**MEMORANDUM OF AGREEMENT
BETWEEN THE NAPLES CENTRAL SCHOOL DISTRICT
AND THE NAPLES TEACHERS' ASSOCIATION**

WHEREAS, the Naples Central School District (hereinafter referred to as, "District") and the Naples Teachers' Association (hereinafter referred to as, "Association") have agreed to a Collective Bargaining Agreement (hereinafter referred to as, "CBA") that will be effective from July 1, 2024 through June 30, 2028; and

WHEREAS, Article IV, Section F of the CBA discusses attendance recognition; and

WHEREAS, the Parties noticed a discrepancy in the amount of accumulated days; and

WHEREAS, the District and the Association have met and discussed the issue and believe the following is in the best interests of the Parties.

THEREFORE, the parties agree to the following:

1. Article IV, Section F shall be updated as follows (language in **bold** shall be added and language ~~crossed-out~~ shall be deleted):

F. Attendance Recognition

Compensation will be paid by the district to unit members who have accumulated over ~~175~~ **180** days of sick leave at a rate of \$50 per day payable at the end of the fiscal year (June 30) or in the first pay period in July. Payment will be made for each day of accumulated sick leave held by the unit member as of the last day of school, in excess of ~~175~~ **180** days.

2. This change will become effective immediately, and be incorporated into the successor to the 2024-2028 CBA.

3. This Memorandum of Agreement shall represent the full and complete agreement between the parties and no other claims, actions or proceedings of any kind whatsoever will be commenced by any of the parties hereto.

4. This Memorandum of Agreement does not establish a precedent or constitute a past practice between the parties, unless stated herein.

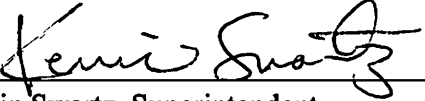

5. Both parties enter this Memorandum of Agreement, knowingly, freely without coercion.

6. Signatures below indicate all parties being duly authorized have read the foregoing and enter into this Memorandum of Agreement.

7. Should any provisions of this Memorandum of Agreement be declared or determined by any court or reviewing officer or entity to be illegal or invalid, the validity of the remaining provisions shall not be affected thereby and the illegal or invalid provision shall be severed from

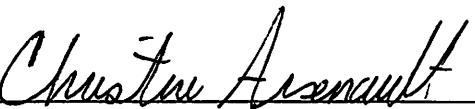

this Memorandum of Agreement, provided severance of the invalid or illegal provision does not defeat the intent of the parties as reflected in this Memorandum of Agreement.

SUBJECT: DISTRICT INVESTMENTS

Whenever the District has funds (including operating funds, reserve funds and proceeds of obligations) that exceed those necessary to meet current expenses, the Board of Education authorizes and directs the Assistant Superintendent for Business and Operations to invest such funds in accordance with state and federal laws and regulations and in conformity with the guidelines established by this policy.

The Assistant Superintendent for Business and Operations is responsible for the oversight and administration of the District's investments and must establish written procedures for the operation of the investment program consistent with law and with this Policy. The written procedures should at a minimum (as set forth in New York General Municipal Law §39): (a) a list of permitted types of investments; (b) procedures and provisions to secure the District's financial interests in investments; (c) standards for written agreements pursuant to which investments are made; (d) procedures for the monitoring, control, deposit and retention of investments and collateral; (e) standards for security agreements and custodial agreements with banks and trust companies pursuant to which obligations and collateral are held; (f) standards for diversification of agreements; and (g) standards for the qualification of firms with whom the District transacts business.

The District's investment objectives are, in priority order, as follows:

- a) Investments shall be made in a manner so as to safeguard the funds of the School District; and
- b) Bank deposits shall be made in a manner so as to safeguard the funds of the School District.
- c) Investments shall be sufficiently liquid so as to allow funds to be available as needed to meet the obligations of the School District.
- d) Funds shall be invested in such a way as to earn the maximum yield possible given the first three investment objectives.

This policy shall be reviewed and re-adopted at least annually or whenever new investment legislation becomes law, as staff capabilities change, or whenever external or internal issues warrant modification.

