A similar presentation was shared with the group by Mr. Elwell. The BOCES Superintendent, Lynne Rutnik, shared with Mr. Swartz that she would like to look into having the information be presented at a future conference in front of the state. # Cost Proposal & Standard Contract

## A. Cost Proposal

Naples Central School District	6/30/2026	6/30/2027	6/30/2028	6/30/2029	6/30/2030	Total
Financial Statement Audit	\$22,500	\$24,100	\$25,800	\$27,700	\$29,700	<b>\$129,800</b>
Extra Classroom Audit	\$ 3,000	\$ 3,000	\$ 3,000	\$ 3,000	\$ 3,000	<b>\$ 15,000</b>
Single Audit (a)	\$ 2,500	\$2,500	\$ 2,500	\$ 2,500	\$ 2,500	<b>\$ 12,500</b>
	\$28,000	\$29,600	\$31,300	\$33,200	\$35,200	<b>\$157,300</b>
Single year contract premium	<u>4,000</u>	<u>(1,000)</u>	<u>(1,000)</u>	<u>(1,000)</u>	<u>(1,000)</u>	-
Total All-Inclusive price	<u>\$32,000</u>	<u>\$28,600</u>	<u>\$30,300</u>	<u>\$32,200</u>	<u>\$34,200</u>	<b><u>\$157,300</u></b>

The fees above include a \$4,000 Single Year Contract Premium. This premium will be amortized, as shown, equally in each succeeding contract year and reduce the agreed upon fee for those years. The purpose of this premium to offset the first-year costs of a new client. These costs are returned to you in future fee savings.

- (a) Single audit fee includes one major program. Additional audit requirements associated with multiple major programs will result in additional fees.

### Out-of-Pocket Expenses Included in the Total All-Inclusive Maximum Price

We do not charge our clients separately for out-of-pocket expenses: telephone conversations or office overhead items such as travel, copies, faxes, or administrative support. Therefore, expenses, to the extent incurred, are included in our fees. We do not charge for travel time.

## B. Rates for Additional Professional Services

### Fees for Additional Services

Fees for additional services will be negotiated with you prior to commencement of work. You will never be billed for any work you have not already authorized.

### SCHEDULE OF FEES FOR ADDITIONAL SERVICES AND AUDITS IF REQUESTED BY THE DISTRICT

	Hourly Rate
Partner	\$410
Principal	\$250
Manager	\$210
Supervisory Staff	\$180
Staff	\$140

Many times we will work with our clients to negotiate fixed fee engagements that result in blended hourly rates for services performed, which provides you with a certainty of cost. In our experience, each project is unique and must be priced accordingly to ensure the fairest price for you and for us.

### **Manner of Payment**

It is understood that progress payments will be made on the basis of hours of work completed in accordance with the project cost proposal. Interim billings shall cover a period of not less than a calendar month. The engagement will be billed monthly during the course of the engagement.

### **Unlimited Phone Support**

In order to properly serve our clients, we need to know what the issues affecting them are. We realize, however, that clients are sometimes hesitant to call us as they have been "nickel and dimed" with fees for phone calls by other firms. To encourage regular contact with our clients, we offer unlimited phone support throughout the year. Because we will provide ongoing access to the accounting, auditing, and business advice you need on a fixed-price basis, you will not be inhibited from seeking timely advice by fear of the meter endlessly running. We want to offer you access to the accumulated wisdom of the firm through CPAs with substantial experience who can help you achieve your goals.

While the fixed fee audit entitles the District to unlimited consultation with us, if your question or issue requires additional research and/or analysis beyond the phone conversation, this additional work will be subject to an additional price negotiation prior to the additional services being performed. In our experience, our clients are knowledgeable about those situations that would constitute an additional service and are prepared to have that discussion.

## **C. Standard Contract**

Our standard contract takes the form of an engagement letter which is provided prior to the commencement of work.

