Public Comment: Guest Barbara Levasseur commented on the Senior Citizen's Sliding Scale Exemption and handed out copies of a spreadsheet comparing the sliding scale exemptions for the city of Canandaigua and towns and villages in Ontario County. Ms. Levasseur requested that the district increase the senior citizens' exemption rate stating the rate had not been changed for thirteen years, and suggested that the District look at creating a schedule where the exemption schedule can be reviewed more frequently.

Board Response:

Mr. Swartz stated we have looked at the schedule over the past two weeks and not only compared ourselves to other districts but also the many different factors that drive a tax bill, noting part of it may be the sliding scale; part the degree at which a school district goes out at CAP or below CAP each year; the tax rates; and revenue from the state.

School Business Administrator Chad Hunt presented information on the senior exemption, comparing our exemption limits to the six school districts in our immediate area, noting those districts with higher limits also have higher tax rates, adding a decision like this is very difficult as it is not just Naples that is affected as our District encompasses four different counties and twelve different municipalities so whatever decision we make is going to effect all of them as well as our school district. Mr. Hunt stated he is working with the different municipalities to try to get an idea of what the impact would be and the problem we are finding is because we do not have information on income levels there is no way to determine how many people would potentially qualify for the exemption, so it's hard to project the impact of a change. Mr. Hunt stated if we raise the limit we don't know if we would go from a valuation of over \$2,000,000 dollars in senior exemptions as was our tax base last year, to an increase of two or three or five million more this year, noting these are the things we need to take into consideration. Mr. Hunt stated in order to make an informed decision we need to have an idea of how many homes in our district qualify for the senior exemption and what the impact would be on the rest of the District tax base, noting there are a lot of families who are struggling, for example young families with children.

Board President Jacob Hall stated the senior exemption is not like the Star or Enhanced Star Program which is a rebate from NYS, that is money that still comes into the school and does not increase the tax for other tax payers, but with the Senior Exemption, the reduction in taxes for seniors is absorbed by other tax payers, noting if we are to consider this, the district needs to look at the tax burden throughout the area, so it's a very complex situation and the District is still trying to evaluate the impact to Naples, the four counties and twelve municipalities.

Guest Ms. Levasseur asked if this considers looking at the school budget to see if there is excessive spending in any areas. School Business Administrator Chad Hunt stated the Budget Committee goes through the budget line by line to check if there are areas where we did not expend the amount projected for a specific item, so if the district didn't spend the projected amount, the amount is reduced for the next year, noting we try to be very accurate in what we are budgeting, adding for the 23-24 school year, knowing the difficulties a lot of our community are having, we did not go out at the Tax Cap of 4.1%, knowing a lot of people are struggling we went out at 2.5%, adding that was a big decision as that is revenue we will not be able to make up. Mr. Hunt stated we try to build a budget that covers current programming for kids and community programs which happen seven days a week. Ms. Levasseur stated they are looking at what the dollar is worth today, noting compared to 2010 it's down to fifty-nine cents, adding the sliding scale has not been adjusted since 2010, saying it's very hard to live on Social Security. Mr. Hall stated their concerns and points were very valid and the district appreciated all the information they had brought forward.

Public Comment: Varsity Swim Coach Alinda Gangi presented information on an opportunity to attend the 46th Annual Eastern States Swim Clinic with some of the swimmers, which would be held October 13th and returning October 15th, in King of Prussia, Pennsylvania, noting she would be able to attend coaching clinics and the students would have the opportunity to work

with Olympic Swimmers Cullen Jones and Breeja Larson as well as some of the country's top coaches. Mrs. Gangi stated she is hoping to have the trip approved for herself, fellow teacher Jessica Mothersell as a chaperone as she will be attending classes and six swimmers, adding she is hoping if the conference goes well this year, then in future years, they can increase the number of participants. Superintendent Swartz noted the students would not miss any class time as they would leave after school hours on that Friday. Board President Jacob Hall stated he thought it would be a tremendous opportunity and he appreciated the way she was structuring the trip for the first year. Board Member Angela Rischpater commended Alinda for taking the extra initiative as a coach to learn more about coaching and giving the swim team members such an inspiring thing to do, adding it shows great leadership.

Points of Interest:

Board President Jacob Hall stated they had a wonderful Homecoming weekend, adding that Grape Festival is coming up this weekend.