SUBJECT: ENTITLEMENT TO ATTEND – AGE AND RESIDENCY

Entitlement to Attend

All persons residing within the District who are between the ages of five (5) years and twenty-one (21) years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six (6) years of age on or before the first of December in any school year shall be required to attend full-time instruction from the first day that the District schools are in session in September of such school year, and a student who becomes six (6) years of age after the first of December in any school year shall be required to attend full-time instruction from the first day of session in the following September. Each student shall be required to remain in attendance until the last day of session in the school year in which the student becomes sixteen (16) years of age.

**Additionally, any student from sixteen (16) to seventeen (17) years of age who is not employed will be required to attend full-time instruction until the end of the school year in which such student turns seventeen (17) years of age.*

Evidence of a prospective student's age and residency must be presented in such form as is permitted by state and federal law and regulation.

Determination of Student Residency

"Residence", for purposes of this policy, is established by a child's physical presence as an inhabitant within the District and his/her intent to resident in the District.

A child's residence is presumed to be that of his/her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two (2) households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his/her parents or legal guardians may be rebutted upon demonstration that custody of such child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his/her parents or legal guardians may also be rebutted upon demonstration that such child is an emancipated minor. To establish emancipation, a minor may submit documentation of his/her means of support, proof of residency and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his/her parents or persons in parental relation.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)

Notwithstanding the foregoing, all determinations of student residency will be made consistent with applicable state and federal laws and regulations.

Undocumented Children

The District is mindful that undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request or require on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation and/or information regarding or tending to reveal the immigration status of a child, a child's parent(s) or the person(s) in parental relation. In the event the District is required to collect such information, the District will do so after the child has been enrolled. In no instance will such information be required as a condition of enrollment or continued attendance.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. However, the District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

Homeless Children

Determinations regarding whether a child is entitled to attend the District's schools as a homeless child or youth will be made in accordance with Section 100.2(x) of the Commissioner's Regulations, as well as applicable District policy and regulation.

SUBJECT: ENTITLEMENT TO ATTEND – AGE AND RESIDENCY

Entitlement to Attend

All persons residing within the District who are between the ages of five (5) years and twenty-one (21) years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six (6) years of age on or before the first of December in any school year shall be required to attend full-time instruction from the first day that the District schools are in session in September of such school year, and a student who becomes six (6) years of age after the first of December in any school year shall be required to attend full-time instruction from the first day of session in the following September. Each student shall be required to remain in attendance until the last day of session in the school year in which the student becomes sixteen (16) years of age.

**Additionally, any student from sixteen (16) to seventeen (17) years of age who is not employed will be required to attend full-time instruction until the end of the school year in which such student turns seventeen (17) years of age.*

Evidence of a prospective student's age and residency must be presented in such form as is permitted by state and federal law and regulation.

Determination of Student Residency

"Residence", for purposes of this policy, is established by a child's physical presence as an inhabitant within the District and his/her intent to resident in the District.

A child's residence is presumed to be that of his/her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two (2) households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his/her parents or legal guardians may be rebutted upon demonstration that custody of such child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his/her parents or legal guardians may also be rebutted upon demonstration that such child is an emancipated minor. To establish emancipation, a minor may submit documentation of his/her means of support, proof of residency and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his/her parents or persons in parental relation.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)

Notwithstanding the foregoing, all determinations of student residency will be made consistent with applicable state and federal laws and regulations.

Undocumented Children

The District is mindful that undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request or require on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation and/or information regarding or tending to reveal the immigration status of a child, a child's parent(s) or the person(s) in parental relation. In the event the District is required to collect such information, the District will do so after the child has been enrolled. In no instance will such information be required as a condition of enrollment or continued attendance.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. However, the District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

Homeless Children

Determinations regarding whether a child is entitled to attend the District's schools as a homeless child or youth will be made in accordance with Section 100.2(x) of the Commissioner's Regulations, as well as applicable District policy and regulation.

SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY

The Board of Education seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. Using personal electronic devices during instructional time can enable students to explore new concepts, personalize their learning experience and expand their global learning opportunities. Additionally, the use of personal technology devices is ubiquitous in today's society and standards for student use during non-instructional time should adapt to this change. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's *Code of Conduct*, and the Dignity for All Students Act.

Personal technology includes all existing and emerging technology devices that can take photographs; record or play audio or video; input text; upload and download media; connect to or receive information from the internet; and transmit or receive messages, telephone calls or images. Examples of personal technology includes, but are not limited to, iPods and MP3 players; iPad, Nook, Kindle, and other tablet PCs; laptop and netbook computers; personal digital assistants (PDAs), cell phones and smart phones such as BlackBerry, iPhone, or Droid, as well as any device with similar capabilities. Unacceptable devices shall include, but are not limited to, gaming devices or consoles, laser pointers, modems or routers, and televisions.

