of all plan members, beginning the year in which the deferred amount occurs. The annual difference between the projected and actual earnings on plan investments is amortized over a five-year closed period beginning the year in which the difference occurs. The cumulative amounts of deferred outflows of resources and deferred inflows of resources reported will be recognized in pension expense as follows:

For the fiscal year ended:

	<b>ERS</b>
2022	\$ (71,974)
2023	(25,574)
2024	(81,574)
2025	(313,200)
2026	-
Thereafter	-
Total	<u>\$ (492,322)</u>

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

*Pension Plan Fiduciary Net Position*

The components of the current year net pension liability of the employers as of March 31, 2021 were as follows:

	<b><u>ERS</u></b>
Valuation date	3/31/2021
Employers' total pension liability	\$ 220,680,157,000
Plan net position	<u>(220,580,583,000)</u>
Employers' net pension liability	<u>\$ 99,574,000</u>
Ratio of plan net position to the employers' total pension liability	99.95 %

**Note 9. Post Employment Healthcare Plan**

**Plan Description and Benefits** - The District administers a Post-retirement Healthcare Benefits Program (the "Plan") as a single-employer defined benefit plan. The District provides medical and dental benefits to retired employees and their eligible dependents. The benefits provided to employees upon retirement are based on provisions in various contracts that the District has in place with different classifications of employees.

The District acquires health insurance through a consortium known as the Finger Lakes Area School Health Plan (FLASHP). Benefits provided by FLASHP are administered by Excellus BlueCross BlueShield and MVP. The FLASHP plan covers medical, dental, and pharmaceutical costs. Health Economies covers dental costs for eligible bargaining units. Specifics and limitations of the coverage offered to retirees is contained in the plan document. Many of the services in the FLASHP plan require co-payments at various levels depending on the nature of the service.

**Employees Covered by Benefit Terms -**

<b>Participant Data</b>	
Active	167
Retirees	94
Beneficiaries	2
Spouses of Retirees	<u>15</u>
Total	<u>278</u>

**Total OPEB Liability** - The District's total OPEB liability of \$27,972,748 was measured as of June 30, 2021 and was determined by an actuarial valuation as of July 1, 2020.

**Actuarial Methods and Assumptions** - The method used to calculate the costs of the Plan is known as the Entry Age Normal, Level Percent of Salary. The total OPEB liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Discount rate	2.16%
Salary increases including inflation	2.60%
Healthcare cost trend rate	5.30% - 4.10% over 55 years

The discount rate was based on the bond buyer general obligation 20-bond municipal index.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

The following table shows the changes to the total OPEB liability:

Total OPEB liability as of July 1, 2020	\$ 30,876,188
Changes for the year:	
Service cost	1,900,656
Interest on total OPEB liability	718,103
Effect of demographic gains or losses	(1,524,615)
Effect of assumptions changes or inputs	(3,427,529)
Benefit payments	<u>(570,055)</u>
Net changes	<u>(2,903,440)</u>
Total OPEB liability as of June 30, 2021	<u>\$ 27,972,748</u>

*Sensitivity of the total OPEB liability to changes in the discount rate*

The following presents the District's OPEB liability calculated using the discount rate of 2.16% per annum (the "current rate"), as well as what the District's OPEB liability would be if it were calculated using a discount rate that is 1% point lower or 1% point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Assumption</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 33,468,549	\$ 27,972,748	\$ 23,646,777

*Sensitivity of the total OPEB liability in the Healthcare Cost Trend Rates*

The following presents the District's OPEB liability calculated using the healthcare cost trend rate, as well as what the District's OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1% point lower or 1% point higher than the current rate:

	<u>1% Decrease</u>	<u>Current Assumption</u>	<u>1% Increase</u>
Total OPEB Liability	\$ 22,784,787	\$ 27,972,748	\$ 34,882,719

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB*

For the year ended June 30, 2021, the District recognized OPEB expense of \$2,405,394. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between actual and expected experience	\$ 28,430	\$ 1,883,590
Changes of assumptions or other inputs	<u>3,622,747</u>	<u>3,925,787</u>
Total	<u>\$ 3,651,177</u>	<u>\$ 5,809,377</u>

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the fiscal year ended:	
2022	\$ (213,365)
2023	(213,365)
2024	(213,365)
2025	(214,091)
2026	(159,463)
Thereafter	<u>(1,144,551)</u>
Total	<u>\$ (2,158,200)</u>

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Note 10. Risk Management**

**A. General Information**

The District is exposed to various risks of loss related to torts, theft, damage, injuries, errors and omissions, natural disasters, and other risks. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

**B. Workers' Compensation**

The District incurs costs related to the Wayne-Finger Lakes Area School Workers' Compensation Plan (Plan) sponsored by the Board of Cooperative Educational Services, of Ontario, Seneca, Yates, Cayuga and Wayne Counties and its component districts. The Plan's objectives are to furnish workers' compensation benefits to participating districts at a significant cost savings. Membership in the Plan may be offered to any component district of the Ontario, Seneca, Yates, Cayuga and Wayne Counties BOCES with the approval of the Board of Directors. Voluntary withdrawal from the Plan may be effective only once annually on the last day of the Plan year as may be established by the Board of Directors. Notice of the Intention to withdraw must be given in writing to the Chairman of the Board of Directors and the Treasurer not less than one year prior to the end of the Plan year.

