Welcome To Ride 360

In our world of new technology,we would like to share new ways of letting you know more information about your child when they are on the bus.Our new transportation software can do just that, we would like to introduce you to our new ride 360 app.

After setting up your app on your mobile device,only you or who you choose to share it with, will be able to see relevant transportation information about your child. Some examples are: Drivers name,bus stops,time the bus will be arriving, phone number information that we have on file.

Enclosed you will find information about how to set up the ride 360 app,and how to find information about your child in the Naples Central School website under the schooltool tab.

If you choose to use this app, we would like to hear from you on how the experience of it is. Feel free to call the number above or e-mail us jschenk@naplescsd.org or pelwell@naplescsd.org

 As Naples is a beautiful town,we are aware that the rolling hills do interfere with the signals on the gps, please let us know if this is something you experience with the app.

We look forward to hearing from you, and hope you enjoy the ride 360.

Thank you