Instructional Uses

Instructional purposes include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework and other activities as deemed appropriate by school staff.

Personal technology use by students is permitted during the school day for educational purposes and/or in approved locations only. Teachers will indicate when and if classroom use is acceptable. Students are expected to act responsibly and thoughtfully when using technology resources. Students bear the burden of responsibility to inquire with school administrators and/or teachers when they are unsure of the permissibility of a particular use of technology prior to engaging in such use.

Non-Instructional Uses

Appropriate use of personal technology during non-instructional time is also allowed if students follow the guidelines in the AUP and *Code of Conduct*. Non-instructional use includes texting, calling and otherwise communicating with others during free periods and in common areas of the school

building such as the hallways, cafeteria, study halls, buses and student lounges. Other non-instructional uses may include such things as Internet searches, reading, listening to music, and watching videos. This use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must be in silent mode to avoid disrupting others.

Liability

The District shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to School. The District reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy.

Prohibition during State Assessments

All students are prohibited from bringing electronic devices into a classroom or other location where a New York State assessment is being administered. Test proctors, test monitors and school officials shall have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

Students with disabilities may use certain devices if the device is specified in that student's IEP or 504 plan or a student has provided medical documentation that they require the device during testing.

Permission

Students will not be permitted to use personal technology devices in school or at school functions until they have reviewed the AUP, the applicable sections of the *Code of Conduct* and associated technology guidelines, and signed the Student Use of Personal Technology (#7000F) Permission Form with their parents. The District reserves the right to restrict student use of District-owned technologies and personal technology on school property or at school-sponsored events, at the discretion of the administration.

Students must follow the guidelines for use set out in the District *Code of Conduct* and the Acceptable Use Policy at all times. Consequences for misuse will follow guidelines in the District's *Code of Conduct*. The District will develop regulations for the implementation of this policy that shall include, but are not limited to, instructional use, non-instructional use, liability, bullying and cyberbullying, and privacy issues.

Subject: Student Use of Internet-Enabled Devices During School Day

Policy #7316

This policy, adopted by the Naples Central School District Board of Education, establishes a District-wide prohibition on student use of personal internet-enabled devices during the school day, in accordance with applicable law and regulations.

“Internet-Enabled Devices” shall mean any device capable of connecting to the internet and enabling the user to access content on the internet, including but not limited to social media applications. Such devices shall include, but not be limited to smartphones, tablets, smartwatches, laptops, and other portable electronic communication or computing devices. Internet-enabled devices supplied by the School District that are used for an educational purpose are not included in this definition.

“School Day” shall mean the entirety of every instructional day, including during instructional and non-instructional time, including but not limited to homeroom periods, lunch, recess, study hall and passing time. This school day definition does not include any afterschool/activity periods.

“School Grounds” shall mean in or on or within any building, structure, athletic playing field, playground, or land contained within the real property boundary line of the District. Per New York State Law, students are prohibited from using internet-enabled devices on school grounds during the school day, except as expressly permitted under the exceptions outlined in this policy.

Mode of Parent Contact

Should parents need to contact their child during the school day, they may do so by calling the main office of their child’s school. Contact numbers are as follows:

Naples Elementary School: 374-7952

Naples High School: 374-7906

Students in grades 7-12 may also contact parents (and vice-versa) via email. NCS provides school devices (permitted by law) with email capability.

Classroom phones may also be utilized for essential communications though students must receive direct permission from their teacher for each instance of use.

Parents of students who attend alternative programming outside of the Naples School district should contact the office of their particular program should they need a message relayed or utilize email.

Messaging will be relayed to the student either directly or through the child’s teacher as soon as reasonably possible based on the circumstances. While email to school staff can also be used to communicate information, a direct telephone call ensures the most expedited response. Written notification detailing how parents or persons in parental relation to a student may contact students

during the school day shall be provided to parents or persons in parental relation to a student at the beginning of each school year and upon enrollment.

Management and Enforcement Procedures

Each school building will develop procedures which align to this policy and the district code of conduct regarding the prohibition of internet-enabled devices. These procedures will be shared with students and families at the beginning of each school year.