Plan membership is currently comprised of thirteen districts. If a surplus of participants' assessments exist after the close of a Plan year, the Board may retain from such surplus an amount sufficient to establish and maintain a claim contingency fund. Surplus funds in excess of the amount transferred to or included in such contingency fund shall be applied in reduction of the next annual assessment or to the billing of Plan participants. All monies paid to the Treasurer by participants shall be commingled and administered as a common fund. No refunds shall be made to a participant and no assessments shall be charged to a participant other than the annual assessment. However, if it appears to the Board of Directors that the liabilities of the Plan will exceed its cash assets, after taking into account any "excess insurance", the Board shall determine the amount needed to meet such deficiency and shall assess such amounts against all participants pro-rata per enrollee.

The Plan purchases, on an annual basis, stop-loss insurance to limit its exposure for claims paid. The Plan establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. However, because actual claims costs depend on complex factors, the process used in computing claims liabilities does not necessarily result in an exact amount. Such claims are based on the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and claims that have been incurred but not reported. Adjustments to claims liabilities are charged or credited to expenses in the periods in which they are made. During the year ended June 30, 2021, the Naples Central School District incurred premiums or contribution expenditures totaling \$49,391.

The Plan is audited on an annual basis and the Plan's financial statements are available at the BOCES administrative offices.

**C. Unemployment**

District employees are entitled to coverage under the New York State Unemployment Insurance Law. The District has elected to discharge its liability to the New York State Unemployment Insurance Fund (the Fund) by the benefit reimbursement method, a dollar-for-dollar reimbursement to the Fund for benefits paid from the Fund to former employees. The District has established a self insurance fund to pay these claims. There were no claims and judgment expenditures of this program for the 2020-2021 fiscal year. The balance of the fund at June 30, 2021 was \$90,353 and is recorded in the general fund as an unemployment insurance reserve. In addition, as of June 30, 2021, no loss contingencies existed or were considered probable or estimable for incurred but not reported claims payable.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Note 11. Contingencies and Commitments**

**Litigation** - The District is subject to claims and lawsuits that arise in the ordinary course of business. In the opinion of management, these claims will not have a material adverse effect upon the financial position of the District.

**Uncertainty** - The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of COVID-19 on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the District and its future results and financial position is not presently determinable.

**Note 12. Federal and State Funded Programs**

The District participates in a number of Federal and New York State grant and assistance programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

**Note 13. Tax Abatements**

As of June 30, 2021, tax abatement programs include abatements on property taxes. All property tax abatements are performed through Payment In Lieu of Tax (PILOT) agreements made by various Towns. The PILOT agreements are made to support electric and recreation. Total taxes abated by the towns in each of these categories for the fiscal year ended June 30, 2021 are as follows:

Electric	\$	123,632
Recreation	\$	219

**Note 14. Future Implementations of GASB Pronouncements**

The Governmental Accounting Standards Board has issued the following pronouncements which will be implemented in the years required. The effects of the implementation of these pronouncements are not known at this time.

Statement No. 87 - *Leases*. Effective for fiscal years beginning after June 15, 2021.

Statement No. 89 - *Accounting for Interest Cost Incurred before the End of a Construction Period*. Effective for fiscal years beginning after December 15, 2020.

Statement No. 91 - *Conduit Debt Obligations*. Effective for fiscal years beginning after December 15, 2021.

Statement No. 92 - *Omnibus 2020*. Effective for fiscal years beginning after June 15, 2021.

Statement No. 93 - *Replacement of Interbank Offered Rates*. Effective for fiscal years beginning after June 15, 2021.

Statement No. 94 - *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. Effective for fiscal years beginning after June 15, 2022.

Statement No. 96 - *Subscription-Based Information Technology Arrangements*. Effective for fiscal years beginning after June 15, 2022.

Statement No. 97 - *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Effective for fiscal years beginning after June 15, 2021.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Financial Statements**

---

**Note 15. Subsequent Events**

Management has evaluated subsequent events through the date of the report, which is the date these financial statements were available to be issued.

**Note 16. Restatement of Net Position**

For the fiscal year ended June 30, 2021, the District implemented GASB Statement No. 84, *Fiduciary Activities*. The implementation of this Statement resulted in the restatement of fiduciary net position. The implementation resulted in an increase in beginning net position of \$294,624.

