PART 5 - CONTINUING ANNUAL SECONDARY MARKET DISCLOSURE OVER THE LIFE OF A BOND ISSUE TO COMPLY WITH CFR TITLE 17, SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, SECTION 240.15c2-12

The above-referenced Section 240.15c2-12 requires the School District, as the issuer of \$1,000,000 or more, "to enter into a written agreement to provide certain event notices and/or annual financial information to the Electronic Municipal Market Access ("EMMA") system maintained by the Municipal Securities Rulemaking Board ("MSRB")." When "Events" occur during the life of the issue, a determination is needed by Bond Counsel, and we can assist with the filing of the "Event Notices" after being notified by the School District as "Events" occur.

PART 6 - IRS ARBITRAGE REBATE OR PENALTY TRACKING AND CALCULATION IN COMPLIANCE WITH THE INTERNAL REVENUE CODE OF 1954, AS AMENDED, SECTION 148

The President of the Board of Education will make certifications in the closing documents prepared by Bond Counsel for the Note or Bond confirming compliance with the IRS Arbitrage Regulations §1.148. If available, the Board President will elect "Penalty" or "Rebate" on IRS Form 8038-G filed with the IRS at the time of closing on the issue. The District must track the receipt of the issue proceeds, interest earned thereon, and payments made to the IRS, as agreed to by the Board President in the closing "Arbitrage Certificate" so that the issue remains exempt from, federal, state, and local income tax under §148 of the Tax Code.

The following items will be completed at the firm's hourly rate, on an as needed basis to comply with the Internal Revenue Service Code:

- (6.1) **Determine Arbitrage Impact** on various borrowing scenarios based on "what ifs" applied to variable criteria which can affect amount of Rebate/Penalty and, consequently, amount of interest earned payable to the Internal Revenue Service.
- (6.2) **Track specific proceeds** of each issue, so the District may remain in compliance with the Internal Revenue Code, using approved Government Finance Officers Association guidelines, procedures and tracking tools. The necessary raw data will be requested by our firm and the monthly tracking accomplished with reports and recommendations to the District on optional spending patterns.
- (6.3) Perform **Arbitrage Rebate/Penalty Analysis and calculations** to determine amount of Rebate or Penalty, if any, payable to the Internal Revenue Service.
- (6.4) Assist in the completion of the **Internal Revenue Service Form 8038-T, "Arbitrage Rebate and Penalty in Lieu of Arbitrage Rebate"**, which must be filed with any Arbitrage Rebate/Penalty payment made to the IRS, in compliance with Section 148 of the Internal Revenue Code.
- (6.5) **Compile an audit trail document** showing transactions related to the issue's proceeds. The calculation of the "spend down" thresholds and any penalty or rebate will be included. The documentation will be provided to the District at completion of tracking the expenditure of the issue proceeds or in the interim for an IRS compliance audit, if required.
- (6.6) Assist in the preparation for, and **attend any worksessions** and/or meetings if and when an **IRS Audit** takes place regarding Section 148 of the IRS Tax Code dealing with arbitrage review.

PART 7 - FINANCIAL MANAGEMENT SERVICES

The following representative items may be completed at the request of the Board of Education or School Administrators under this portion of the contract:

- (7.1) Assist in the creation of a **projected cash flow** for the project.
- (7.2) Assist with and coordinate the **wire transfer** of funds from bank to bank through the Federal Reserve System.
- (7.3) Assist with **financial planning** and borrowings and review of borrowing options and scenarios.
- (7.4) Assist in establishing **accounting records** and bookkeeping procedures on the double-entry basis.
- (7.5) Create the format for a **monthly financial report** on the project to summarize the information in the bookkeeping system for management purposes.
- (7.6) Assist in estimating appropriate **debt service budget** figures.
- (7.7) Attend and participate in **Board meetings**, worksessions, or public information meetings.
- (7.8) Assist Bond Counsel and District with any **Tax Questionnaires** related to financings.
- (7.9) Prepare **interim reports** concerning financial matters of the project.
- (7.10) Obtain an independent market valuation of the current value of **bonds** proposed to be **substituted in lieu of cash retainage** by contractors pursuant to Section 106.00 of the General Municipal Law and provide written followup and procedural suggestions for the physical handling of these instruments.
- (7.11) Complete the **SA-23, "Request for Building Aid Estimate"** for execution and filing by the District Officials. This assumes the District has received the "Approval of Plans and Specifications" and "Bond Certificate" from the State Education Department.
- (7.12) Provide a tracking document for various State Aid forms to enhance awareness of the District for timely and sequential filing with Facilities Planning, General Aids and Services and School District Reorganization, where appropriate.
- (7.13) Assist in the preparation of various New York **State Department of Education forms and reports** pertaining to the Capital project.
- (7.14) If required by arbitrage rules, coordinate the investment in State & Local Government Series in cooperation with the local bank of account, bond counsel and the Federal Reserve Bank in New York City.

- (7.15) Assist with **credit rating review** and/or conference call for bond sale or surveillance call as needed by Credit Rating Agency.

Personnel

SUBJECT: TEMPORARY PERSONNEL

The District's needs sometimes require temporary appointments. The terms of these appointments shall be defined by the Board on a case-by-case basis.

Student Teachers

The District shall cooperate with teacher training institutions in the placement of student teachers to provide beginning teachers with the best possible student teaching experience.

Schools are required to allow student teachers to videotape themselves providing instruction in a classroom to meet part of their instruction assessment requirements for teaching certification. The video must remain confidential, is a confidential record of the New York State Education Department (SED), and is not subject to viewing or disclosure to an individual or entity other than the student teacher applicant and relevant SED personnel.

Student teachers shall be protected from liability for negligence or other acts resulting in accidental injury to any person by the District, as provided by law.

Student Teachers shall not be allowed to substitute teach until they have completed all requirements for student teaching.

Substitute Teachers

A fully qualified substitute teacher will be employed, whenever possible, by the Superintendent in the absence of a regular teacher. It is recognized that fully certified persons will not always be available for employment as substitute teachers.

A teacher substitute is required to have at least two (2) years of higher education. Exceptions must be approved by the school superintendent.

Eligibility for Service

Per Commissioner's Regulations Section 80-5.4, there are three (3) categories of substitutes:

- a) Substitutes with valid teaching certificates or certificates of qualification may serve in any capacity, for any number of days. If employed on more than an "itinerant" basis, these substitutes will be employed in their certification area.

- b) Substitutes without a valid certificate, but who are completing collegiate study towards certification at the rate of not less than six (6) semester hours per year may serve in any capacity, for any number of days, in any number of school districts. If employed on more than an "itinerant" basis, these substitutes will be employed in their anticipated certification area.
- c) Substitutes without a valid certificate and who are not working towards certification may serve for no more than forty (40) days per school year. In extreme circumstances – where there is a urgent need for a substitute teacher – however, the District may employ this substitute teacher beyond the 40-day limit, for up to an additional fifty (50) days (90 days total in a school year), if the Superintendent certifies that the District conducted a good-faith recruitment search and there are no certified teachers available who can perform the duties of the position.

The District may hire this substitute teacher beyond the 90 days only if the Superintendent attests that the District conducted a good-faith recruitment search, but there are still no certified teachers available who can perform the duties of the position and that the District needs a particular substitute teacher to work with a specific class or group of students until the end of the school year.

The Board will annually establish the ordinary rate for per diem substitute teachers.

Reporting

The Superintendent will submit an annual report to the Commissioner concerning the employment of all uncertified teachers. The report will include:

- a) The number of substitute teachers authorized to be employed beyond the 40-day limit.
- b) The number of substitute teachers authorized to be employed beyond the 90-day limit.
- c) The required good-faith recruitment certifications for all teachers employed beyond the 40-day and 90-day limits.

The placement of a person on the approved substitute list requires Board of Education approval.