The district will provide one or more methods for on-site storage during the school day, which will include, but not be limited to, student lockers. The NCS Code of Conduct and Student Handbooks will further define expectations regarding internet-enabled devices.

Students who violate this policy may be subject to disciplinary penalties pursuant to the District's Code of Conduct and subject to applicable law and regulations. Progressive discipline or restorative practices may be used in cases of repeated violations, consistent with the Code.

Exemptions

Student use of an internet-enabled device during the school day on school grounds may be authorized in the following limited circumstances by the appropriate school official:

- a. Educational Use: If authorized by a teacher, principal, or the District for a specific educational purpose.
- b. Health & ~~amp~~ Safety: Where necessary for managing a student's healthcare, or in the event of an emergency.
- c. Language Needs: When needed by a student for translation services.
- d. Student Caregivers: On a case-by-case basis for a student caregiver who is routinely responsible for the care and wellbeing of a family member. Such use will be permitted only upon review and determination by a school psychologist, school social worker, or school counselor.
- e. Legal Requirements: When the use of such devices is required by law.
- f. 504/IEP Plans: Nothing in this policy is intended to prohibit or otherwise limit a student's use of an internet-enabled device where such use is included in the student's Individualized Education Program (IEP) or Section 504 Plan.

Accessibility and Language Access

This policy shall be clearly posted and accessible on the District's website. Upon request by a student, parent, or person in parental relation to a student, a translation of this policy into any of the twelve

most common non-English languages spoken by limited-English proficient individuals in New York State shall be provided.

Liability

The district shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to school. The district reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

Prohibition during State Assessments

All students are prohibited from being in possession of electronic or internet-abled devices into a classroom or other location where at New York State assessment is being administered. Test proctors, monitors, and school officials shall have the right to collect prohibited electronic or internet-abled devices prior to the start of the test and hold them (including break periods). Students may face consequences for violation of the school code of conduct regarding internet-abled devices in school should issues occur during a New York State assessment. Admission to any assessment will be denied should a student refuse to relinquish the prohibited device.

Students with disabilities may use certain devices if the device is specified in the students IEP or 504 plan or if a student has provided medical documentation that they require the device during testing.

Permissions

To utilize permitted internet-abled devices, students will be required to review and sign (with parents) the Naples CSD Student Responsible/Acceptable Use Policy Agreement form. Students and families shall also review the applicable sections of the *NCS Code of Conduct* and student handbooks. The District reserves the right to restrict student use of district and/or personal technology on school property or at school-sponsored events, at the discretion of administration.

Regulations

The Board authorizes and directs the Superintendent of Schools to establish regulations implementing this policy.

Other non-instructional uses may include such things as Internet searches, reading, listening to music, and watching videos. This use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must be in silent mode to avoid disrupting others.~~

Liability

~~—The District shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to School. The District reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.~~

~~—The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy.~~

Prohibition during State Assessments

SUBJECT: STUDENT USE OF INTERNET-ENABLED DEVICES DURING SCHOOL DAY

This policy, adopted by the Naples Central School District Board of Education, establishes a District-wide prohibition on student use of personal internet-enabled devices during the school day, in accordance with applicable law and regulations.

"Internet-Enabled Devices" shall mean any device capable of connecting to the internet and enabling the user to access content on the internet, including but not limited to social media applications. Such devices shall include, but not be limited to smart phones, tablets, smartwatches, laptops, and other portable electronic communication or computing devices. Internet-enabled devices supplied by the School District that are used for an educational purpose are not included in this definition.

"School Day" shall mean the entirety of every instructional day, including during instructional and non-instructional time, including but not limited to homeroom periods, lunch, recess, study hall and passing time. This school day definition does not include any afterschool/activity periods.

"School Grounds" shall mean in or on or within any building, structure, athletic playing field, playground, or land contained within the real property boundary line of the District. Per New York State Law, students are prohibited from using internet-enabled devices on school grounds during the school day, except as expressly permitted under the exceptions outlined in this policy.

Mode of Parent Contact

Should parents need to contact their child during the school day, they may do so by calling the main office of their child's school. Contact numbers are as follows:

Naples Elementary School: 374-7952

Naples High School: 374-7906

Students in grades 7-12 may also contact parents (and vice-versa) via email. NCS provides school devices (permitted by law) with email capability.