The District's net position at June 30, 2020 has been restated as follows:

Net position beginning of year - as previously stated	\$ (4,976,381)
GASB Statement No. 84 implementation	<u>294,624</u>
Net position beginning of year - as restated	\$ <u>(4,681,757)</u>

The miscellaneous special revenue fund statement of revenues, expenditures and changes in fund balance has also been restated due to the implementation of GASB Statement No. 84 resulting in an increase in the beginning fund balance of \$294,624 as of July 1, 2020.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Required Supplementary Information**  
**June 30, 2021**

---

**Note 1. Budgetary Comparison Schedule and Budgetary Basis Reporting**

An operating budget for the general fund is adopted prior to the beginning of each year on the modified accrual basis of accounting. The general fund is the only fund for which a budget is legally required by New York State Municipal Law and it must be approved by the Board of Education and the voters of the District. Budget amendments require approval by the Board of Education. The budgetary comparison schedule has been prepared on the legal level of budgetary control. Therefore, the District's budgetary comparison schedule presents expenditures by department, with separate identification of personnel object codes, where applicable. The District prepares and reports its budgetary information in accordance with accounting principles generally accepted in the United States of America.

**Note 2. Schedule of Changes in the District's Total OPEB Liability and Related Ratios**

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information for the other postemployment benefit obligation, latest actuarial valuation and actuarial assumptions and methods can be found in the notes to the financial statements.

The Schedule of Changes in the District's Total OPEB Liability and Related Ratios is presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

**Note 3. Schedule of District's Proportionate Share of the Net Pension Asset/Liability and Schedule of Employer's Contributions**

The information presented in these required supplementary schedules was determined as part of the audit of the New York State Employees' Retirement System Plan (NYERS) and the New York State Teachers' Retirement System (NYSTRS). Additional information for the pension schedules can be found in the notes to the financial statements.

The Schedules of District's Proportionate Share of the Net Pension Asset (Liability) are presented to illustrate the requirements to show information for 10 years. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

**NAPLES CENTRAL SCHOOL DISTRICT**  
**Notes to Schedule of Expenditures of Federal Awards**  
**For the Year Ended June 30, 2021**

---

**Note 1. Basis of Presentation**

The accompanying schedule of expenditures of federal awards presents the activity of federal award programs administered by the District, which is described in Note 1 to the District's accompanying financial statements, using the modified accrual basis of accounting. Federal awards that are included in the schedule may be received directly from federal agencies, as well as federal awards that are passed through from other government agencies. The information in this schedule was prepared on the accrual basis of accounting and is presented in accordance with the requirements of *Title 2 U.S Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

The basis of accounting varies by federal program consistent with the underlying regulations pertaining to each program.

The amounts reported as federal expenditures were obtained from the federal financial reports for the applicable program and periods. The amounts reported in these reports are prepared from records maintained for each program, which are reconciled with the District's financial reporting system.

**Note 2. Subrecipients**

No amounts were provided to subrecipients.

**Note 3. Indirect Costs**

Indirect costs may be included in the reported expenditures, to the extent that they are included in the federal financial reports used as the source for the data presented. The District has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance. Matching costs (the District's share of certain program costs) are not included in the reported expenditures.

**Note 4. Non-Monetary Federal Program**

The District is the recipient of a federal award program that does not result in cash receipts or disbursements termed a "non-monetary program". During the year ended June 30, 2021, the District received \$18,599 worth of commodities under the National School Lunch Program (Assistance Listing #10.555).

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Education  
Naples Central School District  
Naples, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Naples Central School District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Naples Central School District's basic financial statements and have issued our report thereon dated October 6, 2021.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Naples Central School District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Naples Central School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Naples Central School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Naples Central School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as 2021-001.

## **District's Response to Findings**

Naples Central School District's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Naples Central School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

DRAFT

## **INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Education  
Naples Central School District  
Naples, New York

### **Report on Compliance for Each Major Federal Program**

We have audited Naples Central School District's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Naples Central School District's major federal programs for the year ended June 30, 2021. Naples Central School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable of its federal programs.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on compliance for each of Naples Central School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable of financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Naples Central School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Naples Central School District's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Naples Central School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

## Report on Internal Control Over Compliance

Management of Naples Central School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Naples Central School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Naples Central School District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Schedule of Findings and Questioned Costs**  
**For the Year Ended June 30, 2021**

---

**FINDINGS - FINANCIAL STATEMENT AUDIT**

**Reference: 2021-001**

**Requirement**

NYS Real Property Tax Law § 1318 limits the amount of unexpended surplus funds a District can retain to no more than 4% of the District's budget of the General Fund for the ensuing fiscal year. Nonspendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts assigned for the subsequent year and encumbrances are also excluded from the 4% limitation.

**Finding**

The District's unassigned fund balance at June 30, 2021, after excluding amounts assigned for the subsequent year end encumbrances, was in excess of the New York State Real Property Tax Law §1318 limit. For the fiscal year ended June 30, 2021, the District's unassigned fund balance is \$2,209,847 which is 10.17% of the 2021-2022 voter approved General Fund budget.