Upon selection, the District's standard contract, if used, is subject to review and approval of Bonadio's in house counsel.

Ms. Linda McClean, CPPB  
Purchasing Director  
Wayne-Finger Lakes BOCES  
131 Drumlin Court  
Newark, NY 14513-1863

Thank you for the opportunity to propose to provide external auditing services required by Wayne- Finger Lakes BOCES (BOCES) for the years ending June 30, 2025 for Canandaigua City School Distrct and June, 30 2026 for Clyde-Savannah Central School District, Geneva Central School District, Naples Central School District and Williamson Central School District with the option of performing similar services for each of the four subsequent fiscal years. We have read, acknowledged, and fully understand the four addendums set forth by Wayne-Finger Lakes BOCES.

We believe that the contents of this proposal will illustrate our understanding of the external auditing services required as well as our unique qualifications for successfully servicing BOCES.

While the contents of this proposal will illustrate in detail our understanding of and approach to the auditing services required by BOCES, we would like to highlight a few key elements:

- MMB + CO has a deep understanding of governments that comes from providing audit and consulting services to New York State school districts and BOCES for more than 60 years. Over this time, we have developed a strong track record for anticipating and responding to the needs of these governments.
- We understand the public sphere in which BOCES operate, including the extent of oversight by State and federal agencies, and in some cases, scrutiny by the press. While our professional responsibility is to the Board, we strive to work with management to ensure high quality financial reporting and compliance.
- We agree to perform these services within the specified timeframes assuming no delays occur that are beyond our control.

Please review the attached proposal, stated as a firm and irrevocable offer for the fiscal years ending June 30, 2025, with the option of performing similar services for each of the four subsequent fiscal years, which outlines our firm's profile, qualifications, approach to the audit and fee structure. If you have any questions regarding the information contained in the proposal or on any other matter, please contact us.

We are available, at your convenience, to meet with you to discuss any questions you may have and to demonstrate our sincere interest to serve BOCES. As a firm that is committed to the highest level of service, we look forward to our mutually successful relationship with BOCES.

Very truly yours,

# INDEPENDENCE

# INDEPENDENCE

## AUDIT INDEPENDENCE

Not only do we have to ensure that MMB remains independent of our audit clients; we also have to ensure that we are perceived to be independent by any readers of your financial statements. We therefore have a number of safeguards in place to ensure this is the case.

As your audit partner, it will be Tom's responsibility to authorize all services that we are asked to provide to you. If any of our staff believe that they might be conflicted, they have duty to make the circumstances known to the partners. Any staff with financial, business or personal relationships with you will not be allowed to be part of the audit team.

In addition, our Firm completes a full client independence questionnaire on an annual basis to ensure no conflicts arise in future years. The firm fully complies with the auditing profession's ethical standards on independence.

MMB has not had any professional relationships involving the Participants during the past five (5) years, other than being the independent Auditors, therefore, there are no relationships that constitute a conflict of interest relative to performing the proposed engagement. Independence is a priority to MMB, as it is reviewed on an annual basis firm-wide.

## AUDIT SCOPE AND UNDERSTANDING

In response to your request, we are pleased to confirm the scope of our proposal to perform the external audit of the financial statements, Federal Financial Assistance Programs as required under the Federal Single Audit Act of 1984, as amended in 1996 and the Uniform Guidance, and the Extraclassroom Activity Funds as of year ending June 30, 2025, with the option of performing similar services for each of the four subsequent fiscal years. Our audits will be conducted in accordance with U.S. Generally Accepted Auditing Standards; the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the Single Audit Act of 1984, as amended in 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major program(s) in accordance with the Uniform Guidance, and other procedures we consider necessary to enable us to express such an opinion and to render the required reports. If our opinion on the financial statements or the Single Audit compliance opinion is other than unqualified, we will fully discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

## REPORTING REQUIREMENTS

The following reports will be submitted to BOCES as part of the overall reporting package:

- An audit opinion with accompanying financial statements and notes for the Extra classroom Activity Funds.
- An audit opinion with accompanying financial statements and notes for Single Audit programs.