Classroom phones may also be utilized for essential communications though students must receive direct permission from their teacher for each instance of use.

Parents of students who attend alternative programming outside of the Naples School district should contact the office of their particular program should they need a message relayed or utilize email.

SUBJECT: STUDENT USE OF INTERNET-ENABLED DEVICES DURING SCHOOL DAY (Cont'd.)

Messaging will be relayed to the student either directly or through the child's teacher as soon as reasonably possible based on the circumstances. While email to school staff can also be used to communicate information, a direct telephone call ensures the most expedited response. Written notification detailing how parents or persons in parental relation to a student may contact students during the school day shall be provided to parents or persons in parental relation to a student at the beginning of each school year and upon enrollment.

Management and Enforcement Procedures

Each school building will develop procedures which align to this policy and the district code of conduct regarding the prohibition of internet-enabled devices. These procedures will be shared with students and families at the beginning of each school year.

The district will provide one or more methods for on-site storage during the school day, which will include, but not be limited to, student lockers. The NCS Code of Conduct and Student Handbooks will further define expectations regarding internet-enabled devices.

Students who violate this policy may be subject to disciplinary penalties pursuant to the District's Code of Conduct and subject to applicable law and regulations. Progressive discipline or restorative practices may be used in cases of repeated violations, consistent with the Code.

Exemptions

Student use of an internet-enabled device during the school day on school grounds may be authorized in the following limited circumstances by the appropriate school official:

- a. Educational Use: If authorized by a teacher, principal, or the District for a specific educational purpose.
- b. Health & Safety: Where necessary for managing a student's healthcare, or in the event of an emergency.
- c. Language Needs: When needed by a student for translation services.
- d. Student Caregivers: On a case-by-case basis for a student caregiver who is routinely responsible for the care and wellbeing of a family member. Such use will be permitted only upon review and determination by a school psychologist, school social worker, or school counselor.

- e. Legal Requirements: When the use of such devices is required by law.
- f. 504/IEP Plans: Nothing in this policy is intended to prohibit or otherwise limit a student's use of an internet-enabled device where such use is included in the student's Individualized Education Program (IEP) or Section 504 Plan.

Accessibility and Language Access

This policy shall be clearly posted and accessible on the District's website. Upon request by a student, parent, or person in parental relation to a student, a translation of this policy into any of the twelve most common non-English languages spoken by limited-English proficient individuals in New York State shall be provided.

Liability

The district shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to school. The district reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

Prohibition during State Assessments

All students are prohibited from bringing electronic or internet-enabled devices into a classroom or other location where a New York State assessment is being administered. Test proctors, monitors, and school officials shall have the right to collect prohibited electronic or internet-enabled devices prior to the start of the test and hold them (including break periods). Students may face consequences for violation of the school code of conduct regarding internet-enabled devices in school should issues occur during a New York State assessment. Admission to any assessment will be denied should a student refuse to relinquish the prohibited device.

Students with disabilities may use certain devices if the device is specified in the student's IEP or 504 plan or if a student has provided medical documentation that they require the device during testing.

Permissions

To utilize permitted internet-abled devices, students will be required to review and sign (with parents) the Naples CSD Student Responsible/ Acceptable Use Policy Agreement form. Students and families shall also review the applicable sections of the NCS Code of Conduct and student handbooks. The District reserves the right to restrict student use of district and/or personal technology on school property or at school-sponsored events, at the discretion of administration.

Regulations

The Board authorizes and directs the Superintendent of Schools to establish regulations implementing this policy.

SUBJECT: STUDENT GENDER IDENTITY

All students need a safe and supportive educational environment to progress academically and developmentally. The District is committed to fostering a safe learning environment for all students, free from discrimination and harassment on the basis of sex, gender, gender identity, gender nonconformity, and gender expression. In accordance with applicable law, regulations, and guidelines, the District will ensure that students have equal access to all school programs, facilities, and activities. The District will assess and address the specific needs of each student on a case-by-case basis.

Key Terms

Generally, District personnel should use the language that individual students are using to describe their own gender identity, appearance, or behavior. The most commonly used terms are:

Cisgender: a person whose gender identity corresponds to their assigned sex at birth.

Gender: actual or perceived sex, typically with reference to social and cultural differences rather than physiological ones.

Gender expression: the ways a person conveys their gender identity to others, such as through behavior, appearance, clothing, hairstyle, activities, voice, and mannerisms.