**District's Response**

Due to the COVID pandemic the District took a cautious approach to the 2020-2021 school year. As a result, the District underspent the budget and plans to utilize unassigned fund balance to create and fund a capital reserve fund and a capital bus reserve fund during the 2021-2022 school year. While federal stimulus funds are available, there are specific items those funds need to be used for. The District is continuing to take a cautious approach as adjustments may need to be made to transportation, staffing, cleaning processes and potential substitute teacher costs.

**PRIOR YEAR FINDINGS - FINANCIAL STATEMENT AUDIT**

**Reference: 2020-001**

**Requirement**

NYS Real Property Tax Law § 1318 limits the amount of unexpended surplus funds a District can retain to no more than 4% of the District's budget of the General Fund for the ensuing fiscal year. Nonspendable and restricted fund balance of the General Fund are excluded from the 4% limitation. Amounts assigned for the subsequent year and encumbrances are also excluded from the 4% limitation.

**Finding**

The District's unassigned fund balance at June 30, 2020, after excluding amounts assigned for the subsequent year end encumbrances, was in excess of the New York State Real Property Tax Law §1318 limit. For the fiscal year ended June 30, 2020, the District's unassigned fund balance is \$1,577,354 which is 7.44% of the 2020-2021 voter approved General Fund budget.

**Current Status**

This finding remains the same for the year ended June 30, 2021.

<b><u>AUDITED FINANCIAL STATEMENTS</u></b>	<b><u>PAGE</u></b>
INDEPENDENT AUDITORS' REPORT	1 - 2
STATEMENT OF CASH RECEIPTS, CASH DISBURSEMENTS AND CASH BALANCES	3
NOTES TO FINANCIAL STATEMENTS	4

## **INDEPENDENT AUDITORS' REPORT**

To the Board of Education  
Naples Central School District  
Naples, New York

We have audited the accompanying statement of cash receipts, cash disbursements and cash balances of the Naples Central School District (the "District") Extraclassroom Activity Fund as of and for the year ended June 30, 2021, and the related notes to the financial statement.

### **Management's Responsibility for the Financial Statement**

Management is responsible for the preparation and fair presentation of this statement of cash receipts, cash disbursements and cash balances in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the statement of cash receipts, cash disbursements and cash balances referred to above present fairly, in all material respects, the cash receipts, cash disbursements and cash balances of the Naples Central School District Extraclassroom Activity Fund for the year ended June 30, 2021, in accordance with the cash basis of accounting as described in Note 1.

## **Basis of Accounting**

We draw attention to Note 1 of the financial statement which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

The accompanying notes are an integral part of these financial statements.

**NAPLES CENTRAL SCHOOL DISTRICT  
EXTRACLASSROOM ACTIVITY FUND  
Notes to Financial Statements**

---

**Note 1. Summary of Significant Accounting Policies**

**A. Financial Reporting Entity**

The extraclassroom activity fund represents funds of the students of the Naples Central School District. Although the extraclassroom activity fund is independent of the District with respect to its financial transactions and the designation of student management, the Board of Education exercises general oversight of these funds. Based on this criterion, the extraclassroom activity fund is included in the District's reporting entity. The District reports these assets held by it as agent for the extraclassroom organizations in a miscellaneous special revenue fund in the governmental funds balance sheet and statement of revenues, expenditures and changes in fund balance.

**B. Basis of Accounting**

The accounts of the extraclassroom activity fund are maintained on a cash basis, and the statements of cash receipts, cash disbursements and cash balances reflects only cash received, disbursed and transferred between funds. Therefore, receivables and payables, inventory, long-lived assets, and accrued income and expenses, which would be recognized under accounting principles generally accepted in the United States of America, and which may be material in amount, are not recognized in the accompanying financial statement.

**Note 2. Proper Extraclassroom Activity Clubs**

Commissioner's regulations require that only funds involved with a Board-recognized student organization are reported in the extraclassroom activity fund. A bonafide student organization is one consisting of a number of student members with a student president, student treasurer and a faculty advisor.

Extraclassroom activity funds included in this report were formed only for educational and school service purposes in accordance with District rules and regulations for the conduct, operation and maintenance of extraclassroom activities.

**Note 3. Cash and Cash Equivalents – Custodial and Concentration of Credit Risk**

The extraclassroom activity funds cash and cash equivalents consist of cash on hand and demand deposits. New York State law governs the District's investment policies. Resources must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks or trust companies located within the state. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreement and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the state and its municipalities and districts. Investments, if any, are stated at fair value. There were no investments at June 30, 2021.

Custodial credit risk is the risk that in the event of a bank failure, the extraclassroom activity fund's deposits may not be returned to it. While extraclassroom activity funds do not have a specific policy for custodial credit risk, New York State statutes govern the District's investment policies, as discussed previously in these notes. Governmental Accounting Standards Board (GASB) Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance, and the deposits are either uncollateralized or collateralized with securities held by the pledging financial institution's trust department or agent, but not in the District's name.