- Annual presentation of the above to BOCES or School District's Board of Education and Audit Committee at a regularly scheduled public meeting.

## APPROACH AND METHODOLOGY

Our audit methodology is based on a comprehensive audit program developed utilizing industry audit guides and professional reference material primarily from CCH. Our work plan includes a detailed study of your internal controls, testing of transactions, analytical analysis and substantive procedures as required. In planning and assessing risk, the audit will require that we review and understand such things as your budget, organizational charts, financial reporting and your computer system.

Our audit plan encompasses a risk-based approach which places great emphasis on looking not only at the accounting transactions but the underlying operation and substance of BOCES and those transactions. In order to properly design our audit approach, we will communicate with various personnel to ensure a truly effective approach is designed for BOCES.

We are extremely sensitive to not only the needs of your audit but also to the individuals we will be working directly with to ensure we will provide an effective and efficient audit with minimum disruption to BOCES and staff.

We will establish an entrance conference with Management to review and discuss the nature, approach and timing of our audit process. We will provide a summary worksheet of the type of information we will be requesting for the internal control review and year end phases of our audit.

# EXTERNAL AUDIT APPROACH

# EXTERNAL AUDIT APPROACH

## COMPUTER APPLICATION

The firm has made a commitment and investment to computerize our audit workpapers which is tailored to each client's needs. This has greatly reduced the redundant workpaper preparation and enhanced our efficiency on each audit.

## SAMPLING

The samples we select will be representative of the population in which all items in the population will have an opportunity to be selected. Our methods will include statistical sampling such as random number sampling, systematic sampling and haphazard sampling. Once our review of your internal accounting control procedures is complete, we may elect to expand our samples accordingly. We will also provide test transactions to be entered into your accounting system to provide assurance that your accounting software processes transactions appropriately.

## ANALYTICAL PROCEDURES

Analytical procedures will be used in the planning stage, as a substantive procedure and in the final review stage of the audit.

## INTERNAL CONTROLS

Our approach to gain an understanding of your internal control structure will include questionnaires, flow charts, interviews with employees and testing of transactions. Our audit program has a series of procedures required to be completed that specifically address laws and regulations that will be subject to audit testing. Our audit sample includes target testing which is for the purpose of compliance.

## EMERGING ISSUES

The Governmental Accounting Standards Board has issued an exposure draft titled the Financial Reporting Model Improvements. The objective of this proposal would be to improve the effectiveness of the Financial Statements in providing certain information to its users. Districts and BOCES will need to begin to prepare for this change and will need to educate their board members on the impact of this change.

Recent events have created inflationary challenges for school districts that will impact the supply chain cost of material and supplies, cost of labor as well as the tax Cap calculations. Schools will need to navigate these challenges through their long-term planning process and understand the impact of the use of appropriated fund balance and reserve.

Through our commitment to NYS School Districts, MMB+CO has been involved in interpreting and understanding the above noted items through our work with the Public Schools Accounting Committee and the Governmental Accounting and Auditing Committee of the NYS Society of CPAs and we have positioned our selves to provide guidance and remain current on these issues.

## ADDITIONAL SERVICES

If requested, we can maintain and update your depreciation records for GASB reporting and assist you with the preparation of your Management's Discussion and Analysis (MD&A) for BOCES' Basic Financial Statements. We are also available to provide various training or consulting services throughout the year. Our partners, Directors and Managers provide various training relating to the following areas:

Our audit will be conducted in a preliminary, substantive testing, and compliance stage. Our audit plan and approach will be as follows:

- Student Activities Funds
- Year End Closing Procedures
- Bank Reconciliation
- Fund Balance Projection
- Tax Cap Calculation
- Forensic Auditing
- Cashflow projections

It should be noted that any additional services are closely monitored to ensure there is no violation of the independence requirement.