Superintendent Recognitions & Updates:**Student Representative Update:**

Student Representative Garrett Waltman stated last weekend we had Homecoming noting Student Council oversaw Homecoming and that went well; we won both of our Soccer games, which was great; the Senior Class is working on their fund raiser for the Grape Festival, noting they will be doing the bouncy house and the pies again this year; National Honor Society had their first meeting yesterday, noting they had elected officers and they are working on getting a blood drive set up for next month.

Superintendent Update:

Superintendent Kevin Swartz stated it was a wonderful day Homecoming weekend and our teams are having a lot of success this year but what he felt was most important was the Sportsmanship piece, noting at his superintendents' meeting last Friday they received an update from several of the referees who serve on the athletics committee and the referees shared that one of the trends they were seeing, adding fortunately Naples was not among the districts they mentioned, was an increase in suspensions of athletes, and red cards, and to know that Naples has not been a part of that and has been demonstrating good sportsmanship on and off the field really made him feel good, adding that was something he saw throughout the day at Homecoming whether it was from the athletes on the field or the parents who were there, it was a great day, commending the athletes not just for the success they are having but for the behaviors they are demonstrating every day.

Mr. Swartz noted he was happy to report the Capital Project is moving forward well; all the Elementary classrooms have been completely gutted; most of the old cabinets and things have been removed so very quickly they will be at a point that once the supplies come in, they will be installing the new cabinetry; the High School Auditorium is now empty of all chairs and abatement work has begun in both that space and the spaces behind it; there have been a few moderate disruptions with diesel smells and things of that nature but they have been managed very quickly by the project managers; the canopy has been removed; adding the pace will be picking up.

Superintendent Swartz stated a High School nurse is on the agenda for approval, thanking Polly Halladay and Laura Finnan for their willingness to come in and fill that void until a nurse could

be appointed, adding Laura Finnan will be helping our new nurse as she transitions into the position.

Grape Festival will be held this weekend, noting Jo Anne Alliet and the Festival Committee have been great to work with and Director of Facilities Shawn Mason has been wonderful too in terms of his responsiveness to Jo Anne, adding Shawn will be working the day of the festival along with Jim DelGatto and a few others to support them.

Board President Jacob Hall thanked the Administrative Team, noting everything with the construction project is going well but that is because of the great effort from all of them.

Administrative Update:

Elementary Principal Kristina A. Saucke stated considering everything that has been going on with the capital project we have had a fantastic school opening, noting it is going to be the year of flexibility and coziness as they are sharing a lot of space together, adding she told the staff we survived COVID so this will be a piece of cake, noting occasionally there will be bumps in the road and there is a sense of excitement in seeing the work come along so quickly. Ms. Saucke stated she meets each Friday with Shawn Mason, Jim DelGatto, Mike Hoag the project manager, and Chris Arsenault the NTA president to make sure we are communicating constantly about what is coming up and questions people have, adding Mr. Hoag has been wonderful. Ms. Saucke stated it has been a very busy start to the year as they have been putting some new things into place in terms of their benchmarking tools around ELA, Math & Social Studies in addition to their typical benchmarking, adding the intervention team has been wonderful in supporting the teachers; They are also doing a Math pilot, noting it's exciting work, adding it ties into our foundational skills priorities and also engaging all of our students and opening opportunities for everyone; They are getting their first After School Program session started, noting they will be doing three sessions this year and the first session will start October 10th; They had their first Rally in the Valley today and inducted the Safety Patrollers which was a great opportunity to have Deputy Durgan meet some of the parents of the patrollers, adding every class had two representatives come up and share what their classroom goals were for the year; The goals will be posted outside of each classroom for Open House which will be held next Thursday, September 28th from 6-7 p.m. and Jr/Sr High School will be from 7-8 p.m.; The new staff is getting acclimated, noting every other month they hold Mentor meetings and on off months Carrie Grove meets with the new teachers for additional support.

Director of Pupil Personnel Katherine Piedici stated it has been a busy start to the school year, noting we have a new 15:1 Special Education Program in 7th grade and it has been going really well, noting with that we started a combination of a FSC and Success Strategies combined class which the kids have enjoyed, adding it has gone really well for that group; We have a new 8:1:1 class in the Elementary with Jodie Schwartz for incoming Kindergarteners and 1st Graders, adding there has been some shifting with Anneshia VanBortel taking Jodie's old class; Mrs. Piedici noted there has also been some shifting with the way the 5th and 6th grades are splitting with Special Education, adding at the 4th and 5th Grades Lauren Eisinger-Hayes is helping to support ELA and Julie Didas is helping to support Math.; In terms of grant work, Heather Clark is working with a group at the High School on strength based practices, adding they spent a half-day planning some work with Charlie Appelstein on our October Conference Day and some work with our students and a parent night with Charlie Appelstein on October 5th, giving kudos to Heather Clark and Melissa Andaloro for leading the charge in implementing strength based practices.; We are happy to be approving a High School Nurse at tonight's meeting, noting she

comes with experience as an Emergency Room Nurse, adding she is very calm and she feels she will be a great addition to our High School.