The extraclassroom activity fund's aggregate bank balances of \$122,136 are either insured or collateralized with securities held by the pledging financial institutions in the District's name.

Board of Education

Fund Balance and Financial Reserve Plan Document

Fiscal Year July 1, 2020 – June 30, 2021

*\*Proposed to the Board of Education on October 6, 2021\**

*The Naples Central School District Board of Education believes that there is a strong correlation between the long-term financial health of the school district and its ability to provide students the necessary services and facilities to meet its mission.*

## **MISSION STATEMENT**

*The Naples Central School District challenges and supports all students to develop their diverse talents and abilities in a safe environment with rigorous opportunities. Students will graduate with the skills and confidence needed to excel in their chosen pursuits.*

## INTENDED USE OF RESERVES

Reserve funds, like other savings plans, are mechanisms for accumulating cash for future capital outlays and other allowable purposes. The practice of planning ahead and systematically saving for capital acquisitions and other contingencies is considered prudent management. Saving for future capital needs can reduce or eliminate interest and other costs associated with debt issuances. Similarly, certain reserve funds can be utilized to help protect the budget against known risks (a potential lawsuit) or unknown risks (a major ice storm).

Most reserve funds are established to provide resources for an intended future use. An important concept to remember is that a reserve fund should be established with a clear intent or plan in mind regarding the future purpose, use and, when appropriate, replenishment of funds from the reserve. Reserve funds should not be merely a “parking lot” for excess cash or fund balance. Local governments and school districts should balance the desirability of accumulating reserves for future needs with the obligation to make sure taxpayers are not overburdened by these practices. There should be a clear purpose or intent for reserve funds that aligns with statutory authorizations.

Each statute that authorizes a reserve fund sets forth a particular purpose for the fund. For example, provisions of the General Municipal Law (the GML) and the Education Law allow municipalities and school districts, respectively, to establish capital reserves for future equipment purchases and capital improvements. The GML also authorizes the establishment of an employee benefit accrued liability reserve for the payment of the monetary value of accumulated, unused leave time to employees upon separation from service. Planning today and saving incrementally for expected future events can help mitigate the financial impact of major, nonrecurring, or unforeseen expenditures on your annual operating budget. Establishing and funding allowable reserve funds for a clear purpose can help smooth out spikes in the annual budget and in the real property tax levy.

## Reserve for Encumbrances

### Overview

A “Reserve for Encumbrances” is not a “reserve” in the traditional sense of reserves. This reserve is utilized to hold funds that are committed towards purchases or services from the prior fiscal year for which no balance sheet liability exists as the good or services have not been received or billed. This value will fluctuate from year to year depending on various factors like the regular ongoing purchasing cycle and supplier’s ability to deliver products in a timely fashion. Significant additions or deletions to this reserve at year-end can cause large fluctuations in overall fund balance. The District will try to minimize its use at year-end so that balances remain stable and consistent.

## **Tax Certiorari Reserve [EDN Article 74 §3651 (1-a)]**

### **Overview**

- Established by Board of Education resolution
- Voter approval is not needed to expend funds
- Utilized to pay judgments and claims arising out of tax certiorari proceedings
- Established in the amount which might be deemed reasonably necessary to pay judgments and claims
- Monies not used and/or are not reasonably required to pay judgments or claims are to be returned to the general fund on or before the first day of the fourth fiscal year following deposit into such fund
- Such monies shall be deemed reasonably required to pay any such judgment or claim if the proceeding or claim has not been finally determined, or otherwise terminated or disposed of after the exhaustion of all appeals

### Analysis & Projected Needs

The tax certiorari reserve was established by the Board of Education in September of 2008. The amount of the reserve, capped by the Board of Education, is not to exceed the amount of \$500,000. A portion of the District is situated on Canandaigua Lake, which contains lakefront properties that are assessed at high values in comparison to other district properties. As a result, the District is extremely dependent upon tax revenues received from these properties. Approximately 55% of the District's revenues are derived from the tax levy. Approximately 60% of the tax base is in the Town of South Bristol where most of the lakefront property is located, and tax certiorari proceedings are ongoing. Current economic conditions in the housing market present many unknowns and it is prudent for the District to protect itself against fluctuations that may occur. There are no tax certiorari claims currently. However, in recent years, the estimated cost to the district, if all determinations had been granted in favor of the landowner, were over \$1M. Recently, all cases have either expired or settled. It is prudent to carry funds in this reserve given the uncertainty regarding claims. The District will continue to monitor and possibly increase this fund in future years to protect itself from major losses in tax revenue.