# EXTERNAL AUDIT APPROACH

## MANAGEMENT LETTER

Upon completion of the audits, we will submit a letter to management commenting in detail upon areas where we believe improvements may be made. Management letters provide an objective evaluation of the performance regarding industry norms and make concrete suggestions that we believe will contribute to the overall financial soundness of an organization. The guiding principle behind our management letters is to offer positive and constructive suggestions rather than to indulge in theory or criticism. The management letter will include the required communications to the Board of Directors of any significant deficiencies and/or material weaknesses in internal control, if any are noted.

## AUDIT ADMINISTRATION

We will provide an Executive Summary showing year over year comparisons for the Participating Districts' audit committees. In addition, we are available throughout the year to provide management advisory services to the extent which does not impair our independence, and we are available for phone consultation through-out the year at no charge.

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing. Many banks have engaged a third party to electronically process cash or debt audit confirmation requests, and a few of those banks have mandated the use of this service. To the extent applicable, the Participating Districts hereby authorize us to participate in this electronic confirmation process through the third party's Web site (e.g. by entering the Participating Districts bank account information to initiate the process and then accessing the bank's confirmation response) and agrees that we shall have no liability in connection therewith.

At the conclusion of the engagement, we will complete the appropriate sections of and sign the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package which contains the Data Collection Form, financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditors' reports, and/or a corrective action plan to the designated federal clearinghouse and, if appropriate, to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditors' reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audits.

We appreciate the opportunity to be of service to the Participating Districts and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please free to contact our office.

## SAMPLE OF PRIOR COMPLETED EXTERNAL AUDIT

In an effort to go green, sample audit reports can be found on each of the school districts websites listed in the client references section.

# QUALITY ASSURANCE

## MMB QUALITY ASSURANCE PROCEDURES

We recruit high quality people who are strong in their field and provide them with excellent working experiences and comprehensive training.

In order to monitor all staff members' development and ensure that our high standards are maintained, we have an internal staff development process to ensure that each person receives regular feedback, coaching, and performance evaluations to ensure our professionals are developing the skills commensurate with their responsibilities.

## IDENTIFICATION OF ANTICIPATED POTENTIAL AUDIT PROBLEMS

With proactive planning we would not anticipate any potential audit problems, however, should one occur, we will communicate with the appropriate level of management to ensure a satisfactory resolution is obtained.

## CONFIDENTIALITY

We confirm that where you give us confidential information, we shall at all times keep it confidential, except as required by law, regulation or professional pronouncements applicable to our engagement.

Very truly yours,

Our Firm has earned a reputation for high-quality service and delivering results that distinguish us in the marketplace. Our governmental client base comprises a very significant portion of our practice and we look forward to continuing our dedication to this industry in the future.

## MMB + CO's STRENGTHS

MMB built its reputation on a collaborative, service-oriented business philosophy and demonstrated commitment to quality, reliability, and responsiveness. Due to our exceptional service, we have retained clients since the Firm's inception and continue to service additional clients each year. Although we maintain lengthy client relationships, we continue to approach each client with skepticism and with their best interest in mind. As a reflection of our client service, our client retention percentage remains over 95%. The keys to our client service include:

- ▶ **Partnering Philosophy:** BOCES will receive the attention you deserve from MMB. As your audit, tax and general business consulting firm, we would make certain all financial reporting issues and changes in rules are brought to the attention of BOCES quickly so that any impact on the financial statements can be resolved on a timely basis. Our service delivery mindset is focused on business conversations with our clients. We don't just react to what should be done or speak in generalities; we get involved in your business, answer your questions and solve problems. We will collaborate with you to be an extra level of support.
- ▶ **Governmental Experience:** With over 36 devoted team members, including 7 partners, working within the MMB governmental Team, we share your commitment to the industry. Our dedicated governmental Service Team is well versed in dealing with the various complexities specific to the industry. With over 80 clients in this sector, we are committed to helping our clients succeed. As you will see on page 8, we carry a superior level of commitment and knowledge to the governmental industry.
- ▶ **Responsiveness and Accessibility to Partners:** MMB is not burdened by the bureaucratic hierarchy and multiple layers of larger organizations. This equates to direct and swift turnaround from our Rochester office for complex questions and issues. Your engagement partner, Thomas Zuber, will be your central point of contact for continuing advice and counsel and to efficiently resolve issues as they arise. MMB built its reputation on a collaborative, service-oriented business philosophy and demonstrates commitment to quality, reliability, and responsiveness. Our excellent staff-to-partner ratio, one of the lowest in the industry, assures you will receive extensive partner involvement. In addition, our professional culture, distinctive style, and values set us apart and enable us to retain client relationships that have spanned decades. Our philosophy is to work with our clients to resolve issues and to assist in implementing changing accounting and tax rules and regulations.
- ▶ **Stability of Staff:** You will be working with our professional staff who are experienced in performing audits of governmental organizations. We have made a commitment to maintain higher staffing levels year-round in order to meet the needs of our clients who may require assistance with projects throughout the year. In addition, because of the inconvenience to our clients, we have made significant efforts to keep our staff turnover to a minimum. MMB has one of the lowest turnover ratios in the industry. We strive to attract and retain the best and brightest to the Firm and keep them here working with you.
- ▶ **We Value Your Future:** Regardless of the industries in which our firm provides internal services, our core value remains consistent. This is evident by the statement we live by each and every day: *We Value Your Future*. This motto pertains to three distinctive areas of our business: our employees, our clients, and our community. By integrating these three areas through relationships, education, and dedication to the highest standards, we are able to create a firm based on integrity. Working with BOCES allows our Firm to align ourselves with others who share this same core value and for that reason, we are sincerely interested in providing services to BOCES.

## MMB + CO's STRENGTHS

- ▶ **Diversity, Equity, and Inclusion:** MMB actively embraces and encourages diversity, equity, and inclusion. We feel embracing individual diversity brings a sense of creativity to our workplace. Effectively serving clients from all backgrounds allows MMB to gain additional knowledge and encourages all employees to celebrate cultural differences. Our Diversity, Equity and Inclusion Committee strongly believes in spreading awareness surrounding diversity and is committed to nurturing an environment of fairness and equal treatment to all, regardless of religion or race. More notably, they developed an Accounting Diversity Scholarship Program. This aims to provide financial assistance to minority students seeking to pursue a career in accounting, as this field has been historically under-represented by the minority community. Through this program, our firm is helping to change the statistics and help a community of students work towards their dreams. As a Firm, we are substantially ahead of the industry average as it relates to the number of females and/or individuals of color, comprised of approximately 50% of our staff members.
- ▶ **Dedication to Quality Control:** The growth and strength of our Firm has been and will continue to be based on delivery of the highest quality professional service. We devote substantial financial and human resources to assure the services we deliver to clients are done so in a cost effective and quality manner. We are members of the AICPA's Peer Review Program, which requires peer reviews to ensure compliance with stringent quality control standards set by the AICPA to foster quality performance. This process involves engaging an outside accounting firm to conduct a review of our internal procedures every three years. Each of our peer reviews, including our most recent peer review which was completed as required in September 2021, has resulted in a pass rating. (See Attachment I.) In addition, we conduct our own internal peer review annually.
- ▶ **Commitment to Education:** As part of our commitment to public school accounting and auditing, our partners and managers continually conduct training seminars for board members, superintendents, business officials, claims auditors and extraclassroom advisors. A partial listing of the various local and state wide training our team provide, and affiliated organizations we work with are listed on the next page. In addition, we attend many of the local ASBO meetings and events to be available to our clients in which we share information on changes and updated to accounting and auditing standards as well as current events and trends we are seeing in the public school district industry.