Secondary Principal Matthew Mahoney stated August 14th was his first day, adding after a few days here he could see the staff had a great handle on everything and it would be a great start to the year so he had the opportunity to read through things, get to know the District and meet the staff and students; Homecoming week was great, adding it was neat to see all the kids and how much they enjoyed the activities, stating this is a very easy District to get comfortable in and get to know the people, noting he feels this is such a great place for kids to come to school and for him to be a part of, thanking the board for the opportunity.

Guidance Office Update:

High School Guidance Counselor Bill Murphy mentioned last year we had two students approved to take AP Computer Science through AccelerateU and it worked really well so High School teacher Antone Olney did a lot of leg work to receive and approval to teach the AP Computer Science class and set up the curriculum and materials in order to teach the class, noting that is our 8th AP class offered at Naples Central School adding this summer there were a total of 8 students who registered to take the class, noting they will monitor year-to-year whether the need would be more for the non-AP level Computer Hardware and Programming course or the AP Computer Science.

Mr. Murphy then presented an overview of services offered by the Guidance Department, including Classroom Presentations in grades K-8th for sexual abuse prevention which is mandated by Erin's Law and presented by Safe Harbors, noting information is provided to parents, adding School Counselors and Psychologists are available throughout the day for students who may want to talk further; Classroom Presentations on Social and Emotional Learning (SEL) with Guidance Counselor Monica Kastner for grades 7th – 12th; Classroom Presentations at the 6th Grade, noting a college and career unit is now being required, adding the students do a personality profile for career ideas, review options for college or training opportunities for careers and the project culminates in a research paper, noting it has been neat for him to get to know the 7th graders before they come over.; 7th Grade - Community Building Circles with Mrs. Kastner during Family Consumer Science Classes, noting students work on self-reflection, recognizing strengths/weaknesses and learning to work together as a group, building of community, adding a lot of the topics are driven by teacher input; 8th Grade - Four Year Planning Presentation and work at developing each student's written plan including a BOCES Field Trip to allow students to explore different careers; 9th Grade – Mr. Murphy does a presentation letting the 9th graders know their grades from 9th – 12th grades are what count on their transcripts and explains what transcripts, GPA, class rank, and weighted grades are and explaining how good grades pay even if you are not planning to college as a future employer may request a copy of your transcripts. They introduce students to Naviance and complete a Strengths Explorer Day as well as have an opportunity to attend Finger Lakes Works with their Hands; 10th Grade – BOCES Presentation is given to all students during the Global Studies classes, and interested students will attend a tour of two BOCES programs of their choice, a career presentation is given with a personality profiler completed in Naviance followed by individual meetings to adjust the four year plans, and an opportunity to attend Finger Lakes Works with their Hands; 11th Grade - RAC/PSAT; Mini presentation on how to navigate a college fair and PSAT information is given in September, the Alfred State Field Trip in October, College/Career search process lesson using Naviance, Indeed, etc. in January, the NACAC College Fair in March, and again the opportunity to attend Finger Lakes Works with their Hands; 12th Grade - How to apply to College Presentation with some students using the time for career

research, a three-week career unit in English 12 including job search, resumes, cover letters, CSEA, Training options other than college, interview skills, and mock interviews, as well as many, many individual appointments to create individual plans. Discussion followed pertaining to information presented.

Discussion regarding a possible Reduction in the required number of Board of Education members: Board President Jacob Hall stated there have been a number of conversations regarding the difficulty in finding people willing to serve on the board, adding Naples has nine board members which is awesome if we can continue to fill all nine seats. Mr. Hall suggested that board members start talking to folks in the community to find out if they interested in participating in the board now or in the future, in order to gauge if the board needs to reduce the number of board members from nine to seven. Jake noted there are a lot of benefits in having a larger number on the board but he has noted there are a number of districts who have been unable to fill board seats and then are unable to do business due to a lack of quorum, so putting the District in a difficult position. Board Member Robert Brautigam asked for an overview of how the transition would occur. Mr. Hall stated if we were to go from 9 to 7 members, the board would need to get a petition of at least 25 voters and it would be placed on the May 21, 2024 ballot for approval by district voters and if passed it would take effect on July 1st of 2025.

