**Points of Interest:** Board President Jacob Hall commented on this year's recognition of Memorial Day, noting a large group had placed flags at Veteran's gravesites at the cemetery.

### Superintendent Recognitions & Updates:

Superintendent Frahm reminded those present that the annual budget and board member vote would be held by absentee ballot rather than in-person voting this year due to COVID-19 concerns, noting anyone who has not received an absentee ballot should call the school and a ballot will be sent out to them.

Interim School Business Administrator Jeff Black and District Clerk Pam Claes talked about the privacy issue regarding the counting of absentee ballots, explaining the process for opening the ballots, noting all the absentee ballots are removed from the voters' envelopes unopened and placed in the ballot box, then once all of the ballots have been separated from their envelopes they are opened and counted, so there is no way to identify who completed an individual ballot.

#### **Regular Meeting**

Superintendent Frahm and the Board of Education thanked Carter Waldeis for his service on the board as Student Representative for the 2019-2020 school year and stated the board had send a gift card for REI as a token of appreciation for serving on the board.

Dr. Frahm talked briefly about the Summer Learning Program, noting the District would not be able to have in-person summer school this year, adding for the students who would normally attend Prattsburgh for credit recovery, Prattsburgh will be running a virtual summer school; for the Elementary School Extended School Year program and Summer Academy there will be remote learning as well.

Superintendent Frahm then discussed employee safety protocols, discussing the phasing in of the maintenance staff through Phase 1; then clerical, head bus driver and mechanic with Phase 2. Dr. Frahm noted we want to make sure Naples Central School continues to be a safe place where folks can feel comfortable coming back to work, adding plans are being developed to have families come in and drop off devices, return textbooks and clean out lockers.

Dr. Frahm then discussed Spring Celebrations, noting in the Elementary building they are working on Kindergarten graduation; at the secondary level they have put together gift bags for senior athletes when senior signs were dropped off a couple of weeks ago; the PTP is working with the High School on a Facebook live event where they highlight students that are being recognized for Academic Excellence, adding it will be recorded for those who can't attend. Superintendent Frahm noted the big discussion has been around this year's Graduation and the different plans that might meet state approval. Discussion followed pertaining to information presented.

Board President Jacob Hall congratulated Superintendent Frahm on completing his PhD program and receiving his doctorate degree.

#### **Board Reports**

Facilities Committee: 2nd Vice President and Facilities Committee Member Robert Brautigam outlined items as discussed in the Facilities Committee Meeting.

Student Representative Carter Waldeis thanked the board for their generous gift, adding it will be put to great use. Carter noted the random deliveries and gifts from the Sports Boosters; PTP and staff members have been really appreciated. Carter stated he appreciated his time as the Student Representative, noting it was a great opportunity for public speaking and he had learned a lot. Mr. Waldeis also stated he felt the board members are role models in the community and he had been curious to see how the board worked. Carter then stated he hopes the Senior Picnic will go well and he is looking forward to Mr. Murphy's grilling. Carter thanked the board once again, noting he had learned a lot and it had been an interesting journey. Mr. Waldeis commented that it had been very unfortunate not having the person-to-person connection in class for the remainder of the year however the remote learning was very efficient and focused on what needed to be done. Discussion followed pertaining to the effectiveness of remote learning.