## **Insurance Reserve (GML Article 2 § 6-n)**

### **Overview**

- Established by Board of Education
- Funded by budgetary appropriations, transfers from other reserve funds as permitted by law, and such other funds as the school board may legally appropriate
- Contributions to the fund may not exceed 5 percent of the total budget for that year, or \$33,000, whichever is greater
- Voter approval is not needed to expend funds. A judicial approval is needed to pay settled or compromised claims exceeding \$25,000
- Upon determination that this fund is no longer needed the fund may be discontinued and transferred to another reserve fund as permitted by law

### Analysis & Projected Needs

The District will hold this reserve to fund losses, claims, actions, or judgments as they arise for those claims that are either not covered by insurance or are denied coverage by the insurance company. At 5% of budget, the current maximum amount that can be funded in this reserve is approximately \$1,086,726. However, there are no plans to increase this reserve at the present time.

## **Property Loss and Liability Reserve [EDN Article 35 §1709 (8-c)]**

### **Overview**

- Established by Board of Education resolution
- May be established as separate funds
- Contributions to each fund may not exceed 3 percent of the annual budget, or \$15,000 per year whichever is greater
- Once established funds may not be reduced below amounts needed to cover incurred but unsettled claims other than for payments for which the funds were established
- May be expended without voter approval unless the funds are expended for a purpose other than the one for which it was established
- Utilized to cover property loss and other liability claims

### Analysis & Projected Needs

The District will hold this reserve to fund property loss claims that are either not covered by insurance or are denied coverage by the insurance company as they arise. At 3% of budget, the current maximum amount that can be funded in this reserve is approximately \$700,000 annually. However, there are no plans to increase this reserve at the present time. In 2016, the Liability Reserve was eliminated and the remaining balance of \$20,627 was rolled into the Property Loss & Liability Reserve.

## **Employee Benefits Accrued Liability Reserve (GML Article 2 § 6-p)**

### **Overview**

- Established by Board of Education
- Funded by budgetary appropriations, transfers from other reserve funds as permitted by law, and other funds as the school board may legally appropriate
- Voter approval is not needed to expend funds
- Utilized to pay for accrued and accumulated but unused sick leave, personal leave, holiday leave, vacation time, and other benefits earned by employees and payable upon termination
- Upon determination that this fund is no longer needed the fund may be discontinued and funds may be transferred to another reserve fund as permitted by law
- Funds cannot be used to pay lump sum “retirement awards” calculated as a percent of an employee’s final salary and paid upon retirement under a collective bargaining agreement

### Analysis & Projected Needs

According to the audited financial statements, as of June 30, 2021 the District had an estimated future liability of \$3,333,475 for benefits paid to its employees upon termination of employment (compensated absences). This liability is largely made up of accrued sick leave benefits payable to employees in the form of health insurance premiums, at their daily rate, upon retirement from the District. As this liability represents a significant portion of the District's long-term obligations, the District continues to monitor this reserve and consider further funding if needed. For the 2020-2021 school year, the District did not appropriate funds from this reserve to support retiree health insurance benefits. The District does not anticipate appropriating additional funds from this reserve in the 2021-2022 budget.

# **Retirement (ERS/TRS) Contributions Reserve (GML Article 2 § 6-r)**

## **Overview**

- Established by Board of Education
- Funded by budgetary appropriations, revenues not required by law to be paid into other funds or accounts, transfers from other reserve funds as permitted by law, and such other funds as the board may legally appropriate
- Voter approval is not needed to expend funds
- A portion of the funds may be transferred to another reserve fund established pursuant to Education Law § 3651 following a public hearing conducted in the manner set forth by in law

## **Analysis & Projected Needs**

The ERS portion of the Reserve was established by the Board of Education in September of 2009. In November of 2009, the Board resolved to place \$80,000, received by First Wind Energy, LLC, from the settlement of wind farm proceedings, in the ERS Reserve. In addition to this amount, the Board added \$220,000 at June 30, 2010 to further fund this reserve. Additional funding of this reserve can be viewed below. Because of the severe stock market declines in 2008, the NYSERS (New York State Employees' Retirement System) had steadily increased the employer contribution to ERS. Current market conditions will potentially, negatively effect and impact district contribution rates. Therefore, it will be prudent to monitor balances in this reserve.

The TRS portion of this reserve was established June 30, 2019 in the amount of \$117,043. This is a newly legalized reserve and became law on June 30, 2019. School districts may fund the reserve by 2% of the previous year's instructional salary and may not exceed 10% of the total compensation or salaries of teachers employed and who are members of the NYS teachers' retirement system paid during the prior fiscal school year. Current market conditions may negatively effect and impact district contribution rates. Therefore, it will be prudent to monitor balances in this reserve.

The District will utilize this reserve to mitigate the impact of ERS contributions in future years. The District will also use this reserve to protect its financial position in an era of uncertain state aid and property tax caps.

## Retirement Contribution Reserve - ERS

## 20 Year TRS Rate Review

The District will utilize this reserve to mitigate the impact of TRS contributions in future years. The District will also use this reserve to protect its financial position in an era of uncertain state aid and property tax caps.