Superintendent Kevin Swartz stated if it is determined by board discussions with the community that interest in folks running for the Board is running lukewarm then we would move forward to the petition phase and have further conversations on what the transition to a lower number of board members would look like. Board discussion followed pertaining to information presented.

Board Reports: Budget Committee

Board Member Kelley Louthan stated the Budget Committee, including Jacob Hall, Angela Rischpater, himself, School Business Administrator Chad Hunt and Superintendent Kevin Swartz, had met this afternoon, noting there was quite a bit of discussion around continuing to tighten our belt, adding we will receive one more year of Federal Funding and the District is cognizant of what that will look like when we lose that funding, noting when we have staff retirements or even when we are looking at replacement of vehicles we will need to determine what is necessary to be replaced to maintain a quality program along with fiscal responsibility. Mr. Louthan stated we need to be aware that enrollment numbers are down, also this will be the last year we will be able to add to our TRS reserve, noting we realize we will not be in as comfortable of a position.; We will continue to fund the Transportation Reserve and will hold a vote each year for the purchase of transportation vehicles as we move forward and not draw from the general fund similar to how we have done in the past. Board President Jacob Hall stated with the new state requirement to go to EV Buses, there will be a significant increase in cost, going from around \$150,000/bus to \$450,000/bus. School Business Administrator Chad Hunt stated there is a realization that we need to cut the expenditure budget and use the reserves, adding with the decrease in enrollment there will be a decline in state aid as well. Mr. Louthan stated the District is looking at a full day UPK, adding they are looking at doing a parent survey to determine interest, noting our current program is half-day.; Funding for Winterguard and replacements for sports equipment; The Rural Schools Grant which is covering our After School Program this year.

Mrs. Piedici stated regarding the UPK grant, Bristol Mountain Day Care is located within our school district boundaries and because of that we would have to work with them and see if they are interested in a partnership and determine if they would qualify for the grant, adding there is an RFP process that she is working through to send to them to see if they are interested, noting if they qualify, they would receive 10% of the UPK grant money

Board Member Amie Levine left at 7:09 p.m.

Guiding Questions

What information do we need to make an informed decision?

- How many homes in our District qualify for the senior exemption?
- What impact would raising the senior exemption have on the rest of the District tax payers?

We are currently working with our local colleagues to gather this information.

We work with 4 counties; (Livingston, Ontario, Steuben, and Yates) as well as 12 municipalities.

**MEMORANDUM OF AGREEMENT
BETWEEN
CIVIL SERVICE EMPLOYEES ASSOCIATION, INC. (CSEA, INC.),
LOCAL 1000, AFSCME, AFL-CIO,
NAPLES CSD SUPPORT STAFF UNIT #7853
ONTARIO COUNTY LOCAL 835,**

The Naples Central School District (hereinafter referred to as the "District") and the CSEA, Inc. (hereinafter referred to as the "CSEA"), (collectively referred to as the "Parties") are parties to a collective bargaining 2019-2027 Agreement (hereinafter referred to as the "CBA") and recognize:

1. Appendix A of the CBA states that the entry range for 2023-27 Nurse is between \$25.70 - \$30.70 hourly;
2. The District has been unable to hire a Nurse at the current entry range; and
3. The Parties wish to resolve this matter amicably and in the best interest of the CSEA and the District.

Therefore, the Parties agree as follows:

1. To amend Appendix A of the CBA to state that the entry range for 2023-27 Nurse is between \$25.70 - \$32.70 hourly. The parties further agree that the starting salary range for Nurses may need to be revisited in the future if the District continues to have difficulty hiring this position.
2. This entry range increase shall only apply to the Nurse(s) hired after the full execution of this Agreement.
3. The parties hereby acknowledge that they had the opportunity to be advised by counsel or a labor relations representative, and/or CSEA Unit Officer regarding this Agreement, that they have read this Agreement, that they fully understand its contents, and that they have executed the same and made the agreement provided for herein voluntarily and of their own free will.
4. By their signature below, the parties acknowledge the above understanding is being made based on the particular circumstances involved and that this agreement shall not serve as a precedent in any future application or interpretation of the collectively bargained agreement between the parties, except as stated therein.