Gender identity: a person's inner sense or psychological knowledge of being male, female, neither, or both.

Gender nonconforming (GNC): describes someone whose gender identity or gender expression does not conform to social or stereotypical expectations of a person with that gender assigned at birth. This is also referred to as gender variant or gender atypical.

Transgender: someone whose gender identity is different than their gender assigned at birth.

Transition: the process by which a person socially or physically aligns their gender expression more closely to their gender identity than their assigned sex at birth.

Records

As required by law, the District will maintain the confidentiality of student information and records. If a transgender or GNC student has officially changed his or her name, as demonstrated by court order or birth certificate, the District will change its official and unofficial records, as needed, to reflect the change. The District will maintain records with the student's assigned birth name in a separate, confidential file.

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

If a transgender or GNC student has not officially changed his or her name, but wishes to be referred to by a different name that corresponds to their gender identity, the District may create or change unofficial records to reflect the name and gender identity that the student consistently asserts at school. On state standardized tests, certain reports to the New York State Education Department, and when necessary to ensure appropriate and coordinated medical care, however, the District will use the student's legal name and gender. Any student identification cards will be issued with the name reflecting the gender identity the student consistently asserts at school. The District will maintain records with the student's assigned birth name and gender in a separate, confidential file.

Names and Pronouns

When apprised of a student's transgender or GNC status, the District will endeavor to engage the student and his or her parents or guardians, as appropriate, in an effort to agree upon a plan that will accommodate the student's individual needs at school. Transgender and GNC students have the right to discuss and convey their gender identity and expression openly and to decide when, with whom, and how much to share this confidential information. The plan may therefore include when and how to initiate the student's preferred name and associated pronoun use and if, when, and how this is communicated to others. District staff will use the name and pronoun that corresponds to the gender identity the student consistently asserts at school.

Restrooms and Locker Rooms

The District will allow a transgender or GNC student to use the restroom and locker room that corresponds to the student's consistently expressed gender identity at school. Any student requesting increased privacy or other accommodations when using bathrooms or locker rooms will be provided with a safe and adequate alternative, but they will not be required to use that alternative.

Physical Education and Sports

Physical education is a required part of the District's curriculum. Where these classes are sex-segregated, students will be allowed to participate in a manner consistent with their gender identity. Students will likewise be allowed to participate in intramural activities consistent with their gender identity.

Upon written notification that a transgender or GNC student would like an opportunity to participate in the District's interscholastic athletics program consistent with his or her gender identity, the District will determine his or her eligibility in accordance with applicable law, regulations, and guidelines. The District will confirm the student's asserted gender identity with documentation it considers appropriate from a parent/guardian, counselor, doctor, psychologist, psychiatrist, or other medical professionals. The student's gender identity should be the same as the identity used for District registration and other school purposes.

The District's athletic director will notify opposing team athletic directors or the New York State Public High School Athletic Association if a student needs any accommodations during competitions. Any appeal regarding the District's eligibility decision will be directly to the Commissioner of Education.

Other Activities

Generally, in other circumstances where students may be sex-segregated, such as overnight field trips, students may be permitted to participate in accordance with the gender identity that the student consistently asserts at school. Student privacy concerns will be addressed individually and on a case-by-case basis in accordance with District policy and applicable law, regulations, and guidelines.

Dress Code and Team Uniforms

Transgender or GNC students may dress in accordance with their gender identity or expression, within the parameters of the District's dress code. The District will not restrict students' clothing or appearance on the basis of gender.

The District's dress code applies while its athletes are traveling to and from athletic contests. Athletes will have access to uniforms that are appropriate for their sport.

To: Kevin Swartz-- Superintendent, Chad Hunt -- School Business Administrator,
Naples Board of Education

From: Deena Kingston – Food Service Director

Date: 06/12/2025

RE: Adult Lunch/Breakfast Price

I recommend implementing the following changes to the Adult Lunch Price policy at Naples Central Schools:

1. Increase Adult Lunch Meals from \$5.02 to \$5.45 plus tax for the 2025-2026 SY
2. Increase Adult Breakfast Meal Price from \$2.71 to \$3.25 plus tax for the 2025-2026 SY
3. Adult prices have not been raised since the 2021-2022 SY. The costs of food and supplies continue to increase. This is a step to keep in budget and keep with the current economical times.

Thank You,

Deena Kingston