### **Unemployment Insurance Reserve (GML Article 2 § 6-m)**

#### **Overview**

- Established by Board of Education resolution
- Funded by budgetary appropriations, amounts from any other fund authorized by this chapter by resolution subject to referendum, or other sums that may be legally appropriated
- Voter approval is not needed to expend funds
- Utilized to pay unemployment claims
- Excess funds may be transferred to other reserves authorized by General Municipal Law and Education Law sixty days before the end of the fiscal year

### **Analysis & Projected Needs**

The District is obligated to pay 100% of all unemployment claims granted by the NYS Department of Labor. The District will continue to monitor and possibly increase this fund in future years as reductions in force may be necessary to balance future budgets. At the conclusion of the summer 2021 independent audit it was determined to add money to this reserve given unprecedented unemployment rates and their potential effect on student enrollment.

## Capital Reserve – Bus Purchase [EDN Article 74 § 3651 (1)]

### Overview

- Established by voter approval
- States the specific purpose of the fund, the amount, the term of fund, and sources where fund is obtained e.g. budgetary appropriations, unappropriated fund balance, and New York State aid

- Utilized to pay for any object or purpose for which a school district may issue bonds pursuant to Finance Law
- Expended only with voter approval and for the purpose for which the fund was established
- Transferred to other funds only by voter approval
- May be liquidated by approval of voters if determined fund is no longer needed for the original purpose.  
Proceeds must be applied first to outstanding bond indebtedness than to tax levy

### **Analysis & Projected Needs**

The capital reserve for bus purchase was established by a positive vote of the Naples CSD taxpayers on the 17<sup>th</sup> of May 2016. The reserve is authorized to be funded up to \$750,000 plus earnings thereon. As of June 30, 2021, \$750,000 has been funded. The purpose of the reserve is to finance in whole or part the cost of acquisition of transportation vehicles. Over the next three to five years, the district intends to fund and use this reserve (upon voter approval) to pay for buses if the cost cannot be absorbed by the General Fund. The Board will continue to fund this reserve in future years up to its maximum amount, and plans to bring forth a referendum to the

voters to establish a new Capital Reserve for bus purchases during the 2021-22 fiscal year with a projected maximum funding balance of \$750,000 with an initial amount of \$50,000 from 2021-22 unassigned fund balance.

## Capital Reserve - 2018 [EDN Article 74 § 3651 (1)]

### Overview

- Established by voter approval

- States the specific purpose of the fund, the amount, the term of fund, and sources where fund is obtained e.g. budgetary appropriations, unappropriated fund balance, and New York State aid
- Utilized to pay for any object or purpose for which a school district may issue bonds pursuant to Finance Law
- Expended only with voter approval and for the purpose for which the fund was established
- Transferred to other funds only by voter approval
- May be liquidated by approval of voters if determined fund is no longer needed for the original purpose. Proceeds must be applied first to outstanding bond indebtedness than to tax levy

### **Analysis & Projected Needs**

This capital reserve was established by a positive vote of the Naples CSD taxpayers on the 15<sup>th</sup> of May 2018. The reserve is authorized to be funded up to \$5,000,000 inclusive of accrued interest and other investment earnings. The purpose of the reserve is to fund site work, additions to, reconstruction, and equipping of its school buildings and facilities. Due to the overwhelming amount of capital construction that is needed and the low building aid ratio of 63.7% (2020-2021 aid ratio), the Board of Education feels that this reserve

is critical to its mission, is necessary to maintain health and safety for students and staff, is necessary to preserve school buildings, and should be in place to protect tax payer investment. The Board of Education proposes to utilize the entirety of the balance of this Capital Reserve for a Capital Project to be brought forth to the voters during the 2021-22 school year. The Board of Education also plans to bring forth a referendum to the voters to establish a new Capital Reserve during the 2021-22 fiscal year with a projected maximum funding balance of \$5,000,000 with an initial amount of \$850,000 from 2021-22 unassigned fund balance.

## Debt Service Fund (GML §6-1)

### Overview

According to the NYS Education Department:

(<http://www.p12.nysed.gov/mgtserv/budgeting/handbook/otherfunds.html>),

“The use of this fund by school districts is optional except where a mandatory reserve for debt service is required as a result of having sold school property on which there is outstanding debt, or where unexpended proceeds of borrowings, earned interest, bond premium, or accrued interest are being retained to offset future payments on principal and interest.”

### **Analysis & Projected Needs**

For the Naples Central School District, the Debt Service Fund is mandatory as the fund is used to account for “unexpended proceeds of borrowings, earned interest, bond premium, or accrued interest”. Over the years, the district has borrowed funds for various projects. At the end of every project, the district is required to take unexpended funds and use them to offset the cost of debt service principal and interest payments in the general fund.

For the 2021-2022 school year, the district plans to use \$98,000 to offset debt service payments through the general fund. The district will continue to expend monies from this fund in future years in an attempt to slowly work this fund down to zero while keeping in mind that this “general fund revenue source” will need to be replaced with other sources when it is spent down.

**Assigned Fund Balance/Reserve for Subsequent Year/Designated for Expenditures**

For the 2021-2022 school year, the District appropriated \$356,037 of prior year unassigned fund balance towards its budget. This represented approximately 1.6% of the budget. The District expects to return this amount to fund balance at the end of the fiscal year. Assigned fund balance will only be utilized as a last resort to meet expenditures if revenue does not cover expenses.

### **Unassigned Fund Balance**

Based on the Board of Education reserve plan to re-establish a new Capital Reserve and a new Capital Bus Reserve the projected fund balance of \$2,209,847 will decrease to \$939,847 by June 30, 2022 (4.39%).

\*Prior to establishment of Capital Project, new Capital Reserve and new Capital Bus Reserve

Will bring fund balance to \$939,847

### **NAPLES CSD RESERVE FUND STRATEGY**

Over time, the District prefers to continue to use conservative budgeting practices which, under normal circumstances, generally result in revenues exceeding expenditures at the end of the fiscal year. The District wishes to avoid draconian cuts in programs in the midst of the current economic crisis. Through the management of its reserves and carrying unassigned balance forward, the District hopes to achieve the following:

- Maintenance of educational programming during the current crisis
- Flexibility to adapt to new and changing expectations and regulations in the educational process due to COVID-19
- Cash flow in all funds that will continue to prevent the need to issue Revenue Anticipation Notes in the event state or federal aid is not paid in a timely fashion
- Cash flow in all funds that will allow for increased investment earnings
- The ability to take advantage of opportunities as they arise, relevant to school district operations, that could result in better efficiencies, facilities/capital improvements, and instruction that are a savings to taxpayers in the long run
- Consistencies and improvements in its educational program
- A long-term plan for preserving its infrastructure and school buildings through long-term planning in conjunction with the school architect and financial planning teams without significantly impacting the tax levy
- The ability to maintain and/or improve its bond rating which will save taxpayers money at both the local and state level

In terms of its mission and responsibility to manage its fiscal affairs prudently the Board of Education considers all the goals above to be critical to its philosophy in managing reserves.

### **Long Term Plan for Use of Fund Balance 2021-2026**

**6/30/22**

- Excess Revenue over Expenditures: \$550,000
- Transfer from Debt Service to General Fund: \$98,000
- Add up to \$150,000 to Retirement Contributions (TRS) Reserve
- Establish through voter referendum a new capital project to be funded through \$4,092,135 (2018 Capital Reserve) and \$370,000 of fund balance
- Establish through voter referendum, a new capital reserve to be funded up to \$5,000,000. Assign up to \$850,000 to newly established capital reserve

- Establish through voter referendum, a new capital bus purchase reserve to be funded up to \$750,000. Assign up to \$50,000 to newly established capital bus purchase reserve

#### **6/30/23**

- Excess Revenue over Expenditures: \$450,000
- Transfer from Debt Service to General Fund: \$75,000
- Add up to \$160,000 to Retirement Contributions (TRS) Reserve
- Assign up to \$1,000,000 to newly established capital reserve

#### **6/30/24**

- Excess Revenue over Expenditures: \$450,000
- Transfer from Debt Service to General Fund: \$75,000
- Add up to \$10,000 to Retirement Contributions (TRS) Reserve
- Assign up to \$1,000,000 to newly established capital reserve

#### **6/30/25**

- Excess Revenue over Expenditures: \$450,000
- Transfer from Debt Service to General Fund: \$75,000
- Add up to \$10,000 to Retirement Contributions (TRS) Reserve
- Assign up to \$1,000,000 to newly established capital reserve

#### **6/30/26**

- Excess Revenue over Expenditures: \$450,000
- Transfer from Debt Service to General Fund: \$75,000
- Add up to \$10,000 to Retirement Contributions (TRS) Reserve
- Assign up to \$1,000,000 to newly established capital reserve

**SUBJECT: EXTRA-CLASSROOM ACTIVITIES FUNDS**

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extra-classroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. Proper books will be kept and all moneys deposited in appropriate accounts as set up by the Board of Education. These accounts shall be subject to audit. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint ECA Central Treasurers, and a chief faculty counselor. Each ECA will have a faculty advisor appointed by the Board of Education annually. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extra-classroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Money may be accepted online through a Merchant Processing Agreement in order to accept credit or debit card payments into the Extra-Curricular Bank Account. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. The authority to expend moneys will be distinct and separate from the custody of these moneys.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

If any funds are held in the extra-classroom activities fund for an organization for one (1) fiscal year without any activity, the advisor will be notified. If there is no activity for an additional six (6) months, the organization will be declared inactive. No funds will be held in any inactive account for more than eighteen (18) months. When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of the inactive or discontinued ECAs and graduating class funds will be recommended to the Board of Education to be transferred to the Student Council.
